Marion-Twp. Sidelights

By Joel Snyder

There has been much discussion for and against Marion Twp. annexing to the city of Columbus. I had a call last week from an interested reader who questioned the Citizens Association's views on the situation. As the owner of a small business, he seemed to favor annexing to the city, although he admitted that it was only his private opinion.

In clearing the boards, I told him what this township needed is MORE private opinions and invited him to attend the association meetings and express himself. He was hesitant to promise that he would accept the invitation, as he said it didn't make that much difference to him.

I was very glad he called, however, as I told him. He was from a neighborhood which until now has shown very little interest in the Citizens Association. I suggested that he round up some others who are interested in the welfare of the community and attend the next meeting.

He made a suggestion which I told him I would pass on to the readers for what it's worth. He did not want me to use his name.

He suggested that the residents of Marion Township patronize the businesses in the township whenever possible rather than hop into Columbus for what they want to buy. I agreed that his suggestion was a reasonable one and I expressed my surprise at his insinuation.

Not being a business man, as I told the gentleman, I didn't claim to know much about it. It seemed to me that if goods were offered for sale in the neighborhood at a comparable price the same goods were sold for in Columbus, it would appear logical that the closest location would be preferred. As I told him, however, whether we were in Marion Twp. or in the city of Columbus, we couldn't change the customers' buying habits.

I went on, again acknowledging the fact that I didn't know anything about it, and made a suggestion of my own. I thought possibly a good idea would be to make our stores more inviting. By improving their appearance and making them acceptable to the eye and by attractive prices to make them alluring to the pocketbook, I hinted that the business people could increase their business without annexing to the city.

Nevertheless, I agree that whenever possible we should patronize our own stores and shops. What he had in mind I do not know, but Mr. X added that this was especially true of the township employees.

As far as the discussion about the virtues of annexing to the city of Columbus is concerned, we'd like to point out that the local government in Columbus has maintained for many years a reputation which could easily be described as clean and decent. In fact, for the most part, it has been conspicuously devoid of dishonesty and scandal at the higher levels. Being capable of remaining free of such libelous characteristics amid the many other cities of equal or even smaller size which have gone astray, Columbus' leaders in the past deserve appreciative praise from the citizens.

In paying this honest compliment to the city to our north, we'd like to also ask a question.

Who could say that a contributing factor has not been the fact that the city of Columbus has not been allowed to grow "too" large? Who can say that by limiting its boundaries, the city has not had a more efficiently managed government?

These things and many more were discussed at the Citizens Association Tuesday night, but the news of that meeting came in too late to be turned in with this week's copy. Next week in this column, we will tell what went on and how the members in attendance expressed themselves about this important issue.

Cub Scouts Enjoy Train Trip To Springfield

Members of Cub Scout Pack 31 at South Methodist Church were thrilled Tuesday, Mar. 30, when they took a ride on the New York Central Railroad from Springfield to Columbus as part of their monthly theme.

Accompanying the boys on their trip were Pack Chairman, Bert Jones; two den mothers, Mrs. Fred Wedemeyer and Mrs. Wayne Neff; three helpers, Carol Hunter and two Girl Scouts from Troop 208; and two prospective Cubs.

These ambitious boys are busy now collecting pictures for scrapbooks for Children's Hospital, also tax stamps and Gold Medal coupons.

The Cub Scouts and their dads have been invited to the Troop 31 Father and Son Banquet to be held at the church Apr 29 They are also making preparations for a booth at the Scout-O-Rama in May.

Deshler Avenue Gra-Y Club Enjoys Overnight-Camping Trip At Y Park

Members of the Deshler Avenue Gra-Y Club enjoyed an overnight camping trip to the South Side YMCA's Y-Park last week. The club is composed of boys from the fifth and sixth grades of Deshler Elementary School and is under the leadership of Philip Courtad, sixth grade teacher at Deshler, and the staff of the South Side YMCA.

After an evening of games, the boys told stories around the open fireplace in their log cabin and then climbed into their double bunks for the night. After breakfast the next morning, Big Walnut Creek was explored for two miles. Coon and rabbit tracks were found in the mud along the bank.

Club members attending the outing were Jerry Deauseau, Douglas Fillinger, Vernon Hassinger, Billy Snyder, Wendell Taylor, Jerry Meinrod, Mike Miller, Bill Burton, Dewey Grady, Bill Warren, Billy Zeallear, Ira Hartman, Tommy Woodworth, Robert Rockhold, Lee Paul Wemlinger, Ralph Campbell, Larry Mathew, Frances Smith, John Westlake and Philip Courtad, the club advisor.

45 Candidates Will Attend Pre-Primary Democratic Rally

Forty-five state and local candidates whose names will appear on the Democratic ballot in the May 4 primary election have been invited to appear at the pre-primary rally of the Franklin County Young Democratic Club at 8 p.m. today.

The meeting, which will be held in the Columbus Auditorium at 581 S. High-st, is expected to bring together candidates sparring for the same offices.

The office of lieutenant governor is being sought by George D. Nye of Waverly, who formerly held the post, Herbert S. Duffy of Columbus and by John Taylor, Salem.

Seeking the office of treasurer of state are former State Auditor Joseph T. Ferguson, John W. Donahey of Hudson and John J. Gallagher of Cleveland.

Two men, Paul F. Ward of Columbus and Walter U. Bolton of Newark, will run for the post of attorney-general.

Said A. W Mininni, president of the group, "The club is composed of 1300 members and a large attendance is anticipated."

Steelton Merchants Assn. Learns City Has OK'd Parsons-Av Lights

Members of the Steelton Merchants' Association learned at their monthly meeting last Tuesday evening in St. Ladislaus School that their request for new light fixtures on Parsons-av had been approved by the city and that installation should be well underway this coming summer.

Another highlight of the meeting was the appointment of Otto Meier as chairman of the South Side Carnival Committee. Members appointed to the committee for the Easter egg hunt on Saturday, Apr. 17, at Lincoln Park included Ernie Barta, chairman, and George Horvath, Sam Skunza, Frank Horvath, Bob Horowitz, Tom Rappold, Bill Findley and Lew Reeves.

It was suggested that members of the association arrange to have metal trash containers placed at selected spots in the Steelton area to further the spring cleanup campaign. Other problems concerning the betterment of the South Side will be considered at the May meeting, at which time reports of these projects will be forthcoming.

Three Big Easter Egg Hunts Planned For South Side Children

BUNNY BUSINESS—The four men above are shown discussing the plans for the Easter egg hunts to be held on Saturday, Apr. 17, at Schiller, Livingston, and Lincoln Parks for South Side children. Pictured, left to right, are Jerald Fedderson, director at Schiller Recreation Center; Frank Neubeck, of the Southeast Lions; Jim Wagner, of the Council of South Side Organizations; and William Morrison of the Southeast Lions.

The Easter Bunny will be a busy little fellow on the day before Easter as he distributes eggs at three diffrent locations on the South Side. All boys and girls from ages four through 11 are invited to one of the three big hunts to be held Saturday, Apr. 17, at 9 a.m. at Schiller Recreation Center, Livingston Park and Lincoln Park. These Easter egg hunts are sponsored jointly by local civic organizations, the Ohio State Journal, and the Columbus Recreation Department.

There will be at least 250 prize Easter eggs at each park, ranging in value from 10c to $5 in addition to many non-prize eggs so that all youngsters will be able to find some Easter eggs. A youngster will be permitted to cash-in on only one prize egg, but he will be able to keep as many non-prize eggs as he finds.

SCHILLER

As in the past, the Easter egg hunt at Schiller will be divided into two age groups. The 4, 5, 6, and 7-year-olds will hunt in an area separate from the 8, 9, 10, and 11-year-olds. It is requested that the younger age group assemble in the auditorium, while the older age group meets in the gymnasium.

All children should be in the center by 8:30 a. m. so that they can receive proper instructions before going outside for the hunt.

The Southeast Lions Club will furnish an additional 250 prize eggs so that each age group will have equal opportunity to find a prize egg. When the egg hunt is over, all children who find a prize egg will go into the gymnasium where they will receive money for their prize eggs. In addition to these prize eggs the Lions will have many additional eggs for the children.

Council Of Southside Organizations Lays Plans For July 4th Celebration

At the monthly meeting of the Council of Southside Organizations held last Thursday night, the plans for the annual community Fourth of July celebration to be held July 5 at Southview Park were approved.

The council also discussed final plans to conduct the Easter egg hunt at Livingston Park on Saturday at 9 a.m. The following council members will assist in the conduct of the hunt: James Wagner, Ernest Gerlack, Ralph Swisher, Harold Wilson, Edward Cobourn, Louis Dimel, Bob Achatz, Edward Brand, William Waldschmidt and Howard Storch.

Dr. W. C. Batchelor, who conducted the Batchelor Survey on community recreation in 1947, spoke to the council on the proposed recreation development at Southview.

Batchelor pointed out that this area was planned to be developed to serve three major purposes: (1) To serve as a major sports area and play field for South Side citizens; (2) To provide areas and facilities for city-wide athletic events such as a swimming pool, football, softball, and track and field; and (3) to provide playground facilities for the immediate community.

"Shut Down" Order To Trailer Park Operator

Judge Joseph Clifford of common pleas court ruled Saturday that Mrs. Audrey Rockhold, 504 Olpp-av, was guilty of contempt of court for continuing to operate a trailer camp at 2317 Groveport-pk. He gave her 30 days to have occupants vacate the park.

Judge Clifford blocked two efforts by Mrs. Rockhold's attorney, Kenneth Little, to allow her to continue operation.

Rockhold was given a 90-day jail sentence Feb. 16 by Justice of the Peace Jacob Becker for failing to obey a prior order to close the camp. He was released later on a writ of habeas corpus after Common Pleas Judge William C Bryant ruled that Squire Becker did not have jurisdiction in the case.

Little Want-Ad Packs Big Wallop!

Elmer Hixon, 1765 S. 20th-st, can very well testify that small classified ads in this newspaper carry a big punch.

Last week, Hixon advertised a used car for sale. The calls started early Thursday and continued throughout the week-end. He states that he received more than 25 phone calls—and demonstrated the car to three prospective customers at the same time. Needless to say, the car is sold!

This is just one of the many instances of the super-satisfactory results people are getting with want ads placed in this newspaper which goes into 32,000 homes.

If you have something for sale or rent, a service to offer or want to buy something, just call RA 1125 or GA 9262 to place your ad for next week's paper

A CALL FOR HELP

You May Spare Tot Agony Of Rabies Shots

It may be within your power to spare a pretty and scared little three-and-one - half - year-old South Side girl the agony of going through 14 painful rabies shots and bring peace of mind to her relatives who already have spent several sleepless nights.

Little Linda, daughter of Mr. and Mrs. Merritt Ransch, Greenlawn Trailer Park, 555 Greenlawn-av, is not only scared, she's also confused. It all happened so fast!

One moment shortly after noon Monday, she was happily playing in the backyard of her aunt, Mrs. June Hirtz, at 325 Jenkins-av; the next moment she was in tears. The dog she had reached out to pet bit her arm, and then scooted from the yard.

Next came the hurried trip to the doctor, the report of the board of health authorities that unless the dog could be examined and found free of rabies within 48 hours the painful series of rabies shoes would have to begin, and then the shots themselves started Tuesday afternoon.

Her aunt, with whom Linda stays while her parents work, saw the dog. She described him as black, about two feet tall, pointed and standing ears, tail curled over his back, black short hair on his body, with bushy hair on its tail. Mrs. Hirtz said the dog had a long, narrow face and wore a collar with flat copper-colored studs.

Board of health authorities have made it clear that nothing will happen to the dog unless it proves to have rabies. It must, however, be held under observation. Even a rapid inspection by a veterinarian can bring a reprieve from the shots to Linda.

If you own or have knowledge of the whereabouts of this dog, Linda's family requests that you telephone them at DI. 1047.

Moderator of the panel will be George C. Beery, superintendent of Franklin County Schools. Other participants will include Harold W. Boles, superintendent of Marion Local Schools. John Nippert, representing the Marion Township Citizens' Association, Louis B. Kaser, president of Marion Local Board of Education; Mrs. William H. Hicks representing the parents' viewpoint, and representatives of Citizens' Research and of Marion Twp industry. Following presentation of various phases of the problem by panel members, persons in the audience will be given an opportunity to ask questions.

This program is being sponsored by the Public Opinion Panel, a representative group of citizens which meets monthly, in cooperation with the Marion Local Board of Education and the superintendent of schools. Leo V. Gaffin is chairman of the sponsoring group.

The Gadabout

By Priscilla LaRue Dicke

Oh, what a gorgeous morning! Who could feel down-hearted when Nature displays her finery in such perfect fashion?

Five friends surprised Sarah Hughes on her Apr. 7 birthday. The five "surprisers" were Marge Hoptry, Mary Eichel, Mae Dean, Glenna Edwards and Priscilla Dicke. I'm for more surprises, when the refreshments include pizza pie. Sarah's daughter, Donna, was the one to engineer the party, and a fine pizza maker she is, too.

While attending Trudeau Guild 25's potluck meeting last Tuesday, we held our ear into several conversations and came up with several items for this column. One of the members, Georgia Cook, is vacationing in Arizona with her hubby, Paul. Two members of the Lincoln Park PTA group were very lucky to make the council meeting at Central last month. Seems that Louise Fulton discovered that trucks are pretty big and easy to slide into. Louise's passenger was the president of Lincoln's PTA, Isabelle Coslett. Two of the members who have April birthdays are Marge Boyd on the 5th and Maxine Crary, on the 29th. A last item from this meeting: Sarah Storts put a hot cup of coffee in the refrigerator for safe-keeping! But she's a nice gal, really!

Events that took place five years ago are being celebrated this week. Sandy Leonard has a birthday on Apr. 16 and Don and Mary LaRue an anniversary on the 17th.

Gail Decker will carry pleasant memories of her South Side schoolmates for years to come, we know. A sumptuous chicken dinner at the home of Jane Baldwin, 739 Siebert, it was served as a farewell for the young miss, whose family is moving to Grandview. The party was held Apr. 6 and the girls who call themselves the Merry Makers are Kay Hussey, Linda Estep, Jill Dean, Donna Green, Penny Heilman, Elizabeth Grotsky, Betty Sue Edwards, the guest of honor and the hostess.

We don't remember the date, but we know Ted Day has an April birthday so we'll take this opportunity to wish him a great big Happy Birthday.

The Dean family seems to be well represented in today's colyum so right now it would be appropriate to mention that Bob Dean is very deserving of compliments at this time. This South High student is the Ohio winner of a Christian Endeavor essay contest. His winning essay was "A Letter to My Congressman on Christian Citizenship." All his fellow church members at Southwood Church of Christ are wishing him luck in the regional and national contest, and we'll wish him luck too—great gobs of it. (Just so Virgie and "Dad" won't feel left out, we'll at least mention their names. Okay, fellows?)

Two birthdayites for this week are Dorothy Spielman, whose birthday was Monday, Apr. 12, and Michael Halliday, 65 Southwood-av, who is seven years old today. Michael is a Southwood School student.

Mrs. Fred Sturm and daughter, Joanne, have been visiting the Hampton family of Jenkins-av this past week. The Sturms home is in Bogota, N.J.

A very nice reader has an 84th birthday today, so we want to wish for her an especially nice natal day. The birthday celebrant is Mrs. Hilah Kennedy, whose home is 350 Southwood-av.

Congratulations are in order for Margie Hoptry, or should we be more dignified and call her Mrs. William Hoptry now? Anyhow, she's the South District vice-president of the Columbus and Franklin County Council of the Parent Teachers' Association. (Margie, you'll lose 10 pounds carrying that title around.) The other board member of the C&FCC of PTA from this district is Wilma Barton, who is radio and film chairman. (No wonder initials came into such prominence . . . they're much simpler, really)

Carolyn Camp, 97 E. Reeb-av, celebrates an 11th birthday tomorrow but the actual "celebrating" will be Saturday, when she has some of her girl friends in for ice cream and cake in the late morning, then the entire group will travel to Rollerland for an afternoon of skating. Sounds like lots of fun, doesn't it?

Anyone got a sick parakeet? "Doctor" Cleo Canter is just the one to call. We hear she's got a way with ailing birds and she uses the nicest medicine, too. If I ever get a bird, I'll sure keep you in mind, Cleo.

The entire Speakmon family went all out in planning a surprise birthday party for our Boy Scout on his 15th birthday. The twins, Jack and Gene, and their mom, Margie, took care of every last detail with fine results. Papa Ray had the Speakmon "taxi" to operate to get the teen-agers home without violating the now-enforced curfew ordinance. Guests at the Apr. 10 party were Larry Brown, Jim Hoptry, Lana, Larraine and Darrell Itskin, Bob and Jill Dean, Eddy Day, Edna Ann Baughman, Raymond Speakmon, Priscilla Ann Dicke, Myrtle Branch, the Speakmon hosts and hostess and ye Gadabout. We think it was a wonderful thing to do, and Donald and I are deeply grateful to the Speakmons for having the party. The world certainly is full of wonderful people!

One last thought before we close shop for the day. If you haven't been going to church, why not go this Easter Sunday and continue the habit straight through the year? None of us is big enough to carry our burdens alone and the strength we get from Him is never-failing. And now, if you'll excuse us, we'll quietly leave you, reminding you to call us at GA. 1051. Till next edition.

The Gadabout.

YOUR BRANCH LIBRARY

At this season of the year many of us are spending our spare time working on our gardens, lawns and flowers. The Parsons Branch Library wishes to remind its patrons that there are many excellent books available to help them with their problems. Among them are the following:

"Better Vegetables For Your Home Garden," by Melady. The author shows you how to plant your plot in such a fashion that you can turn over two crops per season and have an extraordinary variety of fresh vegetables throughout the spring, summer and fall. He explains the importance of proper drainage, shows you how to test your soil and advises which fertilizers will give best results. The proper use of the various tools is explained as well as how to thin and weed and how to rotate your crops for maximum efficiency.

"Better Fruits for Your Home Gardens," by Melady. Fruit trees can be grown successfully by the home gardener. In this splendid handbook the author tells you what you can grow in a small garden, how to plant your trees, how to transplant mature trees, when and how to prune, helpful insects and harmful insects, plant and tree diseases and how to combat them. You will find this the most helpful and comprehensive book of its type.

"Better Lawns for Your Home" by Melady. An excellent guidebook for the average man who must care for his own lawn. You will find comprehensive sections on How to renovate your lawn, lawn troubles and how to cure them, how to identify the grasses in your lawn, plant foods and care of the lawn; fertilizers, manures and soil ingredients. All the well-known implements for lawn care are illustrated and many valuable hints are given for their care and repair. Also illustrated are methods of grading lawns, sowing seeds and the proper lengths to which grass should be cut.

"Flower Garden for the Amateur," Hottes. The author covers all aspects of successful planting and growing, describing along the way scores of varieties of favorite annuals, perennials, bulbs, roses, garden shrubs and trees and many kinds of vines. For the beginning gardener particularly, there are complete growing instructions for each type of plant.

"How to Grow Roses", McFarland and Pyle. This is the 22nd edition under the same title of what has come to be the most extensively circulated American rose book. Only the title of this book is old. It has been revised to bring it completely up-to-date. The authors are both past presidents of the American Rose Society and have had close contact for many years with rose-sources and rose-growing. This edition summarizes and reflects the last word of dependable rose practice.

Weekend Gardener," Jenkins. The author tells commuters what to plant and where to plant it, the "must" tools to have, how to protect the garden against insects, etc., and especially how to have fun and the garden.

Titles of other books of the same type are:

"Better Homes and Gardens," gardening guide; "America's Garden Book," Bush-Brown; "The Gardener's Omnibus," Farrington; "Gardening as a Hobby," Edminster; "Gardening Handbook," Everett; "How to Grow Vegetables," Cosper; and "How to Grow Food for Your Family," Ogden.

Columbus Area Y-Teens To Have Pigalle Theme In Rainbow Prom, Apr. 24

Once again on Apr. 24 the Y-Teens from the Columbus area will join together to execute plans for the Rainbow prom. This year, under the leadership of Jo Leigh Woodburn of Westerville High School, "April in Paris" has been chosen as the theme and the band of Sammy Hopkins will play from 9 to 12 midnight.

In the shadows of make-believe Archs of Triumph and Eiffel Towers bright-colored formals will lend to the Parisian atmosphere and transform the ballroom of the YWCA into a Pigalle night club. During the intermission outstanding entertainment has been planned and at that time refreshments will be served, too.

A city-wide committee has been responsible for the plans and under Miss Woodburn's leadership has done an excellent job.

Helmar Lipscomb of Central High School has worked with the entertainment committee and Jeanene Davis of West High School assisted in planning the refreshments.

OPTIMISTIC

If you are optimistic,
You can face the storms in life.
For you have the characteristic.
That is needed to battle the strife.

You will bear up when need be.
When your troubles are at hand.
With a clearer mind, you will see.
And to fully understand.

Then, too, you are cheery,
Because you have that cheerful way.
Cheeriness will keep you merry,
Tho hard you may find the day.

If you are pessimistic,
You cannot face trials in life.
Try being optimistic,
And easier you will face the strife.

A PAGE FROM LIFE

If we dwell upon this life's bitterness,
With its disappointments and its tears;
We cannot expect to find happiness,
As we advance along with the years.

If no joy, beauty or love can enter,
Into hearts that are meant for smiles;
To let heartaches and tears in lives center
Means that they will last just a few miles.

Life is a mixture of good times and bad,
Sunshine often gives way to the rain.
If we are unhappy and mournful and sad.
All of our plans and hopes are in vain.

Bitterness, disappointments and heartaches,
In time will give way to happiness.
Some courage and a smile is what it takes,
To make each life a standing success.

ALWAYS AN EASTER

Always there is springtime,
always the flowers come;
always a dew-pearled morning
kissed by the rising sun.
Always the bud and blossom,
the tender leaf and blade
bursting the tomb of winter,
triumphant and unafraid.

Always a new day of life
to greet out of an eastern sky;
always a changing sunset
to chart our courses by.
Always lives undefeated
where faith is the star to guide,
defiling the crimson shadows
where Jesus was crucified.

Always a song from sorrow;
always the day from night;
Always ideals and longings,
a questing for love and right.
Always an Easter morning
revealing the glory of God—
shining white on the lilies
and bursting through friendly sod.

HYMN FOR MOTHERS

Jesus was but a little Boy,
As mine is now. And Mary's feet
Went many errands with great joy
To make His hours more sweet.

And Mary's hands were hands of good
Toiling for husband and for Son;
The holy angels understood
And blessed each service done.

And Jesus, looking from the cross,
Knowing what was at last to be,
Comforted Mary for her loss
With all eternity.

ANOTHER LITTLE BOY

He really was so small that day
When He was nestled on the hay,
He did not need a Christmas tree
With candles burning steadily.
He never had a tiny train
With switch and track; then, again,
Perhaps the other boys He knew,
Seeing that His wisdom grew,
Said He wasn't any fun'
(I guess He is the only One
Who has a birthday all the years
With candles on a tree!) His tears
Soon dried when Joseph said He could
Carve a little ball from wood.

When He grew tired of playing toss,
Do you think He carved a little cross?

Come to CHURCH for EASTER SERVICES

Lift Your Heart With The Glory Of . . .

EASTER

Easter Sunday dawns . . . and, all over the world, hearts are lifted, lives brightened! In commemorating the miracle of the Resurrection, faith is confirmed, hope renewed, courage fortified. The deep and abiding joy of the Day finds its most inspiring expression in Church services on Easter Sunday. In the profusion of flowers, all may see the wonder of spiritual rebirth beautifully symbolized. And, as voices are lifted in hymns of praise . . . and prayers of gratitude . . . families, friends and neighbors become as one in their sharing of Easter's shining glory. Departing, each takes with him a sense of rededication to the teachings of Him who brought into this world the spirit of peace and good will . . . and who, in leaving it, gave to all the promise of life everlasting.

buson of a few short years ago, and now of Detroit, will be interested in knowing that he was in town last week taking in the radio institute at the Deshler. A teacher of speech at Wayne University in Detroit, Bob is at present working on his doctor's degree. In his spare time he has been narrating films for the Chrysler Corp. and during the summer months has been the replacement for the character "Tonto" in the radio version of the western serial, "The Lone Ranger."

Bob hasn't changed a bit since his South High School days, but has on the credit side added to the already long list of successful people in the radio and speech field who had their start at South High under the tutelage of the venerable Miss Fleming, at that time dramatics teacher, but who resigned to take a much better position several years ago with the St. Louis Department of Education.

Four Local Hardwares Will Take Part In Huge Merchandising Event

SHOWN HERE are the proprietors of four progressive South Side hardware firms who will take part in IRHA Hardware Week. Top row, left to right, are Harry Scheiderer and Carl Heil, proprietors of Heil and Scheiderer Hardware at 1683 Parsons-av; second row, left to right, Dan Bush, proprietor of Bush Hardware at 1242 Parsons-av, and Clayton Swingle, proprietor of Swingle's Hardware at 197 Thurman-av; and, at right, Louie Arrigo, proprietor of Arrigo Hardware at 959 Frebis-av.

(South Side Leader Photo)

Four "quality-proven" South Side hardware firms will take part in one of the biggest promotions ever staged in the nation, it was announced today. Named as participant stores were Swingle's Hardware, 197 Thurman-av, Arrigo Hardware and Plumbing, 959 Frebis-av, Heil and Scheiderer Hardware, 1683 Parsons-av, and Bush Hardware, 1242 Parsons-av.

The event will be known as IRHA Hardware Week and will involve the greatest advertising and merchandising campaign ever conceived.

IRHA means Independent Retail Hardwaremen of America and is the symbol that identifies member stores, including these four above named merchants on the South Side.

Hardware Week will be observed coast to coast Apr. 18 to 24 by the 23,000 independent hardware stores, all members of the National Hardware Association.

A total of 586 wholesalers and more than 100 manufacturers, including some of the nation's top names will support the IRHA stores in the gigantic selling drive.

As part of the promotion, these four firms have stocked up on the latest power tools, new precision-built home workshop gear, do-it-yourself gadgets, sports equipment, as well as the every-day line of hammers and saws, and nuts and bolts.

These reliable merchants will mark down or offer at amazing bargain prices many hardware items in an effort to lure customers into the store. Each will be decked out in its Sunday best for the occasion, including colorful pennants and gay eye-catching display posters.

Patrons will be given free of charge informative booklets on "Bright Ideas for the Home," which are aimed at the zooming Do-It-Yourself market.

In that connection, each of these hardware firms will feature items designed especially for the home potterer and the hobbyist. Shelves will be well stocked with things like paint rollers, brushes quick-drying paints, cabinet hardware, and home craftsmen's kits.

Proprietors of these four stores have declared that Hardware Week means "open house" and urge folks to come in and browse around even if you don't need anything in the hardware line at this time."

OSU Music Opportunities Conference Slated For High School Talent May 1

Plans are under way at the Ohio State University School of Music for the annual music opportunities conference, scheduled for Saturday, May 1, on the campus.

The event is held each year as a public service to high school students interested in exploring the possibility of a career in music.

During the conference the entire staff of the school of music will be available to these students. Each participant will have an audition and an interview with a qualified person in voice, piano and instrumental music. Tests will be given to help determine the advisability of seeking a career in music.

General co-chairmen for this event will be Jeanette Sexton and Wayne Ramsey, instructors in the school of music. For information on the conference, write or call Prof. Eugene J. Weigel, director of the school of music, Hughes Hall, Ohio State University, Columbus 10, O.

Mrs. Rife Submits Recipe For Favorite "Corn Bread Muffins"

Mrs. Boyd C. Rife

An original recipe for "Cornbread Muffins", devised and perfected by Mrs. Boyd C. Rife, has been submitted this week to be shared with readers of the South Side Leader. The donor tells us she began making these muffins more than 20 years ago, increasing the proportions until she had a recipe generous enough to meet the demands of her large family.

She is the wife of Rev. Rife, pastor of Washington Avenue Evangelical United Brethren Church for the past 19 years. Her rewarding life is full of the responsibilities and activities of a pastor's wife.

She is a member of the council of administration, serves as church steward and as a member of the Sunday School executive council. She has been treasurer of Sunday School Bible Class since 1941, secretary of Ladies' Aid since 1942 and treasurer of New Loyal Woman Temperance Union since 1942. Mrs. Rife is also a member of Women's Society of World Service and Ministers' Wives Association.

The couple has six children and five grandchildren.

These cornbread muffins will be familiar to many South Siders for Mrs. Rife always bakes and serves them at the February Kentucky bean and cornbread supper the WSWS sponsors annually.

Cornbread Muffins

2 eggs
1 cup sugar
1 teaspoon salt
6 tablespoons melted lard
1 qt. sweet milk
8 tablespoons flour
4 teaspoons baking powder
3 cups or more white cornmeal (enough to stiffen; suit yourself)
Will make 24 or more muffins.

Easter Poetry

PONTIUS PILATE TO HIS WIFE

You warned me that this Man was innocent.
I knew about the dreams that terrified,
And would not let you rest — when darkness cried
Aloud to you, and you said, "Oh, repent,
My lord, your judgment!" Would that I had bent,
Before it was too late, my pompous pride!
Would I had never seen Him crucified!
He had no fault. Such hours as I have spent!

I held unquestioned power to change His fate,
But feared that I be called not Caesar's friend.
Almost I envy the poor thief that lies
With broken bones, whose trusting at the end
Won him the promise that a blessed estate
Awaited him that day in Paradise.
Mabel Posegate, in her book,

CROSSES

We think of crosses as bright, glittering things,
Hung lightly on some slender, golden chain,
Or lifted high in temples, where there rings
To muted music, some dear, loved refrain . . .
But this I know — no soul can ever see
The dazzling glory of eternal skies,
Until it kneels in dark Gethsemane,
And falls beneath a cross . . . no more to rise.

EASTER PETITION

May timely showers, whose touch adorns the earth,
Refresh as well each overburdened heart,
And may each dawn that brings a day's new birth,
To jaded minds its joyous lilt impart
May we like streams, be loosed from winter's thrall,
And sense the rhythm of the dancing rills;
Now may we feel the pulse that moves through all
Our world, and clothes with green the distant hills.
May soothing skies their soft serenity instill
As mothers hush a fretful child to sleep;
And let us drink at beauty's fount, until
Something of life newborn is sure to keep.
So shall a strife-torn world be healed again
And know the joy of peace that follows pain.

THE LEGEND OF THE DOGWOOD TREE

At the time of the crucifixion, the dogwood tree was as large and strong as the oak, and was chosen as the timber for the Cross.

To be used for this purpose distressed the tree, and Jesus, in His pity, promised: "Never again shall you grow large enough to be used for a cross. Henceforth, the dogwood tree shall be slender and twisted; its blossoms in the form of a cross, two long and two short petals. At the edge of each petal there shall be nail prints; in the center of the flower, a crown of thorns. And this tree shall be cherished as a reminder of My cross."

So it has been. The springtime flowering of the dogwood tree has remained a symbol of divine sacrifice, and the triumph of eternal life.

She has been bedfast for the past five years, and the doctors in practically every state in the U. S. have told her she will never walk again. It was polio with complications. When stricken she was about 24, a vivacious, friendly, charming girl who had never held a mean or petty thought in her lovely head. She is still like that. Her grueling life these past almost-six years would have beaten most of us, but not my favorite shutin. She has been an inspiration to all of us who know her, and her friends are legion. They write to her for advice, and cry on her shoulder about their troubles—which are not half as heavy as hers. She was headed for a brilliant career. She is a writer of no mean ability, and has a remarkable sense of humor. When asked what Easter means to her, she quoted these lines from Grace Noll Crowell:

Life out of death!
The straight shoots, green and tender,

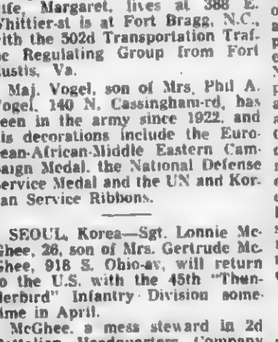
Maj. Francis A. Vogel, whose wife, Margaret, lives at 388 E. Whittier-st is at Fort Bragg, N.C., with the 502d Transportation Traffic Regulating Group from Fort Eustis, Va.

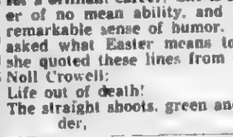
Maj. Vogel, son of Mrs. Phil A. Vogel, 140 N. Cassingham-rd, has been in the army since 1922, and his decorations include the European-African-Middle Eastern Campaign Medal, the National Defense Service Medal and the UN and Korean Service Ribbons.

SEOUL, Korea—Sgt. Lonnie McGhee, 26, son of Mrs. Gertrude McGhee, 918 S. Ohio-av, will return to the U.S. with the 45th "Thunderbird" Infantry Division sometime in April.



McGhee, a mess steward in 2d Battalion Headquarters Company of the 279th Regiment, is one of 1,000 combat veterans of the former Oklahoma National Guard Division who will dock in New York harbor.

The Columbus sergeant entered the army in July 1951 and holds the Combat Infantryman Badge, Purple Heart, Commendation Ribbon and the Korean Presidential Unit Citation Badge.



PUSAN, KOREA — Pfc. John R. King, 21, son of Mrs. Mahalie King, 244 Hinkle-av, recently arrived in Pusan, Korea, for duty at the 7th Transportation Major Port.

King is a truck driver in the 167th Transportation Truck Battalion at the port.

Pvt. King entered the army in March, 1953, and completed basic training at Indiantown Gap, Pa.

In Passing

By

Esther Weakley

Climb upward through the night;
Young as the morning,
Young and sweet and slender,
To flower in dazzling light.
Here is a resurrection—
Here is glory—
Quick are my tears to start.
Here is the repetition of a story
A world holds to its heart.

Just before Pearl Harbor, he graduated from a southern university, the youngest man ever to graduate from the college's medical school. He was young and enthusiastic and a fine, upstandin' lad, with a face like the map of Ireland itself (his words). After graduation he immediately enlisted in the navy. During the war he contracted TB while serving in the South Pacific, and since then has had more than 20 operations. He has parts of both lungs left. He was thrilled when the staff of the university hospital from which he graduated, last year permitted him to do lab work two hours a day. Now he has to undergo surgery again. But is he discouraged? Not little Irish. He and my favorite shutin write to each other each week, and sometimes she allows me to read parts of his letters. You would never believe that the writer is a young man, cut down in his prime (I know that's trite, but it's true) and just when the future looked a little brighter, it had to be dimmed again. He and my f.s. have a sort of pact. They have a special star that they keep polished with wishes on it, for each other. I know their star is bright just now. She does not depend upon the star altogether. She also prays for him, and he for her. If those two young people are not Americanism, they will do so far as I am concerned. When asked what Easter means to him, he said "Hope and re-birth after a hard winter."

• • •

Here are some quotations about Easter: From First E.U.B. Church "Messenger", Newark, Ohio — "Make Easter really mean something to you this year. There's a thrill in dressing up in the new spring clothes but the day after there is a let-down feeling. Why not, along with the new bonnet, put on a new dress within and make a new commitment to God and experience a thrill that never passes away?" . . . From Katharine Neal Smith's booklet of Easter poems—"We commemorate Easter as the Day of Triumph Over Death, and we revere the memory of the One Who sacrificed His life on the cross, that we might believe in immorality, and be relieved of all doubt of the futurity of life. Because of these greatest events of life, Easter has become, I would say, the happiest day of life, having given answer to humanity's most important question 'If a man die, shall he live again?'"

WHAT?

A still operator at Bethel, Mo., arrested by Federal agents, protested that what he was making was not moonshine but a secret explosive. There's a difference? — St. Louis Times Star.

TEMPUS IS SO FUGITIVE

"An idle hour is gone forever," declares a sermonizer. Yes, and a busy hour is also gone forever. They all go. (The Bristol (Va.) Herald Courier.

Judy: She's married a man with money to burn.

Mary: Well, she made a good match.

HERE'S PROOF of the LOW COST and SUPERIORITY of SHADEMASTER 32 Gauge All-Aluminum AWNINGS

Above is an actual photograph of a SHADEMASTER AWNING insfallation at the home of Mrs. Henrietta Zentz, 1480 South Champion Avenue, who says: "I am more than pleased with my new Shademaker Aluminum Awnings, supplied by Seely's Hardware. They've added so much beauty to my home, and they were far less expensive than I had been told good awnings would cost."

EASTER MORNING

Here is the stone that closed the door,
Here are the robes He meekly wore,
Here is the grave that held His clay—
But Christ, my Christ, was far away!

"Be not afraid," they heard Him say:
"Be not afraid." He says today,
For Christ is still beyond the sky,
Our Christ still reigns in Heaven on high.

When Easter Morn dawns dark or clear,
Remember still: "Be of good cheer"
For He Who came from out the grave
Has still the power, the world to save!

AAU District Weightlifters Compete At Schiller Center

Sunday, Apr. 11, the AAU district weightlifting championships were held at Schiller Recreation Center. Among the many clubs having lifters competing were Schiller Recreation Center, Apollo Studio, Ohio State University Weightlifting Club, Toledo YMCA, Dayton YMCA and the class B bassbetkell champion high school, St. Aloysius from New Lexington, O.

The Schiller team members did fairly well for a new club. With but one veteran lifter, they secured one first-place, two seconds and one third. Grady Marcum, a 15-year-old lifter, came in a close second in the 123-pound bodyweight class. Leonard Fauver, club director and recreation leader for the city recreation department, won the 132-pound class. George Sheaf placed third in 181 and Mike O'Neil was second in the 198-pound class.

The meet was sponsored by the Columbus Recreation Department and Apollo Health Studios.

Nostalgia Plays Major Role In Mohawk School Dedication

Paradoxically, there was probably just as much nostalgia in the formal dedication of the new $1,500,000 Mohawk Elementary and Junior High School at 471 S. Sixth-st last Thursday night as there was sheer, unadulterated pride in the stone, glass, and shiny wood tribute to modern education.

Three generations of pupils crowded the 1000-seat capacity auditorium and sympathized greatly with Principal Leland N. Drake when he caught himself welcoming the audience to "Mound Street Junior High." In the older two generations were parents who had attended the old Mound Street Junior High School and the old Fourth Street Elementary School.

Dr. Frank H. Throop, pastor emeritus of Central Presbyterian Church, delivered the invocation, because, as Principal Drake said, "Dr. Throop grew up with the neighborhood and the neighborhood with him."

Among the dignitaries on hand for the occasion were Mayor Sensenbrenner, Paul R. Gingher, chairman of the Metropolitan Committee, most of the school board, members of the newly organized PTA of the school, and many who were in some way connected with the building of the masterpiece in modern education.

Novice G. Fawcett, superintendent of schools, read the historical sketch and the new school choir sang "Bless This House."

Located on a five-acre-plus tract, Mohawk covers the land bought from 47 owners. Its planning began back in 1939 as a result of a survey made by the Bureau of Educational Research of Ohio State University.

At last Tuesday's board of education meeting, contracts for site improvements at Mohawk School were awarded as follows: $6470 to M. A. Peiffer for clearing and grading; $18,998 to Charles E. Jones Driveway & Spraying Co. for site improvement; and $5238 to Cyclone Fence Dept., American Steel & Wire Co. for playground equipment.

SEEKS ANSWERS TO SEVERAL QUESTIONS

Marion Township Citizens Association Presents Its Views On Annexation

EDITOR'S NOTE: The following report, entitled "Facts and Questions On Annexation," has been prepared by the Marion Township Citizens Association. While not necessarily endorsed by this newspaper, we believe the report has true merit in that it raises a number of questions that have not been otherwise treated in the highly partisan discussions this volatile issue seems to engender.

Our organization, through its officers, board of directors and other members, has gathered facts presented herein, and listed questions that we feel are still not answered, or to date have been answered only in part.

We have the power to say "yes" or "no" to any annexation, but in considering annexation we must remember that it can take two forms:

1. Annexation of certain portions of the township, or "piecemeal" annexation.

2. Annexation of the entire township as a unit.

Suppose you and your neighbor owned identical automobiles. Over a period of time your neighbor acquired various parts of your car by borrowing, begging, or stealing them, and used those parts to strengthen his own. Your car might continue to run but it would do so at decreased efficiency. If the process continued, eventually your car would not operate at all and would be worthless.

It is our opinion that "piecemeal" annexation would have the same effect on our township.

Let us consider No. 2: annexation of the township as a unit. We do not want it forced upon us through threats or intimidation. We would like to be treated as a valuable, prospective customer, and as though the city of Columbus were the salesman of annexation. The merits of belonging to the city of Columbus should be set forth clearly and in detail, and weighed against the merits of remaining a township.

Let's take a look at city and township relations three or four years back. We were, so we thought, good neighbors. The townships were building schools, building roads, and working toward providing services to new residents. The city was doing the same within its borders. Among the services required and furnished in the townships were gas and electric power, provided by private public utility firms, water and sewers, provided by the city through agreement with the county commissioners.

We accepted water and sewers as a public utility offered by the city as the only source. The city seemed to be willing to furnish these services to its neighbors with the thought that the new industries and new homes would bring economic growth to the entire metropolitan Columbus and Franklin County area. In some cases the city preferred that new industries locate outside the city limits.

Gradually this idea changed. No doubt water shortages and threatened water shortage have contributed to it. The fact that the present sewer system and the sewage treatment plant are woefully inadequate probably helped alter the policy of service to outlying areas. Today, instead of being willing to furnish water and sewers to its neighbors, Columbus is refusing to grant extensions outside the corporation limits.

Columbus officials and planners say that water and sewer services are not being used as a weapon to force annexation, but, granting this to be true, the effect upon the outlying areas is the same. What they considered their normal source for water and sewer services is denied them unless they become a part of the city.

Until quite recently it was generally publicized that the water and sewage systems of Columbus were self-supporting. Users outside the corporate limits thought the premium they paid for these services was satisfactory to the city and adequate. We now are told that present prices are not enough to support the systems with the expansion program now under way in water and the needed program for sewers and sewage disposal. We believe the finances of these systems, taking into account the cost of expansions, should be made clear to the citizens of Columbus as well as outlying areas. A means of making water and sewers available to residents, builders, developers, and new industries must be found if the metropolitan area is to continue to grow.

Columbus officials say — and rightly so — that their citizens should not carry a bonded debt, which is the same as a mortgage on all their real property, to provide water and sewer service to outlying areas.

A way to provide one of these services through a Metropolitan Sewer Authority on an equal basis for all inside and outside the city has been advocated by the Regional Planning Commission. MTCA feels this program is a sound one and urges its promotion. We further urge that a Metropolitan Water Authority be promoted. In all of the planning, it must be remembered that the entire metropolitan area lies in the same watershed, and, therefore, we must all use the same rivers and streams for sources of water and for sewage disposal. The dams and the disposal plant as well as the site picked out for another sewage disposal plant lie far outside the city's borders, and this should imply consideration of the needs of all others in the watershed.

At present Columbus officials are firm in their stand that they will not take part in any metropolitan water or sewer authorities. County officials and officials of suburban communities should therefore promote these authorities independent of the city of Columbus. Marion Twp. and other southeastern townships in the county have another possible answer.

Scioto Lakes and underground water in one section of our township could be used as sources for all our requirements for water. Alum Creek or Big Walnut might be used as a site for a sewage disposal plant. These facilities could be county owned or privately owned. Our trustees are forming a committee to investigate these possibilities.

Since water and sewers are the issues most mentioned at present, we have considered them first. Perhaps other very fundamental questions really are more important. We believe that economic inter-dependence of the Franklin County metropolitan area and the city of Columbus is being confused with political inter-dependence or political unity. We do not think one must, of necessity, follow the other. The idea, held until recently, was that the growth and well being of any of the political units in the area helps all units in the area seems to us to be sound.

Residents of Marion Twp. cannot see any reason to be considered a detriment or a threat to the well-being of the city. Many residents of the township pay the city income tax. Many employees of Marion Twp industry live in Columbus and pay the tax.

The city officials have said the city must expand or be strangled. Any city or village or township can strangle no matter how close or remote its neighbors. A community's life and health does not depend on size. They depend upon how it conducts its affairs. There are well managed, financially sound townships, small villages and cities furnishing their citizens excellent services. There are, of course, on the other hand, poorly run townships, small communities and large cities.

Marion-Twp. Sidelights

By Joel Snyder

On Tuesday, Apr. 13, the regular monthly meeting of the Marion Township Citizens Association gathered in the gym of the Marion-Franklin High School. After the usual reports were read, the meeting was turned over to John Nippert and those in attendance settled back in their seats to hear Nippert read a declaration that had been drawn up pertaining to annexation.

The lengthy statement had been drawn up by Nippert and the rest of the executive committee of the Citizens Association after long hours of conferring with the Marion Local School Board, the Marion Twp trustees, and others vital to the township scene. The report to the residents had been decided upon by the executive board members to clarify the existing situation concerning annexation moves from within and from without the township.

In principle, the release was unbiased. A number of comments following the reading of the report indicated that it was more than worthwhile. The comments ranged from, "the best bit of thinking as yet to come out of the affair," to "it ought to be published IN FULL in all the newspapers. It would help the other areas in Franklin County that are contemplating making changes."

The report did not state facts alone. It also asked questions. Some of the questions were directed to the city of Columbus, and some questions were asked of the Marion Twp. residents. The eight-page released implored the citizens of Marion Twp. to examine themselves, their desires and their situation, in the hope that in such an examination, the wisest choice would be reached.

It was agreed by those in attendance that a definite conclusion should be reached soon. Marion Twp. is at a most important cross-road and a wrong turn could lead to virtual disaster, as far as future hopes for an orderly development of the area now known as Marion Twp. are concerned.

In the report, the committee pointed out that in the first place, the residents have the power to say "yes" or "no" to annexation. There is no lawful way that the township or any part of it can be annexed to the city unless the residents wish it.

Much of the report was taken up with the things that Marion Twp. has provided for itself, at a reasonably low cost to the tax-payers. This, it was pointed out was especially true of the schools here. In retiring our school bonds in 15

Jim Wagner Of South Side YMCA To Attend 8-Day Chicago Course

Jim Wagner, acting executive of the South Side Branch YMCA, and Robert Schmidt, executive secretary of the Hilltop YMCA, will leave for Chicago Saturday to participate in a special eight-day course of instruction for selected YMCA administrators. The sessions will be held at George Williams College. More than 100 men from all parts of the United States and Canada have been selected.

Frank A. Hathaway, general secretary of the YMCA of Chicago, is chairman of the planning committee. He recently stated, "The response from the field to our invitation to participate is definite proof that this pilot project is of real merit." The course is co-sponsored by George Williams College and the professional society of YMCA general secretaries.

The main divisions of instruction will have to do with the role of the YMCA executive in community relationships, current trends in YMCA management, and executive development.

George E. Bottomley of New York City is director of the course. He is a member of the national YMCA staff, and has recently been named executive secretary of the Pacific southwest area council.

Six 'Apprentice Teachers' Take Over At Barrett

On Tuesday, Apr. 13, six young women from South High School walked over to spend the afternoon as apprentice teachers at Barrett Junior High School.

Marilyn O'Brien, Beverly Thacker, Elaine Nicholson, Patti Denney, Sally Gordon and Joyce Ryan are members of the Future Teachers of America, a student group made up of those who hope to become classroom teachers after graduating from high school and college.

Tuesday afternoon was set up as a practical experience from any teacher's life in the schoolroom. The young apprentices each followed the afternoon schedule of one of the regular teachers in the Barrett building, walking alone into the classroom or study hall, taking charge of the pupils there, conducting classes, or supervising study.

Marilyn, Beverly, Patti, Elaine and Joyce are themselves one-time Barrett pupils (Sally went to South from Roosevelt) and they were not strange to the routines. According to older teachers who came in and out of their rooms, these young people have effective classroom personalities and show good promise of future service to the schools of Columbus, Ohio, and the nation.

Sells Three Homes Through Want-Ads

Three homes were sold during the past week by Mrs. Florence Long through classified ads in this newspaper, which is received and read in more than 32,000 homes every week.

Mrs. Long, who lives at 3089½ W. Broad-st and who is associated with the Paul J. Falco Realtors, has utilized the want-ad columns of this newspaper for quite a few years — and always with good results, she tells us.

The homes she sold through the "Real Estate for Sale" section of our want-ads last week were located at 771 and 801 Joyful-av and at 155 Lechner-av.

If you want to cash in on the tremendous "buy-power" of these tiny but tremendous salesmen, merely dial GA. 9265 or RA. 1125 for skilled courteous assistance in the best wording of your want-ad.

Isle Of Man Authorities Slated To Get Barrett Jr. Hi Scrapbook

The proper authorities on the Isle of Man will soon be in receipt of a king size scrapbook prepared by Miss Isabelle Wallace's class and Miss Lucile Cornetet's classes at Barrett Junior High School.

A year ago, Miss Wallace's class received a scrapbook of pictures and other data concerning the Isle of Man and the people who live there. This gift followed a correspondence of some months, which followed a letter of inquiry concerning the revival of Manx as a cultural language on the island.

In return for this scrapbook, the class undertook to prepare one which should cover this country. Letters were sent to the Chambers of Commerce of the states asking for informational material suitable for scrapbook purposes.

From this mass of material a scrapbook has been assembled that is bigger than the unabridged dictionary. The work is now completed and will soon be on its way to the Isle of Man.

FE 2000 PLUMBING
30 YEARS EXPERIENCE
. . . 1509 E. LIVINGSTON AVE

Hello:

It looks as though Spring has decided to arrive after all from the looks of the flowering fruit trees and bushes. Now perhaps the gardens can be worked and seeds planted. We have a good line of FERRY'S SEEDS and SACCO plant food. The Tomato and Green Pepper plants will be ready for sale as soon as the danger of frost is past; the greenhouses are full of bedding plants which will go on sale about the same time.

Belated anniversary greetings to Mr. and Mrs. George Black, Mr. and Mrs. Wallace Oakley and Mr. and Mrs. Wes Dempster, and happy birthday wishes to Mrs. Stanley Sawyer and Mr. John Olive. Happy new parents are Mr. and Mrs. Frank Rundio, Mr. and Mrs. Sanford Hepps, Mr. and Mrs. James Karnes, who have baby girls, and Mr .and Mrs. Oscar Gardell and Mr. and Mrs. Ernie Kriel whose babies are boys; also to Mr. and Mrs. Karl Schultz and Mr. and Mrs. Paul Burkhart who have new little ones, but we are not sure if the babies are boys or girls. Congratulations to all!

Our very best wishes for a speedy recovery to Dorothy Cosgrove, Mary Beach, Mrs. Patricia Hecko, Mrs. James Sauer, Mrs. Harry Merritt, Mrs. Ervin Blum, Mrs. Nicholas Koch. Also to Mrs. Julia Skobrak, Mrs. Georgia Graham, Mrs. Violet Warga, Mrs. Dorothy Rodgers and Mrs. Dave Wood.

SEEKS ANSWERS—

(Continued from Page 1)

We cannot see how the city of Columbus will solve its problems simply by taking in more territory and more people. As cities grow, problems that are simple in a small community become more complicated, and clear understanding of policy and administration are lost. It becomes necessary to have study commissions, to hire professional consulting firms, to try to straighten out some of these complicated problems that arise in large cities. Columbus finds itself in this kind of trouble at present in the matter of its budget.

We believe the city should understand why we wish to weigh carefully the pros and cons of big city vs. small community before we make any move to change our status. The desire on the part of many in small communities to keep their individual status stems from the wish to provide the schools and other types of community services that best fit their needs and their budgets. This desire and willingness to maintain a small community implies the willingness of the citizens to work out their own future. They know that a change from a small community to a part of the large city would not bring about an automatic solution to any problem that might be facing them. Whatever form of government prevails in any community, work, effort, careful thought, planning and cooperation of its citizens in meeting needs and anticipating future needs, is of the greatest importance.

Let's take a look at what we in Marion Twp. have provided ourselves in the way of services. We have for years provided good, well equipped, well staffed and well administered schools for our children through the eighth grade. Last year we provided the high school.

If you haven't all examined its cheerful classrooms and its fine physical equipment, do so at your first opportunity. The teachers and administrators display an enthusiasm that is refreshing and assures us that they are genuinely interested in the welfare of our children. The progress made in a few short months in developing a fine school spirit is marvelous. We are very proud of our schools. Our school transportation system is also very good. If our schools were to become a part of the city school system, school bus service would be greatly reduced.

Over the last five years our taxes for schools, including bonds for the high school and grade school additions, has averaged 50 cents per thousand less than the Columbus rate. Also, keep in mind that our bonds are being paid off in 15 years, while the city's bonds are being paid over 20 years. This is despite the fact that our schools have experienced far greater growth percentage wise than have those of Columbus.

Another vital service we have provided ourselves is fire protection. Our staff of five paid firemen plus the volunteers gives us excellent protection. As members of the Franklin County Firefighters Association, we have more equipment available to meet an emergency than is owned by the city of Columbus. Emergency squad service is also furnished by our firemen. We are now anticipating building a second township firehouse on Parsons-av. Due to steadily improved protection, our fire insurance rates have been reduced through the last few years.

The final member of the "big three" of community service is police protection. Through the township board of trustees and community interest and help on the problem, we have in recent weeks strengthened our police protection by having two police cruisers made available to us. We also have a police department for the first time. It consists of a sergeant and four officers. We are adding fire and police protection at a time when Columbus is wondering how they are going to maintain present forces without reduction in pay.

Portions of the township, where population density warrants it, have garbage and trash pickup weekly at a cost of $1 per month.

Now, let us consider other needs of our community and their relation to whether we remain a township or become a part of the city. There are areas of considerable size in our township that are agricultural. If the farms and gardens in this area become a part of the city, health regulations would need to be revised or these regulations would make it difficult or impossible for the farms and gardens to operate. City officials are not agreed on this point, but an opinion has been expressed that all waste would need to be removed daily from farms. The profits from farms and gardens as well as all business and industry would be subject to the city income tax.

There have been several requests for street lights in various areas. Our board of trustees is now receiving bids on street lights. There have also been questions on streets and sidewalks. Streets and sidewalks can be provided by the township. The cost of these items, no matter what our political status, would be borne by owners of adjoining property through direct assessment.

The following is the answer to the question "What happens to bonded school debt in case of annexation of part or all of a school district?"

Sec. 3311.06, Ohio Revised Code: ". . . When territory is annexed to a city or village, such territory thereby becomes a part of the city school district or the school district of which the village is a part, and the legal title to school property in such territory for school purposes shall be vested in the board of education of the city, school district, or the school district of which the village is a part. An equitable division of the funds and indebtedness between the districts involved shall be made under the supervision of the superintendent of public instruction, whose decision shall be final."

In the past, Ohio courts have held that if PART of a rural district is annexed, the annexing district must assume a proportionate share of any bonded indebtedness.

All the reports, news releases, editorial opinions, official and semi-official statements presented up to this moment still leave questions that have been answered in generalities or that remain completely unanswered. We invite answers to the following questions from our board of trustees, our board of education, the board of county commissioners, city and county officials, Columbus board of education regional planning commission, Citizens Research, Incorporated, and any others that can give us authoritative answers.

1. Most important! What plans would the city have for future development of Marion Twp. if annexation were to take place?
2. What additional services would we receive from the city and what would be the time table for providing such services?
3. If additional services are available, how will they be paid for?
4. What would be the zoning plan for the area if annexed?
5. If this territory were annexed, would local citizens and teachers be allowed any voice in policy-making for these schools?
6. What would the city propose to do about the need for additional school facilities, and when would it be done?
7. What would be done about bus transportation of pupils?
8. What would be done about cafeterias?
9. When Hoover Dam and the new filtration and pumping stations are in operation, how will water rates be affected?
10. When does the city expect to expand sewers and sewage disposal—at what cost? How will the sewer rate be affected?
11. How would health regulations affect farms and truck gardens?

How can we best meet the following problems, by maintaining our present form of government or by becoming a part of the city:

1. Elimination of unhealthy drainage ditches?
2. A better enforcement of building regulations?
3. Public transportation?

If you have any other questions, we will add them to this list and invite answers.

We urge you to consider the facts as we have presented them to you. Weigh them carefully, along with the facts as presented by the city. Remember, there is no turning back for any section that is annexed. Be completely sure you want annexation before signing any petition.

We want also to repeat: The efficiency of any form of political subdivision in our democracy demands the work, effort, thought, and cooperation of all its citizens. Be sure you understand the complete meaning of any petition before you sign, because you, Mr. and Mrs. Citizen, will be the final authority on whether we annex, incorporate, or remain a township.

The Marion-Franklin Tri-Hi-Y Club sponsored an Easter assembly program for the student body of Marion-Franklin High School. The club is composed of senior high school girls and is sponsored by the South Side YMCA. Arlene Allison, club faculty advisor, directed the program.

Virginia Cain, club president, introduced the guest speaker, Rev. E. B. White, pastor of the South High Evangelical United Brethren Church, who delivered a challenging message on the Christian Way of Life.

A graphic presentation of Holy Week was presented through the use of slides projected upon the auditorium screen as members of the club narrated the story. Solos were sung by Mary Conley, 10th grade student, and Glen Thomas of the faculty, with Nora Hall as accompanist.

Members of the display committee were Kay Noble, Janet Moore, Connie Compson, Lenada Boars, and Mary Jane Adams. The Marion-Franklin Jr. Hi-Y is composed of junior high school girls and is sponsored by the South Side YMCA.

SOUTH HIGH NOTES

Philo Makes Easter Favors
By Marilyn Kauffman

The Philomathean Society, an honorary literary club of South High School, "kept with" the Easter season this year by planting flowers in tiny decorated pots and making candy cups out of colored construction paper. These little favors were given to the children at the Cerebral Palsy Center on Easter.

The Philo's have a square-dance once a semester with the Hi-Y Club at South and at the present time they are making arrangements for their Mother-Daughter banquet to be held sometime during May.

The officers of the club are Elaine Nicholson, president; Janet Gwynn, vice-president; Marlene Swisher, treasurer, and Elly Zogonas, secretary.

Many Future teachers of America have been taking over classes in the various elementary schools, including Heyl and Greenlawn. On April 13, several of the members of FTA taught classes at Barrett and Roosevelt Junior Highs. All of the members were given a chance to teach various subjects at South during FTA week.—Mar. 29 hrough Apr. 8.

South Side Optometrist Assists In Developing New Type Of Eye Glasses

A South Side optometrist and another Columbus optometrist recently disclosed a substitute for unsightly telescope-type glasses, which, in the past, because of their unsightliness have made it difficult for some vision-deficient persons to obtain jobs.

Dr. Thomas Perone of 946½ S. Parsons-av and Dr. Benjamin Center of 677 N. High-st announced their new substitute for the unsightly glasses at a recent clinic conducted at the Neil House.

The substitution actually consists of a technique rather than a device. The telescope lenses are replaced with a type of two-element lens—one in the form of a contact lens and the other in the form of a normal type of lens. According to a prominent Chicago optometrist, the combination lens provides better vision for many cases not helped by other means and the wearer appears to be wearing normal glasses.

WIN YOUR DREAM
By Charles W. Widmaier

Some folks will sit around and dream,
And that is all they ever do.
But it takes work and planning,
To make each dream come true.

Dreams do not come true easily,
But as your plans all unfold;
You will find that it's a pleasure,
While reaching for your goal.

Heartaches will be there you bet,
Failure you can expect to meet.
But after you've obtained your aim,
The victory is mighty sweet.

So, if you have success in mind,
Set your sites squarely on your aim.
Go after that success and try,
And your dream you will obtain.

In Passing

By Esther Weakley

Kind words produce their own image in men's souls,
And a beautiful image it is.
They soothe and quiet and comfort the hearer.
We have not yet begun to use kind words
In such abundance as they ought to be used.

SPRING HEADLINES

A newspaper flies on the wind
To the spirea bush.
Oh, what is the news
the spirea bush
wishes to know?
Whether the grass is
going to come green?
Whether the maple will leaf?
Or whether the cat
will catch the squirrel
Are the robins back again?
What are the headlines
The spirea bush wishes to see—
That spring is on the offensive?
Helen Eckert, in her book
A Salute to 150 Ohio Summers.

A letter from my favorite shutin suggests that I write something about one of our favorite friends, who is having a birthday today. She is Marie Spaith of Cincinnati. My f. s. can say it better than I can, so here is a part of her letter: "Even though Marie Spaith does not live in Columbus, I'm sure that readers of your column would like to know about her for they all know people just like her, or I hope they do. Everybody should know at least one person like Marie, to help make living more enjoyable. No matter how many troubles this gal has, and she has had some kingsize troubles, she never inflicts them upon her friends. When we hear about them through somebody else, and mention them to her, she laughs them off and tells us we have good imaginations. And her laugh would cure anything from the blues to bunions. Her house is like Grand Central Station is supposed to be—full of people, some of them strays like myself, whom she has taken in and mothered. My name for her is 'Mama Mia,' and it suits her although she is a bit young to be my mother. Her letters are masterpieces of good humor and warm friendliness, but now and than the mother-love that she feels for her own two children and her daughter's husband who is in the Army; for all the boys in all the services, and for everyone who needs mothering, is shown clearly. I wish every orphan had a Marie Spaith to make him feel wanted and loved, and I wish I could send her a yacht or Cadillac for her birthday."

Here are some home safety hints, for what they're worth: If you really must dryclean with naphthalene or gasoline, you'd better be safe, and do these chores in the great big out-of-doors. Let the garments dry outside so the fumes will die outside. Remember what I have said to you—you don't want to be dead, do you? . . . It's all right to pile boxes and books on a rocking chair and then stand on them to hang your drapes—that is, if you're a trapeze artist . . . Have forgotten the exact figures, but there are almost as many fatal accidents in the home as on the highway, so I guess it's up to us gals. We might spout some elocution on the theme of 'electrocution during the family's abolution—in other words, tell the family they should not turn on a light while standing or sitting in the bath tub.

I could hardly lay the book down and all that spring-cleaning kept bothering my conscience, but I read on anyway."

From somewhere: Don't depend on the other fellow to stop. An accident will hurt just as much whether you are right or wrong . . . South Side Phase Of Primary Election Marked By Vacancies In Ward Committeeman Posts

Most Of South Side To Use New Voting Machines For First Time

South Side residents will march to the polls on Tuesday, May 4, to record on new automatic voting machines their choices as to who will be the standard bearers of the Republican and Democratic parties in November. The first seven wards of the city all are enjoying the modern balloting devices.

The most unusual thing about this year's primary on the South Side is the fact that three candidates for committeeman are unopposed and the large number of committeeman posts that are vacant.

On the Democratic side of the ledger, incumbent Arthur J. Bushman is matched against John L. Nolan for First Ward committeeman; Frank Burgstaller is unopposed in the Second Ward; Paul Jander and Alex A. Beres are seeking the vacant slot in the Third Ward; and John B. Dury and Stuart J. Thomas both seek the vacant committeeman job in the Fourth Ward.

The Republican side of the ballot shows Peter Barkle and Harry T. Selis seeking the vacant committeeman post in the First Ward; Incumbent Henry A. W. Bell is unopposed in the Second Ward; Harry F. Bayer is automatically successful in his bid for Third Ward committeeman by virtue of the fact that the office is vacant and he is unopposed; and James R. Burchfield and Forrest Irwin are matched for the vacant post in the Fourth Ward.

In Marion Twp., Edward Little, Herbert C. Little, and Robert J. Randle are seeking the Democratic committeeman job; and John N. Matteson is unopposed for Republican nod.

Marion-Twp. Sidelights

By Joel Snyder

Friends and acquaintances of the Louis B Kaser family are mourning the loss of Mrs. Kaser who passed away Saturday at her home, 1715 S. Champion-av. Having been in ill health, Mrs. Kaser had undergone an operation recently, but her death Saturday came unexpectedly. She was a member of the Southern Way Chapter of OES, Southgate Optimist Club, and the Ladies' Auxiliary of the Southeast Lions Club. Surviving are her husband, Louis B. Kaser, president of the Marion Local board of education; a daughter, Barbara Ann; two sons, Berne and Don, and her mother, Mrs. May Stanley.

The Smith Road PTA is sponsoring a supper Friday, Apr. 30, at the Marion-Franklin High School. The committee is putting the final touches on plans to insure a grand success of the event, which they promise will be a humdinger! Serving from 5 until 8 p. m. in the cafeteria, the a la carte menu will boast many different dishes, very reasonably priced and very delicious. Tickets can be obtained at the door. Come out, bring your children and your neighbors. They say that for about half the price of a haircut you can eat like a king. Don't forget, that's Friday, Apr. 30.

While we're on the subject of schools, it seems that two fingered gesture indicating "Shame on you" is in order for many of the parents and friends of our children in the Marion Local School District.

The Public Opinion Panel which held the panel discussion in the high school last Friday night had loaded the program with good speakers. The POP had planned well in advance to make sure that the subject matter to be discussed would be well-covered by the members of the panel. The panel members, taking an active part in the program, studied hard in their precious spare time to make their presentations interesting.

Then what is there to complain about?

The attendance was poor. That's what.

WHERE THERE'S SMOKE—An explosion in the basement, which sent Mrs. Steve Reehan of 1759 Oakwood-av running from her house with her baby in her arms Saturday afternoon, caused an estimated damage of $250 from the resulting fire and excessive smoke. The cause of the explosion and fire was undetermined but the fire, which originated in the basement, was quickly extinguished by the Marion Twp. fire-fighters. While the actual fire damage was confined to clothing and furniture in the basement, the large billows of smoke which rapidly filled the house caused extensive damage to the upper floors. As the picture shows, the Sunday afternoon tragedy attracted the attention of a host of spectators.

Hello:

A glance at the calender tells me that Mother's Day is only a little over one week away, the 9th of May. Plan to give Mother flowers, but order now! We appreciate the orders you give us and want to fill all requests; but unless you order ahead of the holiday, sometimes we are not able to serve you. We disappointed many people who came in on the Saturday before Easter, and we are truly sorry. This could have been avoided if you had called or come in earlier in the week.
We telegraph flowers to most parts of the United States, and will send your order free of telegraph charges if you will give it to us before Wednesday, May 5th. The minimum on these orders is $4.00.
April 25th was the silver wedding anniversary of Mr. and Mrs. W. D. Branscomb. Congratulations! Birthday greetings to Mrs. Dick Waller, and special greetings to Mrs. Anna Kenny who has just celebrated her 95th birthday!
Mr. and Mrs. William Roy are the proud parents of a husky baby boy, while Mr. and Mrs. James Karnes, Mr. and Mrs. John Bishop, Mr. and Mrs. William Stewart, and Mr. and Mrs. Richard Kerns all have dainty baby daughters.
Our very best wishes for the speedy recovery of Mrs. Bernadine Blum, Albert Pflaum, Georgia Graham, Fred Keyes, Evelyn Ebersold, Ruth Wright, William Flynn and Mrs. Herman Herb.

ALEX BERES

Candidate

for Committeeman of the THIRD WARD

Stands on this platform and will (if elected) fight for it.

PLATFORM OF THE DEMOCRATIC REORGANIZATION (ANTI-HEER) COMMITTEE

We propose to build a Democratic organization in Franklin County worthy of the name and trust. To do this we will:

1. Support the national and state platforms of the Democratic party.
2. Meet monthly henceforth in order to control Democratic party affairs in the interest of the electorate and the party. No abdication of powers or responsibilities will take place. All powers will be retained by the elected committeeman.
3. Enter competent Democratic candidates for all public offices.
4. Actively and enthusiastically campaign for these candidates, thereby aiding in building an active Democratic organization in the city and county. No longer will Democratic candidates be given the silent treatment, putting an end to the "do nothing, effortless, campaignless" policy of the present Democratic leadership.
5. Encourage active ward clubs and the re-activation of the Franklin Democratic Clubs.
6. Place before the public during campaigns and during the intervening intervals all issues of public concern, supporting the needs of all the people as has been the Democratic heritage.
7. Give all opponents fair, clean, but rousing active battle, letting no offices go by default because of failure to obtain candidates, or because of any sub-rosa political deals, or failure to campaign aggressively. Give to the public in a convincing, effective and responsible fashion the Democratic side, or viewpoint, on every public issue.
8. Assure fair treatment to all precinct workers willing to support these objectives without reservations.

RACE AGAINST TIME

Mrs. Gallagher Almost Not A Candidate

Mrs. Gertrude D. Gallagher, 815 S. Terrace-av, Reorganization Democrat candidate in the May 4 primary for state central committee woman, came within minutes of not being a candidate, she disclosed in an interview yesterday.

Here's the way she explained it:

For several weeks prior to Feb. 2, Attorney John D. Connor, Democratic state central committeeman who will run to succeed himself in the coming primary, had been attempting to coax, cajole, or convince Mrs. Gallagher that she should be his running-mate with Reorganization Democrat backing.

On that date—still undecided as to her political ambitions—Mrs. Gallagher departed Columbus in her auto with a sister to attend the

Mrs. Gertrude Gallaher

funeral of a cousin, John Glynn, in Cincinnati. They stayed overnight at the home of another cousin and attended the funeral the following day, May 3—deadline for filing of candidacy for the primary.

Meanwhile, Connor attempted to contact Mrs. Gallagher to attempt to talk her into running for the office. Her husband, Capt. William J. Gallagher of the Columbus fire prevention bureau, had never met the particular relatives with whom Mrs. Gallagher was staying in Cincinnati, and, furthermore, was not certain but what she had registered at a hotel.

Connor called almost every hotel in Cincinnati, the police, and other agencies in his fruitless and frantic efforts to track her down. He finally called the Cincinnati Enquirer, where newspaper employees traced the funeral home where the deceased relative had been taken through the obituary columns of the paper.

Just as the funeral ended on Feb. 3, Connor completed his telephone call to the funeral home and reached Mrs. Gallagher. With only a few hours remaining before the deadline for filing, Connor managed to persuade Mrs. Gallagher to drive back to Columbus immediately.

She made only one stop en route to the state capital, and that was in Washington Courthouse for lunch. At 3:15 p.m., with only 45 minutes to spare, Mrs. Gallagher completed the necessary paperwork for her candidacy filing at the county board of elections, Fulton at High-st.

Some 20 other Reorganization Democrats were awaiting her arrival anxiously in the corridor. She was their choice and the spot would have remained vacant in the primary had Connor not been successful in locating her in Cincinnati.

The Gadabout

By Priscilla LaRue Dicke

Another beautiful Monday, and all the women are hanging out the family wash but ye Gadabout. I have last week's ironing to catch up first! Do all mothers of adolescents find that a problem too? They never have a "thing to wear . . . I wonder what fills the ironing basket so completely?

A few birthdays to mention and we'll have the column written. A cute blonde girl had a seventh birthday yesterday, so happy birthday, Linda Zielke.

Phillip Spohn, son of Mr. and Mrs. Robert Spohn, has a birthday tomorrow, so we'll include him in the wishes, too. The Spohns are residents of 1237 S. Ohio-av.

The inclement weather kept us from attending Girl Scout family night at Heyl School last week, but we understand it was a nice one, per usual.

Last Saturday the Gadabout had a pleasant outing when some kind friends invited her and her family on a wiener roast and there we gleaned a news item. Bill Kozma, one of the "roasters" had an Apr. 9th birthday, same date as our own Boy Scout. The families at the outing were the hosts, George and Jane McGrew, with their six fine youngsters, Bill and Retha Kozma and daughter and the Dicke zoo.

The Stout family of Wager-st will be in Troy, O., this week-end visiting relatives.

Two late April birthdays include those of Kenny Wycoff and Genevieve Wiggins.

We read two more books in this past week, so we'll duly report on them. They were "Orinoco Adventure" by Hector Aubes, and "Battle Cry" by Leon Uris. Both were excellent. That's our favorite type reading, although the lighter ones have their place, too.

Billy Barry came out second best when his bike plowed into a truck recently, and now he is sporting an "ouchy" ankle. Billy is a Frebis-av resident.

We have some thank-yous we want to convey for two ailing members of our community. Mrs. A. J. Graumlich of 1351 S. High-st wants to thank everyone who sent cards and flowers to her while she was in Mercy Hospital and we're happy to report that she is now at home. Mrs. Frank Leslein also asked that we convey her gratitude for the cards sent to her son Frank R. The Lesleins live at 643 Southwood-av.

A young Barrett miss will soon be celebrating a birthday. The pretty lass is Fawn Masters and her birthdate is May 8.

Next Wednesday, the members of Trudeau Guild No. 25, will meet at the home of Nellie Kaufman, 715 Jenkins-av.

Basking in the Florida sunshine these days are Vada and Jerry Daugherty. Vada is the pleasant gal, Friday, at the South Side Leader. She'll be at her old stamping grounds on May 10.

We were sorry to hear that Mr. Lawyer of 1218 S. High-st, was among our ailing residents. We let his birthday slip past last month without mentioning it, so we'll make that right here and now.

Edith Stiebritz is on her way home from the Panama Canal, preceding her soldier husband. He will be in Columbus in August. The Steibritzes are the brother and sister-in-law of Margie Speakmon, 820 S. Third-st.

The Easter season brought us an amusing incident. A father playfully cracked one of the pretty-colored eggs over his daughter's head, and imagine his chagrin when he discovered it hadn't boiled hard! The egg came cascading down and his daughter was definitely all "yolky." That child could truthfully say, "the yolk's on me!"

Well the "yolk's on us", for we are fresh out of items, so remember GA. 1051, won't you, and give us your news? Till next week, we'll be waiting to hear from you.

Light their life with *Faith*

Bring them to worship this week

When they're little is the best time to give the children the biggest gift of all . . .

Faith. Bulwark of the soul in troubled times. Source of inner peace every day. With it, your children will be ready to meet the obstacles . . . to relish the happy times fully.

And there's no better way to help them find Faith, than by making attendance at church or synagogue a family affair. Go together this week . . . and every week!

IN THE SPRING

Young Men's Fancy Turns To Baseball At Roosevelt Jr.

By Nancy Tipton

It's that time of year again when every young man's fancy turns to baseball and it is no exception at Roosevelt. Already the coach, Clyde Battin, has started spring training and the new team is being formed. Although there are no lettermen returning from last year's team, there are four members of the squad trying out again.

The boys who have been given positions on the squad thus far are Jim Zollinger, Eddie Saunders, Steve Dworkin, Ronnie Miller, Sonnie Green, Charles Cortle, Harold Abraham, Bill Wentzel, Allen Weinberg, Jim Brissenden, Ronnie Shafer, Gary Mexicott, Chuck Church and Don Dreher.

Roosevelt's 1954 schedule includes: Apr. 27, Indianola, away; May 4, Aquinas, at home; May 11, Starling, away; May 21, Mohawk, away; and May 25, Linden, home.

This year, if the board of education will permit it, Roosevelt can use its new diamond near Deshler Avenue School. This will mean a higher attendance rate, since their home field has been in the past at Franklin Park.

Although the season is still young, the Roosevelt team is supposed to be a good one this year. All Roosevelt fans are urged to come out and support it.

RE-ELECT
Arthur J. Bushman
For Democratic Committeeman
1st Ward

X Your vote for a lifelong resident of the 1st Ward, residing at 1349 S. 3rd St., will be appreciated.

PRIMARY ELECTION
MAY 4, 1954

What IS a Committeman?

Each of the twenty-one townships in Franklin County and each of the nineteen wards in the City of Columbus elect committeemen at the Primary Elections held in even numbered years. These forty committeemen of each party make up the County Central Committees of their respective parties, which in turn select the County Executive Committees. Usually members of the Central Committee are included in the membership of the executive committee.

These committees and the individual members are the very foundation of our governmental structure under the two-party system of government and a committee may be strong or weak in accordance with the type of its members. Thus the selection of a committeeman is a serious business and should not be regarded lightly by members of either party.

Your vote and support would be greatly appreciated by me, but the really important thing is to get out and vote at the Democratic Primary on May 4, 1954.

John L. Nolan Will Address Meeting May 1

John L. Nolan, Reorganization Democrat candidate for First Ward committeeman, is to be the main speaker at a meeting to be held Saturday, May 1, at 8 p.m., in the basement of the Hungarian Reformed Church, Woodrow and Washington-sts. The meeting will be sponsored by the American Hungarian Democratic organization and endorsed by the Reorganization committee.

Nolan is married and has two children, Mrs. Patricia Hauseberger, 24, and Robert Nolan, 21, who is a junior at Ohio State University. He is employed by the Clark Grave Vault Co. in the payroll department. Nolan was formerly with the state auditor's office and has had 12 years as a state examiner. He belongs to the Young Franklin County Democratic Club and the Moose Lodge and is a member of South Methodist Church.

Nolan is well known to many sports fans of the South Side as he was manager of state auditor's softball team for 15 years, during which time the team was runner-up in both state and national champion playoffs. He now resides at 127 E. Welch-av.

Methods of distributing risks to guard against fire and other hazards to life and property were set up in Ohio by the first settlers.

MARION SIDELIGHTS—

(Continued from Page 1)

Some people go around bragging about our schools here in Marion Twp. One of the things they brag about most is the attitude of the teachers on the staff. They make the problems of the children, THEIR problems, we hear them say. The students are treated as individuals, and get personalized attention, from staff members. We hear people repeat over and over again how every effort is made to give the students the best available in a public school system.

Why is it that the parents are not any more interested, then? Are they being spoiled by the thorough job the school system is doing? Are they taking for granted, the services that are being performed by the paid personnel, who until now have conscientiously "seen their duty and done it?" How long do these parents think the wonderful school spirit in existence now will remain if they kiss it off?

The school officials and others interested in our youths' education have in the past and are in the present expending much time and effort to insure the proper educational facilities of our citizens of tomorrow. In the Marion Local School District these workers are doing this through an unending series of surveys. A constant study is being made of the newest modes in teaching and nothing is overlooked that shows promise of giving benefit to our students.

In the future, it is hoped that when occasion arises for the parents to make a show of hands of those interested in the educational welfare of their children, there will be more hands and less vacant seats.

We had a few birthday greetings we wanted to extend and isn't this lovely weather for a birthday—or anything?

Happy birthday to Bobby Gerbig who became nine years old on Apr. 27; to Dave Price who was 25 on the 30th; to Mrs. Ida Long who celebrated her birthday Apr. 24, and to Mrs. Lucille Weisberg who had a birthday on the 27th. The last two were evidently over 25, as we didn't hear any age mentioned . . . Congratulations to the Johnny Markes family on their new arrival.

If you didn't purchase your tickets to the Scout-O-Rama last Saturday when the Scouts came to your door, contact the nearest Scout or Cub Scout in your neighborhood. We hope that sneaky J. N. doesn't do any campaigning (for the other candidate) at his booth at the Scout-O-Rama. That guy will stoop to anything (if it's worthwhile). You're a good guy John, and we love ya' . . . But Pa-leez! Don't get us any votes!

Mrs. Doris Long of Fairwood-av had a pretty exciting week that started off with her being rushed to the hospital on the 25th for an emergency appendectomy. On the 28th she celebrated (?) her birthday and on the 29th, her fifth wedding anniversary.

We're sending our best wishes for a speedy recovery on the first of the events and our congratulations on the next two . . . The two daughters of Paul and Virginia Fisher have been ill with the croup, the youngest being taken to Children's Hospital for treatment. We hope by this time they are both feeling much better.

Ohio is the greatest savings and loan state in the nation with total assets above two billion dollars.

Beres Is Candidate For Democratic 3rd W. Committeeman

Alex Beres, of 1086 Studer-av is a Reorganization Democrat candidate for Third Ward committeeman of the South Side. Beres, who is one of the original reorganization committee platform members, helped design the platform and has stated "that if elected I will fight to uphold this platform."

Beres is married and has two children, Paul, 3, and Michael, 2. He is a welder at North American. He also is a member of the Corpus Christi Catholic Church. Beres states that "he has been very active in Democratic affairs ever since coming here from Corning, approximately 8 years ago.

"Inasmuch as time is short and I have not had time to contact everyone individually, if I am elected, feel free to call on me at any time," declared Beres.

Marion-Twp. Sidelights

By Joel Snyder

Monday marked the beginning of the Marion-Franklin High School stadium drive which will extend for two weeks. William C. Lowry, drive chairman and member of the faculty at the new high school has indicated that the success of this drive will determine whether the school will be able to play its football games on its own field under lights this fall. Last year the school used Groveport High's field, but since the work on the new field has already begun, completion of the grounds proper is assured by mid-summer.

The capital must now be raised to install the necessary lights to illuminate the field. The Marion-Franklin High School Athletic Board and the Booster Club have pledged themselves to the task of raising these funds by May 15. They are contacting by letter the various business and industry interests, the parents of the students and are appealing to all other community residents to supply the necessary resources to erect the lights. Chairman Lowry has promised that committee members will be happy to call for any donations, although the donations can be sent by mail directly to the school.

"It is not necessary to state that the students themselves are anticipating a successful campaign for the funds. They have already taken the message home to their parents, assured of a welcome reception there. They are hopeful of a wonderful response from the remaining residents. Revelling in the glory of their beautiful new building they now await our answer to their need. Let's give generously. They deserve our support.

Their appreciation is a fore-gone conclusion.

The very first class play, given by the junior class at Marion-Franklin High School will be presented May 14, 15, and is titled, "Goodnight Ladies." Curtain time is 8:09 p. m. (This is not a typographical error. The curtain will actually go up at 8:09.) Proceeds will be used to ease the senior graduation expenses, such as caps gowns and flowers. The play will be directed by Mrs. Marjorie Manning, who is also the class sponsor.

The two male leads will be capably handled by Russ Chandler and Bob Horrick. Other members of the cast include Dolores Hughes, Barbara Beck, Marian Milbanks, Ruth Perry, Allean Luther, Norma Mellick, Beverly Bowman, Leroy Erwin, Paul Lewis and Rich Langley.

The entire cast will be guests of Sally Flowers, May 12 on her television program on WLW C at 5:30 p. m. Student tickets will be 40c, adult admission 60c.

The high school will present a music festival Friday, May 7, at 8 p. m. Six days later, Thursday, May 13, Smith Road School will offer its music festival. The supper at the high school, sponsored by the Smith Road PTA, proved to be everything they said it would be. The committee owes a vote of thanks to all the workers who cooperated to make the event a success. A very special bouquet should go to Mrs. Ida Long, who stayed on, after her kitchen chores were

Bulldogs Drop Sixth Straight Diamond Tilt

By Fritz Frank

South's Bulldogs hadn't yet broken the ice as they lost their sixth straight ball game on Apr. 27 to a superior Linden McKinley Club on the Ann Street diamond.

Bulldog Hurley Dick Stahl was tagged for six runs in the big third inning (for the Panthers), two of them coming from Jim Ruth's homer over the right field fence.

Bill Wardle came in to relieve Stahr in the third inning and gave up five hits in four and one third innings.

South came back in the third on Frank Howard's triple and Fritz Frank's single with one run. South's second score came in the sixth on Dick Shirey's hit a base on balls, Al Garey's balk, and an infield out.

Al Garey, Linden hurler, collected two singles for three RBI's. Garey struck out eight Bulldogs, walked three, and gave five hits.

The Bulldogs dropped their fifth ball game at Hayley Field Monday night, Apr. 26, at Hayley Field largely because of Tiger Pitcher Don Morris' four hit pitching.

Frank Howard, South hurler, gave up six hits, walked seven and fanned 10. "Chico" tried vainly to pull the Bulldogs out of the fire but because of the continuous error making of the Bulldog nine, it was all in vain.

East's big inning came in the fifth when they scored six runs. The runs were scored on four walks, a wild pitch and two singles. South collected four hits while East collected six hits. Morris struck out 14 and walked four.

Shorter By A Head Now He'd Be Dead

If a 51-year-old South Side resident were a head shorter, he wouldn't be alive today.

Harold Montgomery, 1570 Moler-rd. lost control of his car Monday on Scioto-blvd., plunged some 100 feet down a steep incline and came to rest with his head less than a foot out of water in the auto which was half submerged in the Scioto River.

Police labored several minutes to free Montgomery from the auto then took him to Mt. Carmel Hospital, where he was treated for an injury to his hip and minor cuts.

Southwood Honors Mid-Ohio Spelling Champ

Jon Ellifritz

On Wednesday, May 5, the Southwood School held an appreciation program in honor of Jon Ellifritz, the sixth grade student who won the Central Ohio spelling championship on Saturday, May 1.

In winning the championship Jon won himself a complete set of Encyclopedia Britannica and a trip to Washington, D.C. for himself and mother. In Washington he will compete in the national finals on May 20. For the school, Jon won another complete set of Encyclopedia Britannica and the use of a set of Encyclopedia Britannica training films.

Jon was born in Washington, D. C. on Sept. 1, 1942, and came to Columbus schools from Bay City, Mich. He has lived in the South Side from Sept. 1950 except for a part of one semester which he spent at Medary Avenue School. Other schools which Jon has attended in Columbus have been the Fairwood, Lincoln Park, and Douglas Schools.

In addition to the guest of honor, his former principals, a former teacher from Douglas, Mrs. Margaret Fox, his mother, Mrs. Margaret Ellifritz Russell Slater, director of child study for the Columbus public schools, and W. W. Miller, assistant superintendent of schools attended the recognition program.

Southwood School is planning a big send-off for Jon when he takes the plane for Washington and will wait with bated breath for the outcome of the national contest. This is the first time a Columbus student has gone so far in the contest and the South Side is justifiably proud of the achievement.

Business Advice

Fill your cash registers with profits from want ad advertising. That's the advice of Jim McHugh of the Western Auto Store at 2886 W. Broad-st. who is thoroughly sold on the business-getting power of the little ads.

McHugh tried the classified ads of this paper which reach 32,000 families weekly, for the first time not so long ago. He was amazed at the speed with which he sold all the trade-ins and other special bargains he had offered.

Want ads are the friendliest salesmen in town and welcome visitors in every home. Simply call GA. 9262 or RA. 1125 for skilled assistance in the wording of your business stimulators.

finished for the school day to direct the cuisine for the PTA function. They say they couldn't have gotten along without her.

Don't forget MOTHER Sunday. You might even take her to the Scout-O Rama Sunday if she isn't tired of first-aiding her family . . . Speaking of mothers, Mrs. Carl Haynes (Arlene McKinley) presented her husband with their first child, a girl Apr. 28 . . . A prominent pillar on the school scene called our attention to an omission, on our part in a recent column. In the column, this writer was enumerating the good qualities of our community relative to the political status of the township. He injected the compliment to the community press which he felt we were fortunate to have, the sum total of said press being two. He thought that although I had failed to call attention to the two publications being distributed in Marion Twp., it was worth a mention.

Regarding this paper, I personally feel we owe the publisher many thanks for the consideration he has shown in giving us a free hand in editing this column. We have tried to stick to facts and remain free of controversy. And to the gentlemen who gave us (that's the plural "us",) a pat on the back, we say, "Thank you."

Next Tuesday, May 11, the Marion Twp. Citizens Association will convene at the high school, at 8 p.m. It is important that all members attend as the election of officers will be held. This June marks the end of the first year for this comparatively new organization, which has established itself as an outstanding study group for the betterment of the township. With the advent of a new year and new officers we are expecting even more progress in the establishment of a community spirit and mutual understanding among the citizens.

The "first hundred days" were the hardest, for this association. There were times when the organization seemed doomed to failure. But whenever somebody dropped the ball, somebody else always managed to regain possession and carry on. Eventually the membership grew, and their faith was proven by the officers and other members of the board of directors. It is our belief that the nucleus of community spirit that has been fostered by this group could not, now, be beaten to death with a stick. It is also our belief that, assuming the township does change its political status sometime in the future, this spirit would be of great benefit to the residents.

On the ballot as candidates for officers in the coming year are: president, John Nippert and Joel Snyder; vice-president, A. C. Meyers and Robert L. Green; secretary, Mrs. Ruth Hicks and Joe Ziegler, treasurer, Jack Schoenover and Ralph White.

Nominated to serve as trustees of the organization were the following: John H. Wagner, Mrs. Ada Smith, Arthur Wimbley, Ed Findley, Richard Smith, Ross Orr, Walter Lensenmayer, Chester A. Davis, Ellis Slyh, Sherman Smith, and Paul Berger.

The speaker for the meeting will be the popular state representative from Franklin County, Kline Roberts. Roberts is also the majority floor leader of the House of Representatives. As a member of the metropolitan planning committee Roberts is especially well versed in the problems confronting the townships and the metropolitan areas to meet on a middle ground and arrive at solutions of mutual benefit to both groups.

Although I was unable to contact Roberts before my deadline, for an exact description of his proposed talk before the Citizens Association, my understanding is that he will offer some suggestions to our organization for a feasible system of cooperating with other groups, or a workable arrangement that might be established between the metropolitan and the outlying districts that would be mutually beneficial.

It is this writer's contention that the study being made by the Citizens Association as to the whys and wherefores of annexation or incorporation or the desirability of staying as a township, is the most sensible step being taken in Franklin County. The presence of this speaker upholds this belief.

MEET YOUR LIONS

Southeast Lion Prexy Morrison Savings & Loan Firm Executive

Wilbur Morrison

Wilbur H. Morrison, current president of the Southeast Lions Club, is secretary-treasurer of the Main Federal Savings and Loan Association at 24 E. Main-st.

A member of the Southeast Lions since July 1945, Morrison served for three years as financial secretary of the club and later became vice-president. He is also a member and past president of the Columbus Chapter of the American Savings and Loan Institute, and a member of the West Park Methodist Church and its choir, Society of Savings and Loan Controllers, Columbus Real Estate Board, Columbus Home Builders, Westgate Lodge 623 F&AM, Scottish Rite and Aladdin Temple Shrine.

Morrison and his wife, Jeanne E., who were married in 1940, have a 12-year-old son, Tommy, and an eight-week-old daughter, Diane. His major hobbies include attending sports events with his son, and bowling. He will play in the Old Timers' Softball League this summer.

Born July 21, 1913, at Cheshire, Gallia County, O., he describes himself as "the son of a small town Methodist minister." The Lion president attended several schools, graduating from Mt. Sterling High School in 1930 and graduating from Otterbein College in 1934.

He was employed by Columbus & Southern Ohio Electric Co. from 1934 to 1939 and by the Automotive Parts Co. from 1939 to 1942. After serving as an examiner for the Building & Loan Division of the State of Ohio from 1942 to 1945, he joined the staff of Main Federal (formerly Allemania Building & Loan Co.) as assistant secretary of the firm.

We hope that all the members take advantage of this opportunity to hear another qualified individual discuss this important problem. This meeting is open to all residents who are interested in making wise decisions pertaining to the status of their political subdivision.

Save next Tuesday for yourselves. Come to the meeting.

We'll finish off with a reminder about the current drive to enlist 1,000 volunteers for the Columbus Filter Center. I dropped in at their headquarters on W. Fifth-av. last week and took in the large displays set up to attract Civilian Defense workers. The Ground Observer Corps, the only effective defense against enemy air attack is sorely understaffed in this area, having only about 100 of the 800 workers needed.

The training only takes three weeks, with classes lasting two hours each week. After that, you are ready to work in the Operations Room. This is an important job highly endorsed by the president of the United States.

You might say our country is only as secure as our weakest defense. Radar cannot do the entire job by itself. Certain kinds of weather and enemy planes flying below 5,000 feet are two obstacles that cannot be overcome by the radar equipment. Trained personnel must sight these enemy planes and warn headquarters of the number, type, location, and altitude. This information is passed to a radar station, where the GOC information is correlated with radar intelligence.

While I was there, a high school boy came in and found out they could use him, the same as an older adult. I saw people from all walks of life there, using their spare time to the best advantage.

What is there, that's better than this country of ours? I ask you?

Poetry Corner

OUR MOTHER

Loving eyes that beamed with kindness,
And a heart of solid gold.
Serve always to remind us,
That her memory will ne'er grow old.

Words that in wisdom guided us,
To the right things from the wrong.
Directed us to our happiness
And aided us in growing strong.

Her ways were always gentle;
Her dreams for us, so true.
And her actions were sentimental,
With things concerning me and you.

The tears she shed when anything
Troubled our path in life.
To her, we were queen or king,
When we overcame our strife.

No one can ever take her place,
Nor could anyone master the task.
In our hearts we'll carry her loving face.
That is all she'd ever ask.

The Gadabout

By Priscilla LeRue Dicke

Any webs between your toetales yet? We'll soon be sprouting them, if Jupiter Pluvius has his way. How nice to know that there's plenty of water up in the dam, though.

One of the events scheduled on our calendar is the carnival to be held at Southwood School, May 14.

Appearing on Aunt Fran's program was the big event for four-year-old Rita Marie Emrich, 281 E. Moler-st, on Apr. 23.

Members of Barrett's PTA executive board are looking forward to an outing at the summer cottage of Mrs. John Ruoff for their final meeting of the year, next Tuesday, May 11. The cottage is located at Buckeye Lake.

This Friday night, May 7, the same group of women will be helping on the round and square dance to be given at the school, with Jim Wagner calling. The dance starts at 7:30, lasts until 10:30, and parents will act as chaperones.

Janice Kaufman had her birthday party brought to an abrupt end by a long-distance call telling of her grandfather's extreme illness, on Apr. 24. The family was with him in his final living moments. Our deepest sympathy goes to Nellie in her bereavement.

As happens to all parents with children in two schools, Ye Gadabout must make a choice of "which school to go to" this Friday night—Barrett's square dance or the band and orchestra concert. The music starts at 8 p.m.

A pretty little miss advances a year in age next Tuesday, so Happy Birthday, Kathryn Mason.

May is a busy month for Trudeau Guild No. 10. May 8 is a bake sale at the Betty Ann Confectionery (the next day is Mother's Day, so how about you kids getting a cake so Mom won't have to bake on "her" day?) On the 12th all Guilds hold the annual banquet at the Southern Hotel, and because that night would normally be the meeting night for Guild 10, their meeting has been moved back to the 19th. The meeting will be held in the home of Madeleine Oakley. Guild 25 plans a dance in the very near future.

Mr. and Mrs. Lewis Wright are to be congratulated for achieving a 35th wedding anniversary.

Ronnie Lemmon 1477 S. Fourth-st, has an eventful week this week, for today he celebrates his fifth birthday and tomorrow he will have his tonsils out, at Mt. Carmel Hospital.

Larry Rumsey, Jr., 222 Frebis-av, moves a year ahead in age on the 16th of the month.

Are you planning to attend the Scout-O-Rama this year? Our Boy Scout will be one of the many boys taking part in this gigantic effort, so this Sunday will find us giving the affair the once-over. It's to be held Saturday and Sunday. The Saturday session lasts from 1 p. m. until 10 p. m. and on Sunday from 1:30 to 6 p. m. Children's admissions are 25 cents and adults get in for 50 cents.

Chicken Dinner Set At Corpus Christi

Corpus Christi parishioners whose last names begin with N, O, P, Q and R are planning a delicious chicken dinner with all the trimmings for Sunday, May 16, from 11:00 a. m. to 5:00 p. m. Parishioners and friends are invited. Adults $1.00, Children 50c. Members of the committee pictured left to right, seated are Mrs. Alvin Patterson, Mrs. J. Rentler, Mrs. C. W. O'Connor and Mrs. J. Nesser. Standing are Mrs. Eric Park and Mrs. Henry Overfield.

Carole Black swung the pendulum of Father Time's clock another year on Apr. 29, and is now a year older.

Jimmy Whalen leaves babyhood behind him and emerges a five-year-old this Sunday, May 9. The family home is at 224 Frebis-av.

Mothers of two of our friends are hospitalized this week, so we send wishes for speedy recoveries to Mrs. Rogers, recuperating in St. Anthony Hospital, room 104, due to be discharged in a few days; and to Myrtle Ranney, scheduled to enter University Hospital yesterday. She makes her home with her daughter, Genevieve Wiggins, at 999 S. 22nd-st.

Congratulations to young Johnny Ellefritz on his recent success in the spelling contest sponsored by the Citizen. Hail to the champ! Much luck on that Washington trip, Johnny.

Mr. and Mrs. Herman Federer, 293 E. Moler-st, have just returned from an enjoyable trip to our nation's capital. While there they visited Mrs. Federer's sister and brother-in-law, Mr. and Mrs. Frank Coleman. They also visited Col. and Mrs. Charles Lonero of Bucknell Manor, Alexandria, Va. It was their first TWA flight.

"Twas a pleasure writing this column, for we had more to write about. How about keeping up the good work by dialing GA. 1051 with your news items? The appreciative person will be—

In Service

Pvt. Gerald F. Kaiser, 20, son of Mr. and Mrs. J. H. Kaiser, 252 Reinhard-av, recently arrived in Mannheim, Germany, for duty in Battery A of the Seventh Army's 7th Anti-Aircraft Artillery Battalion.

Pvt. Kaiser, a radio operator, entered the army in September 1953 and completed basic training at Fort Knox, Ky. He is a former student at Ohio State University and employe of the Ohio Bell Telephone Co. in Columbus.

Evangelistic Services In Progress At Parsons Avenue Nazarene Church

Evangelistic services are now in progress at the Parsons Avenue Church of the Nazarene, Parsons-av at Forest-st. It will continue through May 16.

Services begin each evening at 7:30 with the Keller York Evangelic Party and Rev. Sammy Sparks serving as the evangelists. The Keller York Party is noted for good gospel music and Rev. Sparks is one of the outstanding evangelists of our day. Rev. D. E. Clay is the pastor.

Indianola rallied in the fourth inning to drive in nine runs before it could be stopped. Although Roosevelt tried to make up the lacking eight points, it was almost impossible to do so in one inning.

May 4 Roosevelt will meet Aquinas on their home diamond at Wolf Park.

City Council Head Sends Polite Answer To Citizens Assn. On Annexation

By Joel Snyder

A few weeks ago the Marion Township Citizens Association released its report on the Facts and Questions of Annexation. A copy of this report was sent to various city and county officials, among others, with a letter inviting their comments on the report. Last week the association received one of the first replies from O. J. Fillinger, president of the Columbus city council.

The entire letter received from Fillinger was read at the Association meeting Tuesday at the Marion-Franklin High School, and was left to stand on its own merits. The letter appeared to this writer to be an honest, straight-forward reply to all the questions Fillinger thought he was capable of answering. The only parts he deliberately avoided were the questions involving the different school issues, which Fillinger wisely admitted he thought could be best answered by the Columbus board of education. It might be added here that the reply from the board of education has also been received by the Citizens Association.

The words from Fillinger are the first ones to be received in Marion Township from the Columbus officials in the appropriate spirit of a sales approach. We can assure the City of Columbus that this approach, even though in this case it was instigated by our own initiative, is a much more proper advance than the previous rumors from City Hall of threats and intimidation. With all due respects to the council president's denial of intimidation on the part of the City of Columbus towards the outlying areas, the result has been the same.

This writer would prefer to think that it has been more a fault of poor public relations on the part of the City of Columbus until now, rather than a deliberate attempt to scare these "over-the-border" subdivisions into annexing to the city.

If the writer might take the liberty of expressing himself on the Franklin Heights issue, the lack of good public relations from the City of Columbus no doubt had as much to do with the surprising vote to incorporate Franklin Township as anything else. It seems that the citizens of that area were prodded into turning to a much less advisable political status just to spite the City of Columbus.

Thus, if the city is interested in having Marion Township dissolve itself and become a part of Columbus, as we may very reasonably assume is the situation, this straightforward, intelligent communication from Fillinger has been long overdue. We can assure the council president that his letter will not be taken lightly and will be studied with all due regard.

We heard one individual cleverly quip in the light of the Franklin Township decision to incorporate and become Franklin Heights that if the residents of Marion Township should ever seek incorporation, a suitable name for the new subdivision would be Marion Depths. Aside from the humor, it's possible there's also some sage advice to be found in the suggestion.

A check with two of the township's trustees revealed nothing new concerning recent rumors of moves to start incorporation procedures in Marion Twp. To be sure, the moves are underway, but apparently being guarded carefully.

Officers Elected

Tuesday night's meeting was highlighted by the election of John Nippert as president for the coming year.

In brief post-election remarks, the new prexy declared that there will be more active committees during the coming year. "These are the lifeblood of any organization," he said. He also expressed the hope that more people will take an

The Spectator By C. C. Hartley

We Should Not Allow Central High To Be Sold

The movement to acquire Central High School, tear it down and build a state office building on the site is one that should certainly cause the people of Columbus and Ohio to stand up and shout "No!".

Regardless of what fact finding may have been done to date it appears that very few if any good reasons have been presented that would merit such a move. Certainly no good reasons have been presented that would appear to be economically sound.

What it might add to the civic center is hard to conceive. We hardly believe the present Central High School to be an eyesore in the civic center. In fact it adds to rather than detracts.

Today one of the major problems of the Columbus school system is that of providing adequate housing for all the growing school population. It hardly makes sense to tear down a building of the type of Central High and erect another in some other location in order to house state offices.

Central High School is a focal point of the Columbus school system. It is centrally located and serves a much needed purpose in providing a facility for hundreds of youngsters in the central area of our city. It has long served as a very suitable and centrally located evening school as well as a summer school. To place it elsewhere would be a mistake.

We can't believe that the people who are advocating this move are very well acquainted with the Columbus school problems. We can hardly believe the school board will be at all receptive to such a move.

Some time ago this newspaper suggested that the state would do well to investigate the possibility of use of the Columbus State School and Columbus State Hospital farm lands as a site for these office buildings.

Such a move has far more merit than one that would take millions of dollars to acquire a site down on the river bank just for the sake of the civic center.

The state already owns hundreds of acres of valuable land just west of Central Ave. The money saved on this alone would go far in the construction of the office buildings. The land would have far more value to the state of Ohio for this purpose than it has at present as farm land. As it now stands it is pretty expensive farming on land worth several thousand dollars per acre.

Incidentally these dollars the state could save belong to the people of Ohio!

Then too, building of the state offices on this land now owned by the state would serve to relieve the traffic problem in downtown Columbus and will be very easily accessible when the new belt system is developed.

Regardless of what attitude the state may take toward building new state offices on property it already owns, thus saving millions of dollars, we sincerely believe the people of Ohio should not stand by and allow Central High School to be torn down just so the state offices can be placed along the Scioto river.

Lincoln Nursery To Stay Open

Lincoln Park Day Nursery held open house for the parents of the children enrolled Tuesday evening. Light refreshments were served.

A report was made of the decision of the Council of Social Agencies to continue the nursery at its present location at 1700 S. 20th-st. This conclusion was reached after intensive investigation of the need for these services in this area.

There was also discussion of the daily program of the nursery as planned to give the children truly developmental care and keep them safe and happy.

Six Teams Represent Schiller In Inter-Center Volleyball Tilts

Six teams represented Schiller Recreation Center in the inter-center volleyball tournament held Apr. 26, 27 and 28 at Beatty Recreation Center.

In the Girls' Division, the Pups, captained by Shirley Metzger, were defeated by Glenwood's senior team in an exciting three-game event. The Pups lost their first game 15-12; won the second 15-7, and lost the third game 15-13.

In the Girls' Intermediate Division, the Snipers, with Sandra Fee as captain, were eliminated in the first round of the tourney when they dropped their first two games to Beatty 15-8 and 15-8.

Schiller's junior girls, the All-Stars, with Captain Vivian Stiltner, brought one title back home when they beat Beatty in the first round 15-7, 15-12, and went on to defeat Glenwood's juniors in the finals 15-3, 15-12 and 17-15.

The Blackhawks, representing Schiller in the boys' intermediate classification, took winners' honors in that division, winning over Glenwood in the finals 15-12 and 15-9. The team had no defeats. Team members were Captain Bob Woodward, Tom Richards, Gary Quillan, Harlan Frederick, Larry Mills and Ron Jockell.

The Bulldogs in the Junior Division finished second, being defeated by Glenwood in the finals.

The Hotshots of the Senior Boys' Division were eliminated in the first round of the tournament.

A 'CONSPIRACY' OF CARDS

Dr. Hutchfield, South Side General Practitioner For 52 Years, Will Mark 83rd Birthday Saturday

Dr. John Hutchfield, who has been a general practitioner with offices in his home at 106 E. Innisav for the past 52 years, wouldn't want this article to be written.

He'd probably say, "What's so wonderful about my having my 83rd birthday this Saturday? All it means is that I'm getting older."

That's the kind of a fellow the good doctor is—modest and hard-working.

Because of his modesty, we had to get the story of his life from his wife, Margaret, whom he married in 1937 following the death of his first wife in 1934.

It's a life-story truly worthy of dramatization on TV's "This is Your Life" program.

Born in Wales, Dr. Hutchfield came to America at the age of four. His mother and his father, a Presbyterian minister, settled in Brooklyn, O., where he grew up.

After completion of his medical training at Ohio State University 57 years ago, Dr. Hutchfield hung up his shingle in Moxahala, O. Five years later he moved his shingle and home to the Innis-av address. One of his two daughters followed in his footsteps and became a doctor. Both Dr. Thelma Hutchfield and Mrs. Josephine Ambacher now live in Arizona.

His wife calculates that approximately 1000 South Side babies were brought into the world by the doctor, who is also a member of the Mercy Hospital staff.

On Saturday, Dr. Hutchfield, who enjoys excellent health, will take time out from his full schedule to sit down to a dinner in his honor with relatives.

He has no idea that neighbors are "conspiring" to flood his home with flowers, telegrams and birthday cards of congratulations.

Like we said he'd say, "What's all this fuss about being 83?"

Bulldogs Break Ice In Downing Grove City By 6-1 Score

By Fritz Frank

South's Dick Stahr pitched a no-hitter as the Bulldogs defeated Grove City 6-1 on the Ann-st diamond Wednesday, May 5 in the opening round of the district tournament.

The only run off Stahr came in the sixth inning when the left-handed hurler gave up a walk and the man scored on an error.

Four errors in the fifth inning by Grove City accounted for South's three deciding runs.

Stahr struck out 10 opposing men while John Frank led the Bulldog's battery by cracking out three singles. Frank Howard singled once to drive in two runs and Ben Wright knocked in the first run with a line single.

It was the Bulldogs first win in eight contests.

Two Leagues See Action In YMCA Church Leagues

The South Side YMCA Church Softball Leagues got under way last week with two leagues seeing action. The Girl's League was rained out on Monday, but in the Junior League games Wednesday, Washington Avenue EUB, last year's champs, gave notice that they would be hard to beat with a neat victory over St. John E&R.

Scoring 16 runs in the sixth inning, St. Leo downed Central Community 20-4. Tight hurling by Eberts and heavy clubbing by Schneider and Gassman featured St. Leo's attack. Two hits by Billy Wolfe and a triple by Dick Schumaker were the big blows for Central Community.

Behind the steady pitching of Hugoniot and the hitting of Dickie, who belted three singles and a home run, Southwood C of C downed Ohio Avenue EUB 10-2. Rinella sparked Ohio Avenue EUB with two hits.

Emmanuel Lutheran won a slugfest from Oakwood Methodist 27-15.

St. Paul E&R defeated South Methodist 15-6.

Only two games were played in the Intermediate League Thursday. St. John's E&R defeated Gates-Fourth Methodist 4-3 and St Leo downed Ohio Avenue 21-8. In a well-played game St. John E&R defeated Gates-Fourth 4-3.

The big guns for St. John were pitcher Ruby, who gave up only five hits, and Wolfe and Schatz, who collected two hits each. A single and triple by Tom Trumble were the big assists for Gates-Fourth.

The highlights of St. Leo's 21-8 victory over Ohio Avenue EUB were Tommy Turner's strikeouts and a home run belt by Dick Callahan.

Pitching Duel Spotlighted In Gra-Y Contests

A pitching duel between Barry Russell of Greenlawn and "Speed" Jenkins of Reeb had the spotlight in the South Side Branch YMCA Gra-Y Softball League games played in the South division Tuesday, May 4 at Southwood Field. In another contest Lincoln won over Stewart 20-8.

Russell of Greenlawn scattered five hits, four of which were of the scratch variety in helping his team to a 3-1 win over Reeb. Greenlawn got the jump in the first after two were out on an error, a sharp single by Harry Hunter, and two fielder's choices which failed accounting for two runs.

Reeb picked up its only run in the second on a double by Harp driving in a run. Jack Thompson led the winners at the plate with two singles in three trips to the plate.

Lincoln players disregarded the cold day as their bats were hot all day winning 20-8 in a game which was cinched in the first inning. Stewart got off to a 2-0 lead, but when Lincoln finished batting in its half of the inning the score was reversed in favor of Lincoln 14-2. Every man for Lincoln hit safely at least once.

In games played in the north division of the Gra-Y League on Thursday, May 6, Deshler rallied to beat Livingston 10-8, and Siebert edged Beck 6-5.

Deshler and Livingston fought a see-saw battle before Deshler came up with five runs in the last inning to down Livingston 10-8. Trailing 6-5 in the top of the fifth, Jerry Meinrod led off for Deshler with a triple followed by three singles and two errors to account for five runs. One of the big blows of the game was a three-run homer in the third by Deshler's Bill Burton. Dan Spence's three-bagger was Livingston's big clout.

A big fourth inning enabled Siebert to knock off Beck 6-5. Three runs on five singles did the damage. Beck's runs came in the last two innings on four hits. Art Pendergust and Leonhard Byrd had two hits each for Beck. Ken Lee of Siebert also had two.

Overwhelmed!

"Our want-ad in your paper brought us more response than similar ads in all the downtown papers put together," was the unsolicited comment of Grant Linn of the Globe Assurance Co., 659 E. Broad-st, who placed a classified ad in this newspaper last week seeking male and female survey workers for the West Side and South Side.

"We've never had such a response," Mr. Grant continued. "It was overwhelming and beyond anything we ever expected." He said his telephone, RA. 0983, was kept abuzz with people seeking appointments for the jobs.

This bears out the facts: Want ads in this newspaper are read and read faithfully by 32,000 homes each week. If you want similar astonishing results with YOUR selling, renting, or service problems call GA. 9262 or RA. 1125 for expert assistance in the wording of YOUR want-ad. It'll pay great dividends!

Brrr—Still chilly. Methinks the only place to pencil these words is in front of the gas grate again. If only we could "bottle" this coolness to use in the inevitable hot days ahead!

This coming Saturday night is a special one for members of the Demolay boys of our city. The Mothers Club has planned a pot luck, to be followed by a square dance at the West Side meeting place. Jim Wagner will do the calling. Ye Gadabout is looking forward to the event, as she hopes to meet some of the South Siders who will be present there. The social affair has a 8:30 starting time.

Three South Siders motored to California to visit loved ones in that distant state and naturally had a wonderful time. The three were Paul and Myrtle Mincer of 249 Frebis-av, and Mrs. Anna Crockett.

The Mincers' destination was San Jose, while Mrs. Crockett journeyed on to Chico, Calif. The Mincers enjoyed their reunion with daughter Barbara and son-in-law, Paul Armstrong. Her address is 949 Harmon, Apt. 14, San Jose, Calif. Many folks would know the niece and nephew of Mrs. Crockett, too, as the nephew is a South grad. Address the mail to Mr. and Mrs. Erwin Reimold, Chico, Calif. The trio took the northern route there and returned via the southern route. They were gone for three weeks.

One of our favorite folks has a soon-to-be birthday, so Happy Birthday, Sarah Storts, when May 19 rolls around.

The Scout-O-Rama was a fine success again— despite the inclement weather. While there we saw Rev. and Mrs. Paul Kaefer, Rose Demattico and Mrs. Ralph Fondauzzi and scores more. One of the Scouts, Darryl Sutorius, certainly had to do some "stepping" to be there, for in the morning he had been an usher at his sister's wedding. (Naturally we want to include a wish of happiness for Carlene and her bridegroom, Bernie!)

A 13th wedding anniversary will be celebrated tomorrow, May 14, by Mr. and Mrs. Ralph Emrich, 281 E. Moler-st. Many more, and all happy ones, Emrichs.

Last Saturday evening found us attending a wedding shower for Shirley and Bob Gioffre, daughter and son-in-law of Margie and Roy Speakmon. The party was held at the South Side "Y", 864 S. Third-st. We hope this list is complete, but if it isn't, forgive us, folks.

Guests attending were as follows: Mrs. Humes, Doris Humes, Mr. and Mrs. Dennis Speakmon, Mrs. Paul Speakmon, Mrs. John McBlane, Mr. and Mrs. Jack Bruney, Patty Kelly, Mrs. VanVorhis, Mr. and Mrs. Fred Lashley, Mrs. Chute, Mrs. Stiebritz, Mr. and Mrs. Neal Speakmon, Mr. and Mrs. Ed Dornoff (an aunt and uncle from Chicago), Mrs. Harry Handley, Myrtle Branch, Mrs. S. A. Dicke, Mrs. William Speakmon, Mr. Cade, Mrs. Al Myers. Music was furnished by Jack and Gene Speakmon, Jim Hoptry and Dennis Speakmon.

Last Monday found Mrs. Ed Lemmon, Sr., entering the hospital. We'll try to get a more complete report on her by next edition.

Mr. and Mrs. Carl C. Burton, 240 Southwood-av, spent an enjoyable week-end with their daughter and son-in-law, Cpl. and Mrs. Charles W. Wallace, of Ft. Belvoir, Va. Cpl. Wallace has been stationed there since entering the service Oct. 2, 1952.

Little Terri Roxanne Donovan, daughter of Mr. and Mrs. R. E. Donovan, 587 Frebis-av, celebrated her first birthday on May 3 by having several little friends in to share the birthday cake. Roxanne's new address will soon be 297 Markison-av, for the Donovans have bought the house at that address from Mr. and Mrs. Savage. The Savages have bought a home in Arlington.

We got a chuckle from Janet, one of our piano students, when she told us that their home was on Wyandot-av. Now they can say "The Wyandot Savages."

The square dance enthusiasts have a chance to cut loose on May 22, at the Kimco Club House when the Ladies' Auxiliary holds a Spring Frolic. There will be a carnival in the basement and door prizes, in addition to the round and square dancing.

Two young couples celebrated a mutual fourth wedding anniversary by having dinner at the Grandview Inn on Saturday, May 1. The couples, were Mr. and Mrs. Jack Stephens, 758 Heyl-av, and Mr. and Mrs. Charles Pappas, 840 S. High-st.

Lillian Ryan had an exceptionally nice Mother's Day this year, and we bet you'll think so too when you hear about her "happenings." Two long-distance phone calls gave her the news, that she was a grandma, and that a son was coming home on furlough.

P. 2C and Mrs. Don Ryan are now parents of an 8 lb. 9½ oz. boy, born on Mother's Day. The little boy's name is Donald Lee. Should any of Don's former South High classmates care to send congratulations, the address is 2502 Pennsylvania-av, N.W. Grandma and Grandpa Ryan are planning to visit the latest addition to the family this coming week-end.

The Ryans other son, Airman 3 C Jerry, called to tell his folks that he will be home on furlough on May 20.

Since we like to chronicle good news so well, it gives us pleasure to give congratulations to Boo Hart, 398 E. Whittier-st, for being the winner of the Junior National Bowling Championship. We know his folks must be awfully proud of him too. Guess we got our items taken care. Keep up the good work by dialing GA. 1051. Till next week, then—

The series will open on Sunday evening, June 13, at Schiller Park with Wilbur Crist conducting. Crist is a former pupil of Dr. Simon. The next concert will be on Sunday evening, June 20, conducted by Dr. Frank Simon. There is no admission charged for these concerts and the public is invited.

ROOSEVELT NOTES

Ed Shannon, School Engr. 12 Years, Will Retire

By Judy Spurgeon

Ed Shannon, engineer at Roosevelt, will retire the first of July. "Sally", as he is known to the students at Roosevelt, has been here 12 years. Before coming to Roosevelt, Sally was at Everett Junior High and at Main Street and Fairwood elementary schools. Sally says he guesses Roosevelt is just about the best school there is.

Everyone at Roosevelt wishes Sally a happy retirement.

Roosevelt Junior High School is the owner of a new green plush curtain for the stage. It was purchased by the school funds and the PTA.

Also new at the school is a spot machine purchased by the school funds.

Roosevelt will have the use of these at their operetta "Tony Beaver" which will be held May 13 and 14 in the school auditorium.

Ambition is our idol, on whose wing great minds are carry'd
Only to extreme, to be sublimely
great, or to be nothing.

BARRETT JR. HIGH NEWS

Biology Class Members Give Conservation Program Apr. 27

The boys in Mr. Dreaning's 9A Biology class presented a conservation program in the Barrett Junior High School Auditorium Tuesday, Apr. 27, at 7:30 p. m.

There was a moving picture of especial interest to all fishermen in the audience and talks by Ray Hughes of the Fifth District of the conservation department of Ohio.

Don Hughes, a South Side resident, well known as an enthusiastic amateur in archery, gave an exceedingly interesting account of the background and history of archery as a sport and skill, going back farther than Robin Hood — back to the ancient Chinese bowmen.

Barrett Jr. High Launches New FTA Club Chapter

Barrett Junior High School has launched a new FTA Club. The Barrett Future Teachers of America Club is made up of students who are thinking of going into teaching.

Members of the South High FTA, under the supervision of Sara Crist, came over to Barrett and formally installed the Barrett chapter with its slate of officers.

Harriet Dieter, the Barrett club sponsor, announces that some 35 girls are enrolled in the club, which has as its main purpose learning about various opportunities pertaining to teaching. Club members will seek information on teacher training institutions and learn what the work of a teacher really is.

Officers in the Barrett chapter are Judy Vogt, president; Ruby Kline, vice-president; Nancy Seitz, secretary; Margaret Soltesz, treasurer; Betty Wheeler, parliamentarian; Sharon Minnear, song leader; Eva Montgomery, historian, and Linda Koontz, librarian.

"LIVING UP TO PAR"
By Rev. Paul D. Dunn
Pastor of St. Paul's Evangelical Congregational Church

In the spring people's fancy turns to golf. There are all types of golfers, excellent, fair, poor and the duffers. All have one thing in common—they are concerned about par. The caddies are amused when the duffers inevitably ask, "What's par for this hole?" However, competing against par on a golf course or in life is what makes both thrilling and challenging.

Success in golf or life doesn't come automatically. In golf you must know and practice the discipline. The left arm must be held straight, eye must be on ball, and balance must be maintained. In actual play you must avoid the rough, traps, and the many hazards. These were placed there to protect par. To win at golf you must stay on the straight and narrow fairway. Hooks, slices, shank and dub shots are costly and spoil the score.

Par living is attained by observing similar rules. "Ye shall know the truth and the truth shall make you free." "Straight is the way and narrow is the gate that leads to life." The penalties are severe when we stray into the rough, traps, and the hazards in life. "The wages of sin is death."

The thrill of golf is to "get" par. The joy of living is to attain the abundant life. "I am come that they might have life and have it more abundantly." Are you living up to par?

Poetry Corner

MY CHOICE

If I were king of all the land,
And possessor of all its gold,
I would still be poor in spirit,
If you were not mine to hold.

If at my bidding, I'd receive
The richest mansion for my own,
It would not please me nearly as much
As having you as mine alone.

The love that you have given me,
Has brought pleasures untold.
And I would not trade them for
All the mansions or the gold.

There's a certain happy thrill,
That you bring into my heart.
And I am always lonely when
You and I are far apart.

I will trade material things,
That last for only a while,
For they can never measure up
To one minute of just your smile.

By Charles W. Widmaier

The church needs you and you need the church.

"Getting to know your children"

—Mrs. Clara Savage Littledale

"To paraphrase the song . . . getting to know your children is wonderful!

"So much to do together. Questions to be thought through. Books to be read. The out-of-doors to be shared.

"When we speak and act truthfully, forgive easily, are kind, loving, eager to share . . .

"When humility touches our happiness . . .

"When together parents and children come to know the beauty and healing of scripture and hymn . . .

"Then parents communicate their belief in God to their children. And help them find a deep abiding faith of their own."

Light their life with faith . . . bring them to worship this week

$25,000 Jenkins-av Fire

Tires Smoke Eaters

Probably the biggest news locally this week was the tragic fire Monday afternoon at the Style-Rite Homes Inc. manufacturing plant on Jenkins-av. While the firemen were still "mopping up" the blaze, I talked with Austin Guirlinger, the manager of the company, in his office, which overlooks the buildings which produce prefabricated homes. Dejectedly, he was summing up the losses which were caused from a fire which started on the adjacent property to the west, a junk yard.

At this writing it had not been learned what started the fire, which apparently began in some metal drums containing paint and rubber cement, located next to the Style-Rite Homes building. A count revealed 37 of these drums, but only part of this number had contained the highly inflammable material.

During the course of the fire, the lids on some of the drums were blown into the air, creating another hazard for the firemen and the hundreds of spectators who were attracted by the dense smoke which arose from the burning lumber and paint. The lids from the metal drums were blown as far as 150 feet, into the driveways of homes located on S. Champion-av, just to the east of the manufacturing company. The building which was destroyed by fire contained building material such as window moldings and other wooden products that go into the manufacturing of the prefabricated homes.

In an interview with Fire Chief Ellis Slyh immediately after the fire had been extinguished, this writer saw a tired fire fighter. By his own words, Chief Slyh said this was one of the worst fires they had encountered in a long time. The loss was estimated at approximately $25,000, with the building housing the various building materials being valued at $5,000.

According to both Slyh and Guirlinger, the blaze reached tremendous proportions almost immediately. By the time the fire equipment arrived, only moments after they were summoned, the building was engulfed in flames throughout. The intense smoke could be seen for miles. The fire department received the call at 4:35 and fought the blaze for about 30 minutes, according to Chief Slyh.

Due to the good work of the fire-fighters, the fire was confined to the one building. Another building, only a few feet from the raging inferno, containing other inflammable materials, was saved from any damage. Directly in the path of the wind blowing debris into the air, this building was saved by gallons of water from the thousands of feet of hose utilized by the Marion Twp. Fire Department.

The junk yard is owned by Joe Swartz, who is continually plagued by children from the Lincoln Park section, who wander onto his property to play, and on several previous occasions have started fires requiring the fire department. Repeated warnings to the children who have failed to keep them from trespassing on his property.

The blaze did not require the use of the Columbus Fire Department.

LOCAL SCOUTERS HONORED AT SCOUT-O-RAMA

The Scout-O-Rama was termed a huge success by both visitors and participants alike.

John Nippert, scoutmaster of Troop 77, which is sponsored by St. Paul's Evangelical and Reformed Church is especially happy with the blue ribbon his troop earned with its cycling display. One of the drawing cards at their booth was a bicycle mounted on rollers allowing the bicycle to remain stationary while the different riders got on and pedaled the bike. An attached speedometer showed the exact speed attained by each rider. During the two-day exhibit, visitors "rode" the vehicle a total of 96 miles, Nippert reported.

Another part of the display was comprised of the Boy Scouts who were taking bicycles apart and reassembling them. There was also a display of the complete equipment necessary for a bike hike, including all of the supplies.

Other members of the troop committee, familiar to Marion Township residents are Paul Friebis, the troop committee chairman, and Howard Storch, the committee secretary.

Pack 105, The Smith Road Cub Scout organization, was just as successful in its efforts to win recognition at the Scout-O-Rama. It won a blue ribbon with its very fine exhibit of Indian craft . . . Burt and Maxine Jones are very active in Pack 31, which also earned its share of honors, winning a blue ribbon for the fine array of homemade games, in its games display at the scout function.

Don't forget the Music Festival at Smith Road School, Friday night . . . The junior class play at Marion-Franklin High, titled, "Good Night Ladies", is the first class play to be offered by the students at the new school. The play, directed by Mrs. Marjorie Manning, will be held May 14, 15. Curtain time, 8:00 p. m.

The white greyhound dog belonging to Charles Scales of Lockbourne-rd won the second-line finals in the coon chase at Sunbury, O., May 2. Mrs. Dorothy Beck fell and broke her arm while house cleaning several days ago. This may prove disastrous in our household. If my wife hears of this, I've stayed pretty much in the background while these chores have been going on, until now. . . Mrs. Al Yoe took in the cooking school for the three-day period and, as she likes to put it, learned how to slop a few more dishes together . . . Happy birthday to Leroy Gerbig, who slipped by the big day May 5 . . . Ditto to Mrs. Marilyn Sells, who celebrated her birthday, May 10.

Marion-Twp. Sidelights

By Joel Snyder

Kline Roberts, majority floor leader of the Ohio house of representatives, a practicing attorney and a member of the regional planning commission, was the guest speaker at the monthly meeting of the Marion Township Citizens Association on May 11. His topic, a timely one, especially for the ears of the residents in Marion Twp., was "Organizing For The Future."

His talk embraced many aspects of the current planning by the various official groups in and around the metropolitan area of Franklin County. He discussed, among other things, the new expressway systems being developed at the present time, and pointed out the tremendous complications involved in the completion of a project of that kind.

In pointing out that the City of Columbus is expanding as rapidly as any city in the United States, Roberts emphasized that the problems confronting the municipality of Columbus were both directly and indirectly problems of the areas surrounding the city.

Roberts also emphasized the importance of well-organized civic groups in the function of a successful government. By this, he went on to say, he meant that the public servants elected by the people are more prone to listen to a representative group than to several isolated individuals, in dealing with their requests for action on various issues. Public officials, at all times, he said, keep their ears to the ground, and are quick to heed the voice of influential organizations.

In closing, Roberts expressed his opinion that in the next session of the legislature, it is possible that laws will be passed that will aid in the formation of a metropolitan system of government, which will benefit the municipalities and the surrounding areas alike.

The membership has every reason to expect a very constructive year, with the new officers being installed at the June meeting. Every new officer is not only extremely capable but is very sincere with the interest of the community as a whole being his reason for agreeing to his name being placed on the ballot.

John Nippert, the new proxy of the organization, which completes its fifth year June 1, has already started to organize the necessary committees to assure a progressive association during the coming year. Nippert has promised that the committees will be active and full-staffed, as it is his conviction that otherwise, the entire organization suffers accordingly.

With the many problems confronting the new board of directors, they will need the cooperation of all the members if they are to be of service to the community. With all the moves afoot to annex, or to incorporate, the residents of Marion Twp. can certainly benefit from an unbiased organization which can provide a meeting place where the different viewpoints can be discussed intelligently. It is certain that the new officers are hoping that all of the residents will avail themselves of the opportunity to become members and become aware of their civic responsibilities.

The Smith Road School PTA is sponsoring a dandy social meeting, for the last get-together of the season, Tuesday, May 25, at 7:30 p.m. Besides the refreshments to attract the crowd, they're throwing in a car-load of entertainment.

One of the feature attractions will be the appearance of the "Singing Sheriffs", a wonderful vocal quartet, which has gained more than a little fame in Ohio. In addition, the committee has planned a songfest and square dance. Parents of the children just starting to school at Smith Road next semester are invited to come out and get acquainted. This ought to be a real ball, so we'll be seein' ya.

Happy anniversary to Mr. and

Rosey's Keglers Win

Pictured from left to right are, kneeling, Mary Osborn, Myra Walker; standing, Evelyn Milbourne, Lucia De Fourney and Margaret Zaug. Five women and two trophies. Winners of the Parsons Recreation Girls' Bowling League, twice in a row, they say they will all be back next year. They completed the league this year 6½ games in front and the trophy was presented to them by the vice-president of the league, Lena Noggle. Evelyn Milbourne ended the season with high average for the league and, according to reports, she has been in that position for quite a few years. This year her average was 169, being slightly lower than her 170 plus last year. (Photo by Leslie O. Adams)

South Side YMCA Church League Sets Annual Fete

Dinner music will be furnished by a trio composed of Carol Turner, cello; Jean Marshall, violin, and Beatrice Peterson, piano. The South Side Y Junior Optomist Glee Club will sing under the direction of A. H. Heintz, accompanied by Mrs. Heintz at the piano.

Presentation of trophies by M. V. "Cap" Hoover, and special awards by E. L. "Doc" Craven will be among the evening's highlights. Election of officers will be held. Benediction will be pronounced by Rev. E. E. Smith of the Reorganized Church of the Latted Day Saints.

SOUTH SIDE Y CHURCH SOFTBALL

Corpus Christi's 32-5 Belting Of St. Paul E&R Among Highlights

In the South Side YMCA Girls Church League last Monday, Corpus Christi defeated St. Paul E&R 32-3. A five-hitter by Carol Spiers and a homer and two singles by Miss Greisenbach furnished the spark for Corpus Christi. Miss Metzger and M. Swisher, with two hits each, led the attack for St. Paul.

Southwood C of C took the measure of Oakwood Methodist 30 to 0. Shutout pitching by Dixie Eseman, who gave up only four hits, and the slugging of Betty Bonnette and Elvere Albright, who cracked out four hits each, led Southwood's attack. Eva Anderson collected two of the four hits for Oakwood.

In the Junior League games Wednesday, Oakwood Methodist defeated South Methodist 17 to 5. Fritz and Secrest were the big guns for Oakwood. Dick Guyer was the sparkplug for South Methodist.

Emmanuel Lutheran downed Southwood C of C 19-9. Triples by Bobby Bateman and Jay Gramlich were the important blows for Emmanuel. Grey and Brunton each banged out two hits for Southwood.

Behind the four-hit pitching of Eberts, St. Leo downed St. John E&R 6-3 in a well played game. A homer by Moskus was the big blow for St. Leo. Larry Luffer was the shining light for St. John.

St. Paul E&R defeated Ohio Avenue EUB 22-2. The pitching of Craig Olney and the fielding of Jim Marshall, plus the slugging of Spanner and Jim Foulk, who belted home runs, and four hits by Kenney Marshall, were just too much for Ohio Avenue. Two hits by Snow led the attack for Ohio Avenue.

Washington Avenue EUB defeated Central Community in a slug fest 24 to 12. Home runs by Conley and Cook and four hits by Lewis sparked the attack for Washington Avenue. Dave Stephens and Billy Wolfe supplied most of the power for Central Community.

In the Intermediate League on Thursday, Southwood C of C outscored Thurman Methodist 12-4. Watson, Mertz and Barnhill were the big noises for Southwood C of C. Timmer's triple in the first inning was the important blow for Thurman Methodist.

Scoring five runs in the second inning and one in the fifth, St. John's E&R edged St. Leo 6-5 in a real thriller. Schatz's running catch of Johnny Demko's long smash in left center, with the tying run on base, saved the game for St. John's. Ruby was the big gun for St. John's. A triple by Callahan and three hits by Jerry Golden sparked St. Leo's.

Council Of S. Side Organizations Hears CD Speaker

The Council of South Side Organizations at its monthly meeting heard George Arnold of the local Civilian Defense Administration, outline the Civilian Defense program.

Arnold related last Thursday night that Columbus is one of the first 20 targets in the United States that might be on the enemy's bombing list.

He said it would take at least one and one-half hours warning to evacuate Columbus, and, because our radar detecting system is not adequate and the speed of airplanes is so great, citizens may never have a warning period as long as that which has been prescribed.

The success of the entire civilian defense program will depend on the number of volunteers that can be recruited and trained to assist in the program.

In the business meeting council approved the request of South Side archers for an archery range at Southview. Council will recommend to city officials that this request be carried out.

The Independence Day program to be held on July 5 at Southview is in its final planning stages. Letters have been sent to business, civic, and individuals of the South Side requesting contributions for the big holiday program which is made possible only through the generosity of South Siders. The program held annually at Southview is usually the largest celebration held in the city.

Annexation Is Downed By Map

Annexation to Columbus of a 39-acre tract, proposed site for a parochial school in Marion Twp., was turned down because of a technicality by county commissioners Friday, May 14.

The commissioners decided that an improper map of the area accompanied the annexation petition. Eighteen acres of the area are listed in the name of Bishop Michael J. Ready.

The petition was filed on Feb. 23, for the tract which lies north of McCoy-rd and east of Lockbourne-rd.

Error in property owners on the map was pointed out by Florence Knoblauch, 1266 Deshler-av, who said she signed the petition but had never seen a map of the area.

Forced To Stay Home By Ads

Because of want-ads placed in this newspaper every week by Mrs. George Layne of the George Layne & Co. realty firm, she finds herself forced to stay at home every Thursday and Friday.

From the number of telephone calls she receives on her home phone these two days Mrs. Layne is convinced that a large percentage of the adults in the 32,00 homes into which her ads are carried by this newspaper each week read every word of the "Real Estate For Sale" listings.

"We've had wonderful results and the classified habit is one that has really paid off," declares Mrs. Layne.

The same thing works in reverse. If you want a new home, let the classified ads look for you. The prospective home buyer can save hours of looking by putting the type of home he wants into a classified ad.

Whatever side of the fence you are on, you'll find that calling GA. 9262 or RA. 1125 for courteous assistance in the wording of your want-ad will be one of the smartest moves of your life.

The Gadabout

By Priscilla LaRue Dicke

Guess I've got spring fever! I've exhausted all the excuses for not getting down to this chore, so I'll just plunge in and get it done.

Home from St. Francis Hospital is Audrey Leonard, 1822 Bucher-st, and we hope she's recuperating nicely.

Susie Wycoff has a birthday very shortly, so much happiness to the little girl. 1216 S. High-st is Susie's address.

Trudeau Guild 25 members are in the throes of planning a square dance as the final project for the current season. The date will be June 12, at the Kimco Club, Southwood-av and 15th-st.

Traveling to Buckeye Lake for Barrett's final board meeting last week, we heard of two birthdays that occurred recently, so we'll wish belated greetings to Mickey Hussey and Jimmy Crabtree. We had a sumptuous meal of fried chicken in the lovely summer home of Mrs. John Ruoff, by the way.

While we're thinking of Barrett, we'll remind you of the final PTA meeting that's to be held tonight at 7:45.

Congratulations are in order for George Tokar, who was recently promoted to sales manager at the Mid-Ohio Distributing Co. We're always happy to hear of good things happening to nice people, and to relate same.

Two birthdays occurred in the Jones family last week, 317 E. Moler-st. Pappy Reese celebrated his natal day on the 12th and Eleanor, the daughter, had a birthday on the 15th. The young folks of Southwood Church of Christ surprised Eleanor with a party last Saturday evening.

May, 1954, is a big month in the life of Don Baughman. He graduated from the Cincinnati Bible Seminary on May 13 and was the salutatorian of his class. May brings two other events to Don also. Marianne's anniversary was the 14th and his birthday is the 27th. Congratulations and good wishes on all three events, Don.

'Twould be nice for folks to send cards to Mrs. Lynch, 171 E. Welch-av, as she is invalided in St. Francis Hospital with a broken hip. Another hospital patient is Mary O'Hara, who is in Room 201 South at Doctor's Hospital. Mary's home address is 3098 Lewis-rd.

A cute little red-headed boy reaches his third birthday on May 22. The personable little tyke is Mickey Finn McGrew of 219 E. Whittier-st.

Mr. and Mrs. Patrick Dunne, 786 S. Ohio-av, are parents of a new little girl, born May 15. Vital statistics about the wee one give her weight as six pounds, seven ounces, and disclose that she has a sister, Nora, and a brother, Jimmy.

Louise Fulton, human dynamo, had a birthday last Monday, so we'll wish her lots of energy to complete all her many activities.

We attended the Trudeau Guild banquet at the Southern Hotel last Wednesday, and was it ever a feast! We had all we could do to eat the generous portions of food set before us. Afterwards we trekked to the Jal-Lai and enjoyed the music of Walter Knick's combo.

Don LaRue ages a year on May 27. We want to remind him not so gently (as younger brothers remind older sisters on their birthdays!)

Mr. and Mrs. Clyde Huston are happily settling in their spanking new home at 2891 S. Terrace-av and are enjoying the new home very much. They formerly resided on Woodrow-av.

May 11 was a big day for Rosemary Coachman, for she became nine years old on that date. Her home is at 1422 S. Third-st.

Frances Rumsey is a happy mom this week, for she has her married daughter visiting her. Mary Rose and Johnny Alexander are visiting this week only, as they are returning to Virginia. John was just recently discharged from Ft. Lee, Va. The young couple like the southern state well enough to make it their permanent residence.

Just in time to see her daddy ordained as a Lutheran minister is little Miss Robin Elizabeth Boyd. This tiny bit of femininity arrived on May 3 and her daddy will be ordained in June. Both events merit congratulations to the young family, and we will herewith offer them.

Guess that does it for today and may we offer GA. 1051 as a phone number to call? Till next edition—

Barrett PTA To Hold Hobby Fair Tonight

Do you collect bugs or hoe the garden? Maybe you think nobody cares about bugs and such, but that's not true. They really do!

Tonight in the Barret gym there is going to be a Hobby Fair to which parents, students, teachers and other friends of Barrett are urged to bring their favorite hobby to exhibit.

This is the last meeting of the year for the Barrett Parent Teacher Association and election and installation of officers, with Mrs. Ralph Davidson as the installing officer, will be a part of this meeting.

The theme of the evening will be "Door to Happy Living" with an emphasis on family fun. If you do not have a hobby, come out anyhow and enjoy looking and hearing about other folks hobbies.

Hobbies may be brought to the building at 7 o'clock and the meeting will start at 7:45.

Guests who will attend include N. G. Fawcett, superintendent of Columbus public schools; S. G. Ginsgery, assistant superintendent of schools, and M. D. Sheatsley, director of physical and health education. Representatives from Girl Scout Troop No. 90 will have the color guard and the pledge of allegiance to the flag.

Representing the parents will be Harold Mathews and the response from the school by Evelyn Swickard, principal. Music will be furnished by the school choir, soloist, Joan Fischer, and directed by Mrs. Nancy Walther.

Fathers who served on the committee include Vin Walker, John Westlake, Dave Handler, Harold Matthews, George Goldberg, M. R. Paxton, Andrew Ford, Alex Treneff, M. R. Stewart, H. S. Dunning, Marvin Lewis, Carl Roth, R. J. Ward and M. L. Mathew.

WHEN A MAN'S A MAN

By Charles W. Widmaier

When a man's a man, he is unafraid,
Will take his troubles all in stride.
Never ponders over his past mistakes,
But in his accomplishments takes pride.

When a man's a man, he'll bravely meet
The trials that all come in life.
Unhesitatingly, will agree to face
All disappointments and all strife.

You can bet that it takes courage,
For discouragement is always at hand.
But the man who will not give up,
You can be sure is a man's man.

It takes determination and grit,
Will power and the will not to give in.
And a man who is strong for the right
Will be the man who is bound to win.

"THE REAL REMEDY"

BY REV. C. T. LANGHOLZ
PASTOR OF ST. JOHN LUTHERAN CHURCH

The present day world still is a sorely distressed world. On the one hand, much real suffering is still found in countries stricken by past and present wars. On the other hand, much discontent, apprehension, fear, dissatisfaction with things as they are, and distrust of the motives of others, is found in countries virtually unscathed by the great conflicts of the last four decades.

Various remedies are being prescribed for society. Some feel that revolution, radical and unsparing, must be stirred up and carried through. Others feel that an increase of material prosperity will enable society to attain to great heights. Still others clamor for the enactment of laws that will assure greater economic security. Some contend that the abolition of all traditions, religious and otherwise, will pave the way to a brighter future. But while these would-be doctors of society are expatiating about their respective remedies, society remains sick "in head and heart, in chest and limbs, from centre to circumference."

"Is there no balm in Gilead? Is there no physician there? Why, then, is not the health of the daughter of my people recovered?" Yes, a real remedy is at hand. "O earth, earth, earth, hear the word of the Lord." It is quite generally acknowledged that in the word of the Lord those truths and principles are contained that make for personal and civic righteousness. But better yet: in the word of the Lord He is presented whose

Give your children real security
We don't mean the nicest house in the best neighborhood . . . the newest, sleekest car . . . the right schools, the right camps.
We're talking about the kind of security they can't do without . . . the kind that comes from inside.
Faith. In God, in life, in themselves.
For life is no game for spiritual sissies. Only Faith . . . the armor of the spirit . . . will give them the stamina to meet it courageously, no matter what it brings.
You can show your children where to find faith . . . how to build it day by day, if you make praying a family affair.

Marion Twp.

(Continued from Page 1)

Mrs. George Conaway . . . Birthday greetings are in order for Jill Edwards, who became nine years old Monday, May 17 . . . Cub Pack 166, in observing the last pack activity of the season, is holding a family outing at Blacklick Woods, Sunday, May 23, at 3 p.m. There will be a twilight service and advancement ceremony in the outdoor classroom at 7.

We're happy to note that Marion Twp. is well represented in the new study group being formed in Franklin County, with the election of Bill Fornof, township trustee, to the group. He has already dug in, and has been given some important responsibilities, in laying out the groundwork for the newly-organized group that will study the many involved problems facing the entire county, the city of Columbus included.

The Junior Police played their first baseball game of the season on the ball diamond behind the fire engine house. The field is very well manicured, is located on the only public park in Marion Twp. The boys won their game, too.

Mr. and Mrs. Richard Smith and Patty spent a recent weekend visiting with the Pete Kemmerling family at Windham, O. Kemmerling is machinery maintenance engineer on one section of the turnpike. The Kemmerlings are former residents of the neighborhood. Pete, Sr., and Dick spent most of Sunday visiting the turnpike construction and Dick came home feeling that he had quite a bit of education in one day. He got to examine the huge dirt-moving equipment, saw how they are moving mountains, how a road-bed is built in swamp land, and was permitted to visit the radio communication center for the pike.

All in all he came home with a much better understanding of just why a turnpike project can be such a long and costly undertaking. Anyone who has the opportunity to make the trip to the turnpike area should really take advantage of the chance to see what a gigantic undertaking it is.

A group from the senior class of South High School went to Old Man's Cave for a picnic on Sunday. After a basket dinner, some spent the afternoon exploring the trails, some found themselves lost from the group, and had quite a time finding their way back, others spent a part of the afternoon at the Richard Smith cottage, wading in the creek and climbing and exploring the hills.

The Rose Prom at South High School last Friday night was a beautiful affair. The gym was decorated beautifully with rose trellises and paper streamers and colored lights. The girls looked lovely in their pretty formals and the boys were very handsome dressed in their very best suits. It was a prom that the graduating seniors can long remember as their last big dance at South High as students.

The Philo-Hi-Y square dance was held at Y Park Monday evening . . . The father and son banquet of South High EUB Church was held last Thursday evening . . . The Gra-Y picnic for the sixth graders of Marion Township was at Y Park last Friday. Mothers from Scioto Trail School helped with the preparation and securing of the food.

The last meeting of the season, until September, of the neighborhood group of Girl Scout leaders and committee was held at the Youth Center of South High Church on Wednesday evening.

Last, but not by far the least this week, we want to call your attention to one of the biggest things that occur during the year here in Marion Twp. We are speaking of the Booster Club Carnival, which will run for four days, June 2-5, in the park behind the township house. Things will really be booming on the afternoons and evenings of the four days running of the project that is hoped will raise enough money to buy band uniforms for the M-F School band. The uniforms are surprisingly expensive and it'll take a real effort on the part of the Booster Club to do the job. But brother, they are trying!

There will be lots of fun to be had at the carnival, so for gosh sakes, don't miss coming out at least one time during the four days. You'll have the time of your life. They're going to raffle off a GE range, a portable radio, Remington electric shaver, and other very nice gifts. At 10:30 each evening they will give away a $25 savings bond, too, so don't pass up this event of all events.

The students will probably knock on your door in a day or two with plenty of tickets in their hands. Make their load a little lighter, relieve them of some of their tickets and help dress up the band. And be sure to save one night to come to the Booster Club Carnival!

Band And Orchestra Concert At South High School This Sunday

The instrumental music department of South High School is presenting the high school band and orchestra in a concert Sunday, May 23, at 2:30 p. m. in the school auditorium.

Highlights of the program will be the playing of the first and third movements of Mendelssohn E Minor Piano Concerto, featuring Eugene Barban as piano soloist. The orchestra will provide accompaniment for the concerto.

Barban was a winner of the recent Columbus Little Symphony auditions and played this concerto with that orchestra under the baton of Mr. Monteaux. He is a pupil of Loy Kohler of Capital University.

Also featured will be a group of vocal selections sung by Marianne Hammon. Marianne is a pupil of Mrs. Zirkel and is a winner of many superior singing awards.

Of special interest the band portion of the program is the Cambodian Suite, composed by King Norodam Sihanauk Varman of Cambodia.

All selections are under the direction of Randall Near. The concert is free to the public and all are invited to attend.

Gra-Y Clubs Hold First Annual Fun Day On May 14

The South Side YMCA Marion Twp. Gra-Y Clubs held their first annual Fun Day Friday, May 14, at the Y-Park. The township Gra-Y Clubs are composed of sixth grade boys and girls of Fornof Marion Road, Smith Road, and Scioto Trail schools.

Highlight of the day was an elimination ball tournament. Scores were as follows: Scioto Trail 2 and Fornof Road 9; Marion Road 12 and Smith Road 13. In the playoff Fornof defeated Smith Road 13-12.

A "potluck" dinner was served by the club advisors and the Scioto Trail PTA.

One honor won is surely for more.—La Rochefoucauld.

The Courtyard On State-st Proving Good Outlet For Amateur Craftsmen

Artists, craftsmen and skilled artisans living in and near Columbus are finding a valuable outlet for their work in The Courtyard, 214 E. State-st. This unique non-profit making shop opened its doors just a year ago and today its shelves are filled with beautiful objects of all kinds made by local residents.

The shop was made possible by a group of women who recognized the need of an outlet for things created by persons who wished to turn their artistic efforts and spare time into cash.

Many handicapped persons are finding The Courtyard an ideal place to sell their articles. Young housewives, with a special talent, add to their sometimes meager budgets by making unusual articles.

Each article brought into the shop is carefully examined by a screening board. If considered salable, it is placed on the shelves. Should the board feel that some slight change in the produce would make it more attractive or usable, advice is given the designer.

The shop is stocked with lovely ceramics, figurines, hand-woven articles, paintings, jewelry, hand-knit sweaters, and exquisite hand-made children's dresses.

Pointer Helps South Take 3rd At Track Meet

South High finished third behind East and Central in the eighth annual Hilltop Relays.

Clarence Pointer of South took the individual scoring honors with 15½ points, winning two firsts, a secoond, and a fifth place awards.

This was one of the best showings made by South's cindermen this season.

The 880-yard relay team of Peyton Black, Earl Smith, Charles Peake, and Jack Covington, won the event and set a new South record with a time of 1:33.5.

Pointer tied for a first place in the high jump with a jump of 5'10". He also took a second in the shot-put.

Charlie Peake of South broad-jumped a distance of 21 feet to be second to teammate Pointer who jumped 21'8".

Payton Black, Louie Taylor, Earl Smith, Jack Covington won the 440-yard relay with a time of 45.9 seconds.

Jack Covington of South won the 100-yard dash with a time of 10.3 seconds. Phil Chamberlain of South took third in the one-half mile and Peake third in the high hurdles.

Southwood Earns YMCA 5th Grade Title

Southwood decisioned Deshler, 17-4, Tuesday, May 11th, at Southwood field to win the South Side Branch YMCA Elementary Fifth Grade League softball title.

Meanwhile, on another diamond, the Southwood Gra-Y team shut out the Greenlawn team 6-0 and thereby won the South Division of the Gra-Y League, winning the opportunity of meeting the winner of the North Division in a two-out-of-three game series for the Gra-Y championship.

Lincoln Gra-Y and Heyl fifth grade teams each won 7-0 forfeit victories over Reeb and Livingston respectively.

Deshler got off to a fast 3-0 lead with three singles and two errors. Southwood came back to tie it up 3-3 on two walks and two errors. The roof caved in for the Deshler team in the second stanza as Southwood sent 18 men to bat and scored 14 of them. Biggest blow of that inning was a three-run homer by Tom Vannetta. Southwood's cause was aided by nine Deshler errors. John Westlake hit safely twice for Deshler.

Stanley Robinson turned in a one-hitter as Southwood Gra-Y won over Greenlawn. The lone bingle was a first-inning single by Harry Russell. Gary Pennington led the winners with three hits, while Roy Miller, Stanley Robinson, Dick Guyer and John Hoke each had two.

In games played in the North Division of the South Side YMCA Gra-Y League Thursday, May 13, at Southwood field, Heyl downed Beck 19-18, and Siebert won over Deshler 7-2.

A combination of eight hits, 15 walks and six errors gave Heyl a shaky 19-18 verdict over Beck. Beck had rallied for 11 runs to go ahead 18-17, but four walks and a single by Ron Wollett drove home the winning runs giving Heyl the North Division title. Heyl now meets Southwood in a two-out-of-three game series for the Gra-Y championship. Leonard Byrd had a perfect day at the plate for Beck with three singles and a double.

Solid pitching by Henry Hazlett and good support at the plate gave Siebert a 7-2 win over Deshler. Hazlett scattered seven hits over the course of the game. Ken Lee hit safely twice for the winners. Two triples by Paul Jacobs were Deshler's big blows.

Umpires for the season have been Jerry Cook and Dan Bayes, students at Barrett, and Ronald Bailey, Bob Schultz, David Long, and Eddie Ballinger of Roosevelt.

Few Vacancies Still Remain For YMCA's Camp Alfred L. Willson

Above is a typical scene of water sports enjoyment at the YMCA's Camp Alfred L. Willson on the Miami River.

Many South Side boys have signed up to go to the YMCA's Camp Alfred L. Willson. They will soon be enjoying swimming, sailing, boating, canoeing and other water sports.

In addition to waterfront attractions, the camp provides an all around program of arts, crafts, Indian lore, nature interest, hiking and exploring, and all land sports, including softball, tennis, archery, riflery, volleyball, badminton, soccer and basketball.

Canoe trips on the Miami River are offered for older campers and other trips and hikes for all boys according to their ages and skills. Trips will again be made to the Ohio Caverns and to the famous Macochek Castles.

Best of all is the fun of learning to plan, work and play together in the inspiring camp setting under qualified counselors who are able to open new horisons of knowledge and living.

Camp Willson operates for a 10-week season which is divided into five periods of two weeks each, beginning on June 18 and ending Aug. 27. A few vacancies still remain in some of the periods and are available on the basis of "first come, first served." Full information may be obtained at any YMCA branch or by calling AD. 1131.

Christian Films Proven Popular By Attendance

Christian films have risen greatly in popularity in Central Ohio since the Drive-In Christian Film Association was founded five years ago by W. C. Rae and his son, James W. Rae. This drive-in was the first of its kind to be organized anywhere.

The drive-in, which is inter-denominational and operates on a non-profit basis, had its first beginning at a log cabin on Hyde-rd; then it was moved to its present location one block south of 1900 W. Mound-st.

The movies, which have a religious or moral building theme, will be made more visible this season because of a new 16-mm. arc projector that gives off five times more light.

There is no admission charge, but one may contribute to the free-will offering taken at the end of the movie. The money received is used for operational expenses only.

All children under 15 who attend the movie receive a free bottle of pop.

Nightly audiences range up to 5000 people. A survey taken last fall revealed that 116 churches were represented in one night.

One of the most popular attractions, a Western called "Mr. Texas," will be shown again on Saturday and Sunday, June 5 and 6. Other future attractions will be the personal appearance of Former TV Star Mel Martin and a Dale Evans movie.

The current trustees of the association, Paul W. Washburn and William Compton, handle and plan all business under the leadership of Director James W. Rae.

Dear Sirs:

I would like to commend you on your editorial in the South Side Leader about Central High. I agree with every word of it. Why tear Central down, when the city has other places to put its office building? I wish you could use your influence to start a "Save Central" campaign. I know a lot of students are grateful to you for your stand on the issue. I, for one, say thanks a million.

Sincerely,

Bob Wery

Bob Wery, disc-jockey for radio station WCOL is a very popular guy around Sunshine Recreation Center. Every Saturday evening from 8-10 Bob broadcasts his program "Teen Dance Date" direct from Sunshine. All records played are requests from teen-agers that attend the dance.

Bob interviews teen-agers at the dance over the air, and gives each one interviewed one of the Capital records — latest release.

Several hundred teen-agers from all parts of the city are enjoying dancing to their favorite recording artist. Last Saturday evening many people who were out riding in their cars and heard the program over their radios stopped in at the Sunshine Recreation Center.

Parents are bringing their teen-age youngsters from other parts of the city to attend the dance. Some of the parents stay with the teen-agers and others return for theirs when the program is over. Pepsi-Cola and potato chips are available at the dance.

Ralph Agler Authorizes Surplus Wheat Action

Ralph J. Agler, chairman of the local ASC office, announced today that farmers who have planted too much wheat are now authorized to use a part of their wheat acreage for green manure, cover crop, hay, pasture or silage, thus avoiding marketing quota penalties or loss of price support eligibility. However, such action must be completed prior to June 10.

Marion-Twp. Sidelights

By Joel Snyder

John Nippert, the new president of the Citizens Association, called the new officers together last Friday and formulated plans for the coming year. Among the many items discussed was the naming of the various committees and the appointment of several chairmen.

Appointed as chairman of the program committee was A. C. Meyers; attendance committee, Ross Orr; ways and means committee, Jack Schoonover; and publicity and public relations, Joel Snyder.

The executive board also approved the following committees, but the chairmanships at this time have not been named: membership, health, safety, planning and zoning, building regulations, public affairs, constitution and by-laws. A representative will also be named to attend the meetings of the Council of South Side Organizations.

On June 8 the formal installation of officers will take place at the regular monthly meeting at the Marion-Franklin High School.

The membership will be asked to vote upon a change in the meeting nights to the second Thursday in each month to accommodate many members who have requested the change due to conflicting organizational meetings on the second Tuesday, which has been the regular meeting night of the Citizens Association. The membership will also be asked to approve the various committee chairmen being placed on the board of directors.

William Fornof, Marion Twp. trustee, will be the speaker for the evening, and will briefly discuss the new advisory committee just recently formed in Franklin County. Fornof was one of three township trustees elected to the group from all the townships in Franklin County and has been influential in helping complete the organization of the unit.

We want to plug the Booster Club Carnival again, which will be held June 2, 3, 4 and 5, in the park behind the township hall on Lockbourne-rd. The proceeds will be used to buy uniforms for the band at Marion-Franklin High School.

There will be lots of fun and plenty to do. The committees are working hard to make sure that the whole thing comes off just right. They are going to raffle off a GE range, a portable radio, a Remington Rand electric shaver, and other prizes. At 10:30 each night they will give away a $25 savings bond

Undoubtedly one of the favorite attractions will be the baseball-throw booth. Hit the target and a school teacher or a fireman or a pretty girl will get dunked in a big tank of water provided for the purpose.

For the smaller kids there will be ponies to ride, and plenty of goodies to eat. Come early and stay late. Have the time of your life, have a few snacks, dress up the band. Comeo ne, come all. Be there at least once during the four-day run of one of the biggest events of the year in Marion Twp.

It is hoped that this will become an annual affair. But this is the year you don't want to miss. Save one night for the carnival and treat yourself.

Closed Monday

Offices of this newspaper will be closed Monday, May 31, in observance of the Memorial Day holiday. Please observe extra caution over the week-end and help strive for "Death Takes a Holiday" headlines.

SOUTH CHURCH BOWLING CHAMPIONS—The Reorganized Church of Jesus Christ of the Latter Day Saints bowling team members are pictured holding their trophies as winners of the South Side Branch YMCA Inter-Church Bowling League. Left to right are Buddy Madden, Lou Madden, Larry Stewart, Capt. Fritz Kehlmeier, Bill Sprit, Paul Wemlinger and Emmett Madden. In four rounds of play the Latter Day Saints team won two rounds, tied one, and took second place in one. In the tie playoff they won. Emmett Madden and Fritz Kehlmeier were also winners of first and second place individual averages of the league.

Southwood Gra-Y Downs Heyl Twice To Win Softball Crown

Southwood Gra-Y took the measure of Heyl Gra-Y 12-1 to win the first game of a two-out-of-three game series to determine the champion of the South Side Branch YMCA Gra-Y Softball League. Southwood is the south division winner while Heyl copped honors in the north division.

Heyl got into trouble from the opening moment of the game and before the inning was out, a four-run deficit was thrust upon them. A game opening walk, followed by an error and three hits did the damage.

Stan Robinson retired five men before singles by Jerry Gruber and Ron Berman plus two walks plated Heyl's only run. After that, Robinson gave up only two more hits.

Southwood clinched the game in the third, when with runners on second and third, and two out, Roy Miller reached base on an error scoring two runs. Mike Murphy's double to left scored Miller to sew up the game. Two doubles, two singles, and an error plated four more insurance runs in the fourth. John Hoke led the winners with a four for four at the plate, including two doubles.

On Thursday May 20, Southwood took Heyl 6-4 to win the series and the Gra-Y title. Lynn Kinzig got Heyl off to a 1-0 lead in the first as he singled, advanced on an infield out and scored on an error.

Southwood came back for a big inning in the second with four runs on three hits and three errors. Southwood picked two more in the third on singles by Roy Miller and Mike Jacobs plus two costly errors. Heyl picked up two runs in the third and one in the fourth without benefit of a hit. Stan Robinson pitched a fine game for Southwood allowing only two singles. Bill Stevenson held Southwood to six hits

Umpires throughout the season were Dan Bayes, Jerry Cook, Ron Bailey, Bob Schultz, and Dave Long

Schiller Closed Memorial Day

Schiller Recreation Center will be closed on Monday, May 31, in observance of Memorial Day. However, all playground apparatus will remain open. Schiller will re-open on Tuesday at 3 p. m. for all program activities.

Schiller's Softball Practice For Boys & Girls Will Begin

Boys' softball practice will start at Schiller Recreation Center this week and opening practice will be open to all those interested in playing softball. Registration and general practice will be held.

The Junior boys' practice for all boys 13 years and under, will be on Mondays at 6:15 p. m. Intermediate boys' practice, ages 14 and 15 years old, will be Tuesdays at 6 p. m. The Senior boys' practice, for boys 16, 17 and 18, will be Thursdays at 6 p. m.

Everyone interested in playing should be on the field on the day of your age division or call LeRoy Wise at Schiller Recreation Center, GA. 7262 to register for the team.

Girls' softball practice also begins this week and the practice schedule will be as follows: Junior girls — Monday 4:30; Intermediate girls' — Tuesday, 4:30; and Senior girls — Thursday 4:30. The age divisions are the same as those for the boys. Anyone interested in practicing should come to the field at the scheduled time for her age classification or those wishing to enter teams should call or contact Gloria Barnett at Schiller Recreation Center.

Schiller Athletic Supervisor Quits To Take New Job

Leonard Fauver, better known as "Lenne" to Schiller Recreation Center participants, has resigned his post as athletic supervisor to assume a new post with the boys department at the Central YMCA. Lennie has directed the popular tumbling program at Schiller as well as the wrestling and weight-lifting classes for the past several years.

The Schiller Tumblers, an acrobatic troupe of young boys and girls, were developed by Fauver and have exhibited their talents at numerous civic and church groups throughout the city.

The weight-lifting, wrestling, and tumbling programs will continue under staff supervision until a qualified leader is appointed to fill this vacancy.

Mother of Four Seeks Assistance In Finding Friendly Landlord

A South Side mother of four sought assistance this week in finding a landlord who will accept that many children.

We'll let her tell it in her own words:

"My name is Mrs. Helen Brown and we live at 670 Woodrow-av in the Lincoln Park Homes addition—but not for long. The federal agency which runs the development has gotten an injunction forcing us to move because my husband, Lloyd, 'made too much money' last year.

"Actually, my husband made $4200 last year as a blueprint specialist at the Kinnear Manufacturing Co., but I guess the limit for incomes of families here is $3800.

"We've been paying $64 a month for the rent here in the development. But they furnish electricity, gas, heat and water. I'm sure we could handle the utilities and still pay $50 a month from a private landlord.

"The trouble is, when landlords hear about the four children and their ages—14 months through 7—they're just not interested. We got our notice six months ago and we've been looking ever since. Our time will be up at the end of the week.

"Where will we go?"

Library Lists Summer Hours

The Parsons Avenue Branch Library announces that it will be changing to summer hours on June 1. Summer hours will be Monday through Friday, 9 a. m. to 5:30 p. m.; Saturday 9 a. m. to 9 p. m.

The library also wishes to remind the boys and girls that its Summer Reading Club will begin on June 1 and end on Aug. 14. The Reading Club theme this year is space travel, with its slogan "Be A Rocket Reader in the Summer Space Club."

Each member will be required to read 12 books between June 1 and Aug. 14. So come in and register on June 1 and get an early start.

Beck Gra-Y Club Completes Lawn Improvement

Members of the Beck Gra-Y Club have just completed a lawn improvement program at the Beck Street Elementary School. The club, composed of fifth and sixth grade boys and sponsored by the South Side YMCA, raised money to buy shrubbery and grass seed for the school lawn by selling taffy last February.

Working after school to complete their service project were the following club members: Danny Claffey, Jack Cremeans, Joe Fleshman, Richard Harris, Charles Hollingsworth, Jr., Gerald Hollingsworth, Ed Landaker, Art Pendergast, Charles Pyle, Harold Pyle, and Alphred Vedeikis. Work was supervised by Paul Lindquist, principal, and Charles Cooper, sixth grade teacher and club advisor.

Members of the Beck Gra-Y also made a contribution to the Seoul, Korea, YMCA Boy's Town, a war orphanage supported by the YMCA World Service program. Leading salesmen in the fund-raising campaign were Richard Harris and Ed Landaker.

Sold On Want-Ad Selling Power

"I'm sold 100 per cent on the action-getting power of want-ads in your newspaper," Norman Green, manager of the Singer Sewing Machine Co. at Central Point, declared last week.

He ran one of the small, power-packed ads in last week's papers worded like this: "REAL BARGAIN! SEWING MACHINE for unpaid balance. This machine carries new guarantee with tremendous savings."

Green said he was swamped with calls for home demonstrations . . . received more action from the ad in this paper than in all the downtown papers put together!

Take a tip from his findings and carry YOUR message into the homes of 32,000 families. Call GA. 9262 or RA. 1125 for courteous, swift, professional assistance in the best wording of your want-ad.

With $3500 in prize money and numerous trophies at stake, riders are expected from all points in the United States, and from Canada. Large delegations from motorcycle clubs in surrounding states will also attend.

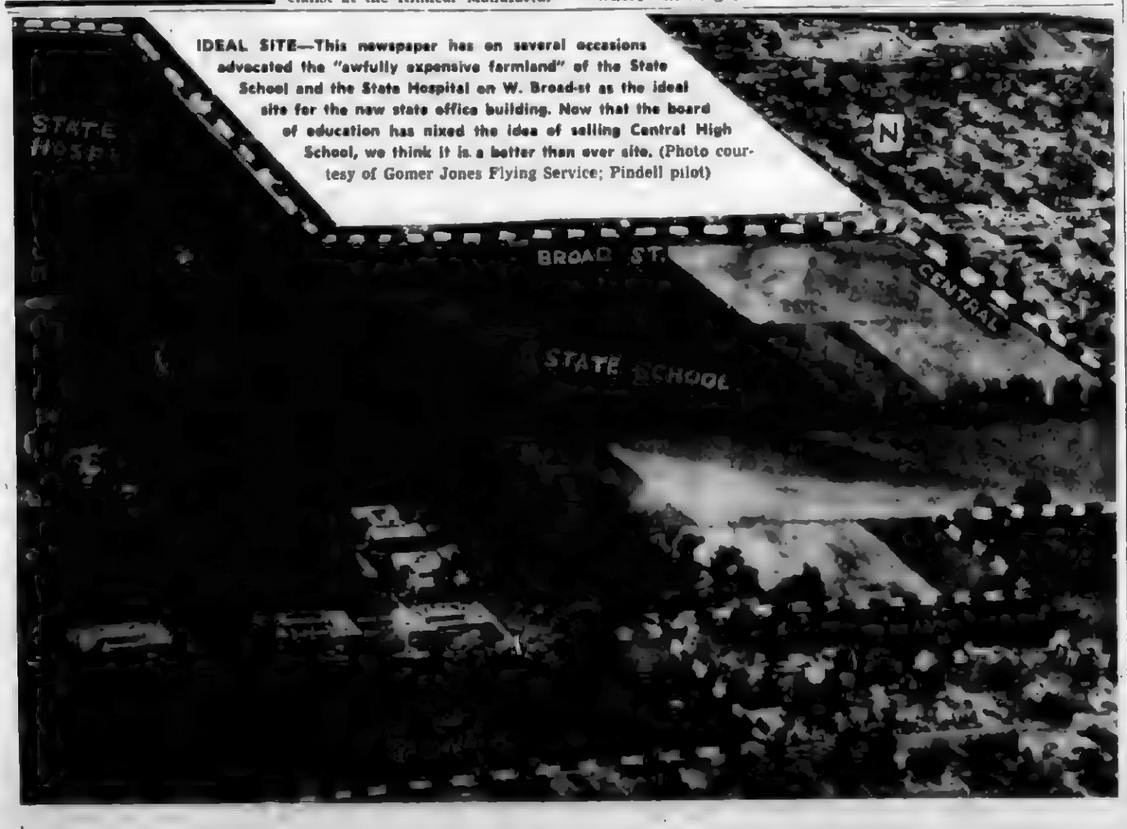
South Side Y Church Bowling League Holds Annual Banquet

VERMIN HONORS—Pictured above is "Doc" Craven with his new "Rat Club" crown as he presents M. V. "Cap" Hoover an honorary life membership in the "Grand Order of Rat Club" of the South Side Y. M. C. A. Church Bowling League. The bowling league has been one of Cap's pet babies since it was organized 29 years ago.



The South Side YMCA Church Bowling League held its 29th annual banquet at Emmanuel Lutheran Church on Thursday, May 20, with E. L. "Doc" Craven being crowned king of the traditional "Rat Club", which is composed of members of the Bowling League chosen yearly on merits designed by "Doc".

Also featured on the banquet program was the South Side Branch YMCA Junior Optimist Boys' Glee Club under the direction of Al and Mrs. Heinz

"Cap" Hoover presented the following trophies:

Individual average — Emmett Madden of Latter Day Saints, Fritz Kehlmeier of Latter Day Saints, and Richard Yantis of Ohio Avenue EUB. High game (individual), R. Weibel of Corpus Christi. High three-game (individual), N. Haldy of Gates-Fourth Methodist. Head pin winners, O. Bohl and E. Papke of Christ Lutheran. Hi-lo winners, G. Maciejewski of Corpus Christi and E. Wood of Ohio Avenue EUB. Team championship, Latter Day Saints.

The fellowship and good will exemplified by the league is carried farther than bowling nights. Each year at the close of the season, after all bills are paid, the league's surplus goes into a fund set for its community services programs and the South Side "Y" Park. The league contributions to his worthwhile project for the benefit of South Side youth has been continuous and beneficial in two ways. It helps the youth and in turn gives the men in the league a feeling of having done something worthwhile.

IDEAL SITE—This newspaper has on several occasions advocated the "awfully expensive farmland" of the State School and the State Hospital on W. Broad-st as the ideal site for the new state office building. Now that the board of education has nixed the idea of selling Central High School, we think it is a better than ever site. The Gadabout

By Priscilla LeRue Dicke

Spring fever has got me! I may recover, but who wants to?

Our first item tells us that Mr. and Mrs. Austin Bentley of 374 Morrill-av, celebrated a 35th wedding anniversary on May 24. That's a heap of living together, folks, and congratulations.

Irene Hunter, 339 Moler-st, attained another year, when the month of May rolled around to the 22nd.

If you don't think that washing windows can be a hazard, just ask Mary Fehlow, 148 Parsons-av. She scraped her leg against the ladder she was using and received a bad case of infection. She is recovering nicely but it would be nice for folks to remember her with a card, don't you think?

Norma Dawson, 123 Welch-av, delves a little deeper into her teens as a result of her May birthday.

Twins are prominent in this week's writings. Brand new twins are now the center of attention in the home of Mr. and Mrs. Delbert Burns, 1005 Frank-rd. She little boy and girl arrived on May 6. Their proud grandparents are Mr. and Mrs. William Burns, 298 E. Morrill-av. Another Burns grandchild had a May birthday, so hello to Billy, while we're at it.

The other set of twins we want to mention are the Cunningham twins of 836 E. Livingston-av. These identical girls, Diane and Donna, were nine years old on May 15 and confuse their Livingston School classmates constantly. Their little brother thought May was a pretty nice time too, so he chose the 29th as his birthday. Timothy starts counting by years on that date, instead of months.

Little Sue Whitmer, 285 E. Markison-av, celebrated her last birthday in Columbus on May 22. Her parents, Mr. and Mrs. Richard Whitmer, will be moving to Canal Winchester very shortly. Their house is rapidly nearing completion.

'Tis something to achieve, 83 years, so we want to wish Mollie Driscoll a belated birthday greeting. This octogenarian lives at 6 Hanford-st.

The Wishing Bluebirds "flew up" this past Tuesday and are now full-fledged Camp Fire Girls. The same leaders will lead them in their advanced rank. They are Mrs. Herb Hampton, Mrs. William Paulus and Mrs. Willard Drake.

Don't forget the Penny Fair, sponsored by Needle and Thread Guild, at the Hungarian Evangelical and Reformed Church on June 5.

Our sick folks would like to know their friends are thinking of them, so won't you send cards to Mrs. Frances Colgrove, who is in White Cross Hospital and to Mrs. Ethel Wiseman, who is in St. Francis Hospital. Emil Boxwell is in Veterans' Hospital, in Dayton.

If you want to find out where not to park at the Columbus Airport, ask Oscar Wiechers. He's an expert.

We attended the concert at South High School last Sunday afternoon and were once again assured that the musical future of the country is bright as long as men like Randall Near are instructing our youngsters.

All who know the boy are quite concerned about Larry Harra. The young lad was unfortunate enough to get a piece of steel in his eye, and his vision is feared for. His home is at 29 E. Jenkins-av.

While we were writing this, a phone call told us about another set of twins. The identical girls, Janet Marie and Jane Ellen, are the daughters of Mr. and Mrs. John Anderson of Moody Air Force Base in Valdosta, Ga. Their mother is the former Ann Phillips of 1366 Bruck-st. They were born on May 20. The grandparents, Mr. and Mrs. Ray Phillips of the Bruck-st address had been visiting the Andersons only a short while before. They'll go right back as soon as the babies are discharged from the hospital, which will be in about a month.

We certainly hope that lots of you readers will attend Trudeau Guild 25's square dance on June 12. Should you want tickets, call here at Ga. 1051 and we'll see that you get them. The price is a mere 50c, so the whale family can attend.

Mr. and Mrs. Nader, 968 Wilson-av, are now at home after visiting their three sons in Washington, D.C.

Members of Southwood PTA are cordially urged to attend the final meeting tomorrow night, when the officers for next year are elected and installed.

Lincoln Park PTA board was having a meeting when a Mickey Mouse joined the scene. Bedlam broke out, but two brave souls adopted Marine Corps tactics and got the situation well in hand. They were Mrs. Pearl Reall and Mr. McDonald, the principal.

That about finishes our news for this week, and keep up the good work by letting us in on your items. We're still to be reached by dialing GA. 1051 and we'll be waiting. Till next week, then, 'tis the

GADABOUT.

VACATIONERS RETURN

Mrs. Shellie Allwine of 389 Morrill-av, and Mr. and Mrs. R. W. Trieb of 1628 Parsons-av, have recently returned from visiting Mr. and Mrs. Adam Griggs of Buffalo, N.Y., and formerly of Columbus. Their itinerary included visits to Niagara Falls and Canada.

MEMORIAL DAY

To the men who died in battle.
And to those who have carried on;
Today we honor each of them,
Who were so venerable and strong.

Some say it was all so useless,
That war is all in vain.
Rightly the cause was justified,
For it kept their Country's name.

It brought sorrow to their loved ones,
Whom they had left lonely behind.
Truly the cross was hard to bear,
But brought peace to heart and mind.

Today we honor those brave men,
And respect their children and wives.
For their cause became a worthy one,
For that cause, they gave their lives.

He: You haven't been dancing long, have you?
She: Oh, yes, ever since eight o'clock.

Sunday Sermonette

"THE REFRESHING DIFFERENCE"
BY REV. R. L. TITUS
PASTOR OF IMMANUEL BAPTIST CHURCH

"For we preach not ourselves, but Christ Jesus the Lord." II Corinthians 4:5. At the basis of all human philosophy is the preeminence of self or the ego.

That is the reason why human philosophy completely fails to satisfy the inner hunger of man's heart. The basis of the Gospel, the "good news" of Christ is the preeminence or exaltation of Jesus Christ as Lord. The reason why Christ is so satisfying to the heart of man is because in His demand for complete yieldedness to Him as Lord, we are put directly into the hands and at the disposal of the omnipotent God, with whom nothing is impossible.

"Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house." (Acts 16:31) is the simplest expression of God's formula for salvation. Heading the list in this formula is the acknowledgement of Jesus Christ as Lord. The expression of this truth in actual life comes from the lips of the Apostle Paul when he says, "For to me to live is Christ, and to die is gain." (Philippians 1:21).

How refreshing! The difference between this and man's philosophy of self-accomplishment.

LETTERS TO THE EDITOR

Editor, South Side Leader
1542 Parsons Ave.
Dear Sir:

There has been a proposal made to transform the old Memorial Hall building into a composite Planetarium, Franklin County Historical Society, Music Hall and Recreation rooms for the aged.

If adopted, the proposal will be finally decided upon through a bond issue in some future election.

The plan has drawn much favorable comment because of its social and educational value.

Due to the fact that there now is no Planetarium in this entire state, I believe one is definitely in order.

If this project is undertaken, many school children, scout troops, clubs, and various other organizations will undoubtedly make numerous trips to the Planetarium yearly.

The growing interest in the stars and planets and their apparent motions in the heavens is readily seen in our present and future parents.

There is an ever increasing demand for education in astronomy, above and beyond that which is usually taught in the science classes of our schools.

A great number of our young people anywhere from 7 to 17 also turn to science fiction in comic books in lieu of authentic material.

Let it not be said that the people of this state were not given adequate equipment with which to pursue a fascinating and informative subject.

If there is anyone interested in a Planetarium for our state or in joining the Columbus Astronomical Society, contact Mrs. Ruby Charlton at 642 Joyful-st, RA. 7067, or join members of this Society the first and third Saturdays of every month for open house at the McMillian Observatory on the OSU Campus.

"America means many things to me . . .

"But perhaps the deepest meaning of all is summed up in Walt Whitman's words, 'The real and permanent grandeur of these States must be their religion.'

"Without Faith, life is meaningless. With it, life is rich and full. Each generation must pass on to the next this fundamental truth—and our children are the richer for learning this truth from their parents."

She was breath-takingly lovely, this bride, and her wedding last Friday was a beautiful affair. But somehow I did not see her exquisite white wedding gown and veil and her as a "radiant, starry-eyed vision of loveliness" — to quote all the authors since there have been brides, and a description which fits this particular bride, incidentally. Instead, I kept seeing a small girl with an impish grin that has stayed in this old heart all the years she was growing up. Jo-Ann Heischman, you were a lovely bride but you were also a lovely little girl.

Mail — From Columbus: "Many people are talking about the influence of TV on children's thinking these days, which reminds me of the Sunday School teacher who asked a little boy who it was who went into the lion's den and came out unharmed. The kid answered "Tarzan." . . . From Columbus: "One of life's embarrassing moments: When we crossed the Ambassador Bridge and the guard at the Detroit end asked me where I was born. I couldn't remember to save my life! Of course the joker in the car will never allow me to live that down, and tells all our friends I was too young at the time to remember." . . . From Mansfield: "Since TV, we seldom go to a movie, but last week a visiting relative wanted to go so we took her. Two gabby gals sat in front of us and they discussed everything from their husbands to Mamie's Easter outfit, in carrying voices. They were quite indignant when the people in front of them turned around several times, but it didn't stop them. Nothing did, till a man in their row leaned over and hissed 'Shut up. They took the hint" . . . From Fr William Conces, Plymouth: "Please pray for safe driving; for yourselves and others."

Goal Of $20,000 Sought In Franklin County Mental Health Drive For Funds

The Franklin County Mental Health Fund Drive for $20,000 is underway as a part of the national campaign for $5,000,000 the local campaign being sponsored by the Franklin County Mental Health Association.

Nelson Lancione, campaign chairman expressed confidence that the local goal would be exceeded, because, he said, "these funds are urgently needed to support vital research and essential education for the prevention and effective treatment of mental disease. They will support efforts to secure early and proper treatment for all mentally sick people."

The slogan for this year's campaign is "Healthy Bodies Need Healthy Minds" stressing the idea that "total health means physical health plus mental health."

Lancione declared that, "while science has achieved miracles in combatting physical illness, it has neglected an important part of the total picture—mental health."

Chairman Lancione was enthusiastic in his praise of all those who are giving volunteer service to make this Fund Drive a success. "With the help of all of these community groups, everyone should have the opportunity to give to this urgent cause."

The police and sheriffs forces in many areas of the county are placing contribution canisters in the leading business establishments. Bakers with bread deliveries are distributing contribution envelopes throughout the residential areas. These gifts will then be mailed directly by the donors. Also a Special Gifts Committee will solicit individual contributions from interested donors. Anyone may mail his contribution directly to Mental Health Fund, 83 S. High-st, Columbus.

Assisting in preparations for the campaign besides committee members are many Girl Scout Troops whose help has been arranged for by Mrs. Margaret Stevens, project chairman. These troops have prepared canisters and envelopes for distribution, working in the recreation department of the Columbus State Hospital under the supervision of Mrs. Reynolds, recreation director. Hospital patients have also given invaluable help in preparing much of the material. And the Fraternal Order of Eagles is assisting with the store collections.

LETTERS TO THE EDITOR

Dear Editor:

If you think the poem below worthy, I would like to see it in the Record.

ODE TO CENTRAL HIGH SCHOOL
(With Apologies to the ghost of Dr. O. W. Holmes)

Go, sell old Central High School now!
It's served its youthful zest,
And many a boy and girl have wed,
For learning was their quest;
Along its silent halls will walk
The ghosts of many a year,
While office-city ne'er-do-wells
Would laugh at a falling tear.

Her halls once rang with joy and fun
Throughout the livelong day:
Her students worked with might and main
To make their learning pay:
But now we hear no sound of fun,
Nor shout of victory;
Some human harpies now would pluck
The eagle of the free.

So, sell old Central stone by stone;
Forget the children's need
Of teachers, health, and sympathy,
Make them the spawn of greed;
Give to the State, Old Central High:
Turn out the girls and boys:
Our grand old State must have the site
To house more "office-boys."

Sincerely,
Elzie Radcliffe

NEEDS NEW DOG

Death Takes Palsy Victim's "Best Friend" . . .

"Man's best friend" was more than a lofty phrase to 36-year-old Gene Stinson of 745 Buchanan-dr, Apt. B, valiant cerebral palsy victim whose door-to-door business has taken him to some 90 per cent of the homes in 69 Midwest cities.

And he misses keenly his four-year-old Great Dane, Lena, who died late Saturday in a Toledo, O., pet hospital after eating tainted food.

Lena was probably better known to Columbus residents than her master. Because of her unique job of serving as a pack animal for the merchandise her master sells and her extraordinary training and obedience, her picture has appeared on several occasions in the newspapers.

Lena was especially loved by children of Sullivant Gardens because of her gentleness and she was the only dog in the project. Perfectly trained by Stinson after he purchased her from the Arlington Kennels for $100 two years ago, Lena was exceptionally wise at heeling, backing up where necessary, to void tripping her leash on the two crutches used by her master. The leash, incidentally, was used only to allay the fears of those persons wary of dogs.

Lena never had a dog fight, never chased cats, and would stare in the other direction if the dog at a home Stinson was soliciting came to the door barking.

In two leather pack pouches over her back she carried the wire magazine racks her master makes and installs on the mailboxes of interested householders. Before obtaining Lena, Stinson found that carrying some 15 pounds of the racks on his belt was causing stomach trouble.

The two went to Toledo last Monday and began working the north section of town. They parked the truck Stinson has fitted up as a home away from home in a parking lot for evening accommodations.

Lena ate the tained food Friday evening. When Stinson let her out of the truck Saturday morning he noted that she was sluggish and not her usual alert self to commands. He took her to a veterinarian. En route she began to swell and by the time the doctor could begin work on her, her stomach was swollen nearly double.

The doctor worked all night Saturday, using oxygen to keep alive the dog which had lapsed into unconsciousness.

Stinson's wife, Ada, and three boys and two girls, ranging in age from 2 to 14 years, are almost inconsolable.

"My big problem now," said the native of Columbus who was stricken in both legs at the age of 11 months, "is to locate another Great Dane. After Lena, I'm convinced that only this breed dog can serve the purpose. It'll have to be young enough to be trained, gentle, and large."

Stinson was able to buy Lena through a finance company. Now, personal finances make that impossible.

He hopes to secure a dog . . . but how?

Meanwhile, he'll trudge his rounds without his "best friend."

South Side Youths Look Forward To City's Indian Village Camp

South Side children are looking are looking forward to the opening of Indian Village Camp again this year.

The City recreation department has announced the opening of the camp for the following periods: June 21-July 3; July 5-17; July 19-31, and Aug. 2-14. Indian Village Camp is open to all boys and girls from 9 through 12 years of age.

Located on the banks of the Scioto River above Griggs Dam, the camp is eight miles from Columbus and has accommodations for more than 96 campers and staff. Modern facilities include cabins that will house eight campers and a counselor, a beautiful dining hall with a well-equipped kitchen, a reception hall for rainy day programs, a swimming pool, ball field, handball, tennis and shuffleboard courts. Crafts, hiking and camp fires will provide the boy or girl with many interesting and stimulating hours.

Physical well-being of the campers is constantly safeguarded by careful planning and supervision. The city health department keeps a constant check on all health and sanitary factors in the camp and a well-trained medical aide is on duty at all times. A medical checkup is required of all campers before coming to camp. It may be completed by family physician or may be arranged for with the city recreation department.

The camp staff is chosen for maturity, previous training, and experience. These leaders are prepared to help the camper have fun and benefit from his camp experience.

The camp program is flexible, with campers participating in the planning wherever possible. Programs are geared to the child's needs and abilities and activities include arts and crafts, swimming, hiking, games, overnights, songs, fishing, cooking, vespers, campfires, and athletics.

Campers will meet at city hall at 9:30 a. m. the opening day of each period for transportation to camp by chartered bus service. They will return to city hall at 10 a. m. on the closing day of camp.

Parents may visit campers on the Sunday afternoons of each period after 3 p. m. The closing campfire on the last Friday of each period is especially planned for parents and friends.

Average Franklin Twp. Voter Caught In Crossfire Of Annex-Incorporation; Vitally Concerned On Hi School Issue

The average Franklin Twp. resident today finds himself betwixt and between — especially if he has school age children. He is caught in a crossfire between pro-annexation and pro-incorporation forces and at the same time is vitally concerned in another issue — the upcoming June 8 vote on a special $1,058,000 bond issue to build a new high school.

Friday, May 28, is his last chance to register if he has not previously done so and he is the object of a spirited get-out-the vote campaign.

He finds that all leaders of the incorporation movement are pressing for the bond issue and that many of the annexation leaders are also working on its behalf.

Spokesmen for both sides are agreed that legal complications of either annexation or incorporation could drag on for many years; meanwhile the need for the new school is desperate and easily demonstrable with cold, hard statistics.

A late development that may or may not indicate a trend on the part of the county commissioners was the denial on Tuesday of the Joan Heights petition seeking annexation of 25 acres to the city of Columbus on the basis of Assistant Prosecutor Baxter Evans' ruling that the petition had been improperly circulated and that no proof was given as to the accuracy of the signatures or of the map submitted with the petition.

Boundaries of the territory covered by this petition include Valleyview-dr on the north, city limits on the south, Southampton-av on the west, and Algonquin-av on the east.

The latest public meeting in the township, that of the Franklin Township Citizens Association, Inc., was held Friday night in the South Franklin Elementary School, and was productive of much information on both the school and incorporation issue. Clyde Crandall is president of the association and agent for the recent successful vote for incorporation.

Crandall, who is chairman of the Franklin Local School District building committee, told an audience of some 80 residents, that the high school on the 40-acre tract at Demorest and Briggs-rds could be completed within two years of a favorable vote on the bond issue. Claude Yost has been named as the architect.

It was brought out at the meeting that the Davis project in the eastern portion of the township with 287 homes planned will add to the school problem.

Although Franklin Twp. high school pupils will still be allowed to attend South next year, Grove City has indicated that it will be unable to accept students. A few students from the Skidmore section will be accepted by West. In the following year, spokesmen said, there is no assurance that "foreign" high schools will be able to accept any township students.

Township Clerk Paul Wichterman listed the following chronology of actions concerning incorporation:

Apr. 5—Petition for incorporation presented to and accepted by the board of trustees; Apr. 8—Petition taken to Franklin County board of elections; Apr. 20—township vote on issue with incorporation forces winning; May 5—Trustees met to order transcript of election results; May 12—Transcript prepared; and May 13—incorporation papers filed with county recorder.

Members of the Citizens Association were urged to be present at the County Commissioners' at 10 a. m. to oppose annexation proceedings on the following days:

May 25—Joan Heights (this one was denied at the hearing; June 1—352-acre tract from corporation limits to Briggs-rd and to the west; June 15—161-acre tract south of Valleyview; June 22 — 2200-acre tract west of Columbus, including both the Westinghouse and the General Motors plants in the petition boundaries; and June 29—strip south of Mound-st, which includes both Columbus Plastics and Nippert Electric Co. plants.

The attorney for the Citizens Association challenged the validity of the five injunctions filed Friday against the incorporation move on the basis that all the injunctions were worded the same and were mimeographed and that three of the five filing injunctions that day live within 100 numbers of each other.

He said it was his opinion that the annexation petitions must be heard and that the courts must decide the issue concerning incorporation. He declared that only the Joan Heights and Briggs annexation petitions were filed before the vote.

Challenged also were two rulings by the county prosecutor's office on Friday on the grounds that they conflicted with each other. The association attorney said that the first ruling implies that if the annexation petitions are approved, the incorporation is set aside, while the second ruling set forth that the faction attaining jurisdiction in the township retains it until the courts finally settle the issue.

It was made clear that if the court grants an injunction against incorporation, a move will get underway immediately to start a new incorporation campaign.

Injunctions that had been filed against the incorporation as of late Monday include those of Larry Hoye of 656 Derrer-rd, Helen B. Jones of 745 Wilson-rd, Robert Rhodes of 671 Derrer-rd, Dennis S. McDaniels of 419 Derrer-rd, and Joseph G. and Mary J. Graham of 649 Joyful-av.

Mayor Invites Comment On Package Bond Issue For Improvements

Mayor Sensenbrenner is asking the general public to express opinion on the package bond issue for improved recreation facilities, parks, slum clearance, and railroad crossing elimination.

The mayor proposed the 12½ million dollar bond issue for next November's election. Opposition to the voting date has developed, contending that the election of county and state candidates might overshadow interest in the package bond issue, and contribute to its defeat.

With this in mind, Sensenbrenner decided to go directly to the people to ask them if they would, or would not, support the improvement program.

Vast expansion of recreation facilities, construction of new recreation centers, purchase of additional equipment for playgrounds, and many other things would go into the $2,408,000 recreation bond program. Urban Redevelopment would get $5,000,000 for continuing the vast program to clean out slums.

The parks portion of the bond issue would total $3,063,000. This would give the city more parks and extensive improvements of present facilities. The mayor is seeking the opinions of his fellow citizens on this vital matter.

Opinions may be submitted to this newspaper in the form of letters to the editor. They should be signed and include the sender's address. However, name will be withheld upon request.

Marion-Twp. Sidelights

By Joel Snyder

Near the western end of the landing field at Port Columbus is a radar screen atop a small tower. The instrument turns endlessly, scanning the skies for approaching aircraft. Several months ago, after bidding bon voyage to my uncle who was returning to Sioux City after a short visit with us, we first noticed this radar screen as we drove east on Fifth av. We stopped and studied the movement of this wondrous 20th century device, trying to determine whether it was traveling in a clockwise or a counter-clockwise direction. Among the five or six individuals in the car, the concensus was that it was constantly changing, first going clockwise and then in a split second reversing and moving in the opposite direction.

As a matter of fact, we got into quite an argument, while parked there that day, just off the road. For a few seconds, we would all agree that it was going to the right, then all at once two or three of us would declare in unison that it had changed, and it was now going to the left. The others would just as emphatically deny that it had altered its direction, but in a few more seconds they, too, would seem to see the instrument reverse, while the others claimed that they were crazy, it was still going to the left. Intermittently, we'd poke our elbow into the side of the person sitting next to us.

"There! Now you saw that! It just changed!" Seeing that the others hadn't seen it, the party of the first part pounded his palm on his forehead in disgust. After about 15 minutes we drove off, still very much in disagreement about the matter.

Well, last Sunday while my wife, our two boys, age five and three, and I were out for a drive "J.J." (he's five) asked if we could drive over to the airport. The kids had been so good all afternoon, we couldn't refuse their only pleasure.

We parked next to the fence to watch although the kids wanted to get out and go up on the observation roof. Daddy had old clothes on and hadn't shaved, so we stayed in the car. There wasn't much activity in the bull pen at that particular time, only a few small private planes taking off and landing occasionally. Eventually our eyes turned to the radar screen toward the western end of the air strip. We started to argue about the direction of its scope again.

Three-year-old Jeff's opinion didn't count. But the three of us began to warm up to the topic of conversation. My contention several months ago had been that what we all saw was only an optical illusion, and that the screen always traveled in the same direction without exception. In spite of the relatively slow movement, however, I was still unwilling to state definitely which way it was going. I only retained the opinion that regardless of what we thought we saw, the thing didn't change direction.

I started the motor and my tires squealed as they spun onto the highway. I pulled off the road again, directly opposite the radar device, in a No Parking area.

"All right," my wife said determinedly, "which way do you think it's going now?"

I blinked my eyes and stared for a few moments. I wanted to be sure of my first step. "To the right

Tractor Want-Ad Attracts 35 Calls

It's a small wonder that Dr H. H. Taylor, 3286 W. Broad-st is this week's top booster for want-ads in this paper.

Last week he used one of the little "miracle salesmen" that weekly visits 32,000 families to sell a Model B Choremaster tractor approximately a year old but in brand new condition. Included in the asking price of $125 were all the attachments plus seeder planter.

I never saw anything like it," declared Dr. Taylor. "I had more than 35 phone calls and I sold it to the second person who called. I'm sold on the fact that it pays to advertise in your newspaper."

Why not convince yourself of that fact to YOUR profit by calling GA 9262 or RA 1125 for courteous, skilled assistance in the wording of your want-ad?

Columbus Boy Scouts, Camp Fire Girls Preparing For Summer Camp

Have you ever gone on a "cook out," built an Indian tepee, or made a leather belt? According to Virgil Barbee, camping and activities chairman of the Southwest District of Boy Scouts, and Mrs. Elmore C. Langdon, West District Leaders' chairman of the Camp Fire Girls, these are only a few of the skills that will be learned by young campers this summer.

Each year, the children that go to camp find new experiences awaiting them and because the work and play experiences of camping meet a great variety of childhood needs, United Appeal dollars have helped establish camperships for the children of Columbus and Franklin County. The camperships are available on the basis of need and further information may be obtained by contacting any United Appeal aided recreation and youth agency.

Both the Boy Scouts, and the Camp Fire Girls rely on United Appeal aid and both are in the midst of preparations for the summer camping season which begins this month with the boys going to Camp Lazarus and the girls to Camp Wyandote. According to Barbee some of the children will have their first camping experience but others will be "old hands" at this business of camp life.

Boy Scout Camping Chairman Barbee feels that learning skills and games is always a part of camp life but that developing self reliance and initiative is also a very important phase of the camping experience.

Right now hundreds of children in the southwest area of Columbus are eagerly looking forward to their first camping season. In another few years these same campers will be serving as junior and senior counselors and will help others to enjoy their first season of camp life.

South High Track Squad Finishes 3d In Statewide Meet

Joe Morlan, who took the league batting championship drove in four runs on two hits, one of them a 400-foot drive to left center field.

South's only chance to score came in the fourth stanza when a batter failed to bunt and Joe Morlan picked off a runner at third base.

School Board Ok's New Central High Trade School Annex

Architect's drawings for a two-story addition to Central High School which will increase the building capacity from 1900 to some 2200 students were approved Tuesday by the board of education.

The addition will become the new quarters of the Boys' Trade School, which is now located at 278 E. Spring-st.

Despite plans to go ahead with the addition to Central, Novice G. Fawcett, city schools superintendent, said that the board will keep "an open mind" on the problem of state legislators who have been seeking Central as a site for a second downtown office building. The board will consider approval of such a plan, however, he declared, only if it is assured of equal school facilities at another location.

Neal Kresheck First Winner Of Robert Washington Annual Award

By Nancy Tipton

Roosevelt was saddened last January by the death of Bob Washington, one of the most popular students and athletes. His class mid-term and June decided to dedicate a memorial in his honor so they and the future students of Roosevelt would remember him for the example he set. The plaque would read: "The Robert Washington Annual Award."

This memorial is the beginning of a new tradition at Roosevelt. Each year the outstanding scholar-athlete citizen of the graduating class will receive the award and have his name engraved on it.

Kresheck

A committee composed of Mr. McAllister principal, Mr. Battin, coach, and Miss Moore, faculty member, selected the winner for this year's award. Their decision was Neal Kresheck, son of Mr. and Mrs. C. Franklin Kresheck, 1182 Berkeley-rd. As a scholar, Neal was knighted, which means he maintained a 3.3 average during Junior High. An athlete, he received four letters, two in basketball and two in baseball.

As a citizen Neal was president of Student Council, prosecuting attorney of Student Court, a member of the South Side Y Teen Age Council, and an officer in the Jr. H.I.Y. He was also a member of the band, president of the school choir and his registration room.

Neal attends South High now where he is on the reserve basketball team, the baseball team, and the marching band.

Roosevelt is very proud of Neal and his accomplishments and hopes he will continue to follow the example he set at Roosevelt.

(Photo by Groom)

Miss Susan Veronica Hamilton and Mr. Glenn E. Hiltbrunner exchanged their wedding vows in a marriage ceremony on May 1 in St. Cecilia's Church. Rev. James Foley solemnized the 1:30 p.m. rites.

The bride's parents are Mr. and Mrs. Robert C. Hiltbrunner, 454 Evergreen Terrace, and the bridegroom is the son of Mrs. Barbara Hiltbrunner, 1224 Lockbourne-rd.

The bridal gown was fashioned of Chantilly lace and white satin over tulle with a lace bodice, extending into points over the skirt. English tulle over satin fashioned the bouffant, floor-length skirt and the waistline was accented with a cummerbund of pleated satin.

Her fingertip-length veil of English tulle was caught to a crown of seed pearls and she carried a bouquet of white rosebuds.

Miss Carlene Hamilton attended her sister as maid of honor. Her gown of blue satin was styled with a strapless bodice, bolero jacket and a bouffant skirt of net over satin. Her blue tulle headband was enhanced with seed pearls and she carried a bouquet of pink rosebuds.

Mr. Robert Hiltbrunner served as bestman for his brother, and Mr. Norman White was usher.

Mrs. Hamilton chose for her daughter's wedding, a beige frock with black accessories and a corsage of yellow rosebuds. The mother of the bridegroom wore a navy blue gown with white accessories and her corsage was fashioned of pink rosebuds.

A reception was held from 3 to 5 p.m. in the Fiesta Club. Hostesses were Mrs. Paul Bline, Mrs. Richard Berry, Mrs. Carl Ept, Miss Leona Martin and Miss Vivian Van Houten.

The new Mrs. Hiltbrunner was graduated from Hilliards High School and is employed as a secretary in the Agricultural Extension Department, Ohio State University. Her husband graduated from South High School and is associated with Hostetter Wholesale Co.

The Gadabout

By Priscilla LaRue Dicke

What a glorious week-end! Hope everyone enjoyed their brief vacation as much as ye Gadabout.

This week has many markings on the calendar also. So, perhaps, we'll be gleaning more information than usual.

This Saturday finds the Needle and Threat Guild members hard at work at the Hungarian E&R Church, conducting their Penny Fair. It sounds like lots of fun and we hope it's a huge success.

A birthday party was a big event in the life of Jack Kelly not so long ago. This young gentleman lives on S. Fifth-st.

A blue parakeet named "Joe" has been missing since May 24. His owner, Loretta Rowell, misses her little pet and would appreciate any information possible. The number to call is GA. 0269.

Belated birthday greetings go to Gertrude Ramey and to Karen Poenisch. Gertrude, a resident of 1721 S. Third-st, had a May 25th birthday and Karen who lives at 1554 S. Fourth-st, celebrated her natal day on the 24th of the month.

If you see any extra-tired folks this week, ask them if they bowled in New York this past week-end. Could be that they're members of the Verhovay bowling teams. The National Verhovay Bowling Tournament was held in the nation's largest city this year and we understand there was a large Columbus representation present. Hope you did us real proud, guys and gals.

Lilliam Gramlich should be home from the hospital by now, and I'm sure she'd appreciate get-well cards from her friends. The address is 181 E. Markison-av.

Mrs. A. K. Graumlich is another ailing member of our community and cards could be sent to her at Mercy Hospital.

While we're thinking of Mercy Hospital, we want to remind you of the lawn fete to be held at the hospital on June 8. Home-made Cake and ice cream and home-grown strawberries will be available. The public is cordially invited to attend the affair.

(Continued on Page 3)

Hello:

It looks as though at last we are going to have a little warm weather, and we can begin to enjoy our front porches and lawns. If you haven't yet fixed your porch boxes and flower beds, we still have a nice selection of plants . . . begonias, geraniums, lantana, petunias and all the rest, in the price range of from 15 cents through 50 cents.

Ed and Mary Bellman are mighty pround grandparents, as their daughter Mary Ann and her husband have a new baby boy . . . Mr. and Mrs. Dick Arnold also have a new baby boy . . . it's a girl for the Carl Hanks . . . a happy birthday to Mrs. Cecil Smith and to Bob Lehner . . . anniversary greetings to the Gene Riggins and the Harold Bauers.

Our very best to Rev. and Mrs. Seymore who are now convalescing at home following their bad auto accident in Kentucky . . . best wishes also to Mrs. Barbara Badurina, Mrs. Francis Shipley, Warren Orendorff, Mrs. Florence Ditrick, Mrs. Edward Oeffler, Mrs. Ethel Dillbeck and Mrs. Ella Birkefeld, all of whom have been ill.

Did you see Mrs. Bernice Cummins presented a corsage by her Columbus friends when they visited the Ruth Lyons TV show in Cincinnati on Decoration Day? They must have had a nice trip. Many others have been ill . . . Charles B. Gobel, Mrs. Jennie Leiter, Mrs. Mary McCullister, Mrs. Ruth Welker and Mrs. Mary Walpole . . . our best get well wishes to all.

Gadabout —

(Continued from Page 2)

Mr. and Mrs. John Belcher and son, Johnny, formerly of 276 E. Stewart-av are now residents of 1672 Rainbow Park. They'd like all their friends to come and see them in their new home so we'll extend the invitation via this column.

Home for the summer is Bob Schwab, a student at Johnson Bible College.

The Fellowship Class of the Southwood Church of Christ is planning a hamburger fry for this Saturday, June 5, at Blacklick Woods.

Trudeau Guild 10 meets June 9 at the home of Mrs. Frank LaRue, 405 N. Cassingham.

A mother-daughter birthday duo should receive belated mention. Mabel Rehl, 970 Wilson-av, had a May 28th birthday and her mother had one the following day. Her mother is Mrs. Nader of 968 Wilson-av.

Both women spent their natal days in busy fashion. Mabel acted as chauffeur for some of the members of Girl Scout Troop 53, who held a camp-out at Ken Jockety. Mrs. Nader attended the alumni reunion at New Straitsville. The last affair was a fine success, as ye Gad. about got to see, first hand. We were fortunate enough to be one of the musicians playing for the dance and we want to go on record as saying it was one of the friendliest crowds we'd ever seen. These small towns take their reunions seriously and there were folks from all over the state present at the affair.

The 1711-1713 double to South Third-st was entirely vacated over Memorial Day week-end. The Itskins were up near Celina, and Clem and Helen Fisher of 1711½ were in Ft. Wayne, and Bob and Monabelle McCaffrey spent their vacation time at Mammoth Cave, Ky.

Last minute preparations are now under way for the square dance held by Trudeau Guild 25. Don't forget the date, June 12, and the place, Onized Club House, Southwood-av, and the price, 50c per person. We've got tickets to sell, lots of 'em!

Two members of the LaRue menagerie rate mention this week but for different reasons. Edith LaRue, as soon as her Gahanna school teaching days ended for the summer, had a tonsilectomy performed. Mary LaRue, lovely wife of Don, adds a year to her age, and on her it looks good. Happy birthday, n' love.

Helen Denney should be home and recuperated by now from her trip to the eastern coast. She attended the convention at Atlantic City, New Jersey, of the National Congress of Parents and Teachers. Helen's home address is 801 E. Moler-st.

Ye Gadabout is looking forward to this evening, for it will give us a chance to meet the other correspondents of the papers affiliated with The South Side Leader. The get-together is scheduled to be held at Armando's Restaurant on Sullivant-av. We're also looking forward to hearing from you nice folks, via GA. 1051. Don't let us down, please? Till next week, good bye and 'tis

Sunday Sermonette

"COMPLETE SALVATION
By Rev. Junius C. Wilber

"How shall we escape if we neglect so great salvation?" (Hebrews 2:3)

Throughout the history of mankind, God has developed and used great men in providing victorious deliverance of various kinds to individuals, armies, peoples and nations.

The salvation from sin and satan through Jesus Christ is the greatest joy any individual or nation has ever had the privilege to enjoy. Noah and his family were delivered from the flood and destruction that came upon the wicked unbelieving antediluvians. They entered the ark and survived the flood, but sin remained with them. The ark was sufficient to save the natural lives of many more, but that generation neglected their salvation.

God used Moses to successfully lead the Israelites across the Red Sea; whereas, Pharaoh and his army drowned while pursuing the Israelites. This young nation was saved from Egyptian slavery, but remained in bondage to sin and disobedience. They proved to be faithless and godless, for they murmured against their godly leader, Moses. They turned from the true God to worship idols. Only two that came out of Egypt entered the promised land. They neglected their salvation and died in the wilderness of sin.

Today, many are neglecting the greatest salvation God has ever offered to mankind. It is being neglected by all classes of sinners. Infidels, blasphemers, self-righteous men, respectable worldlings and thousands of church going people are procrastinators. All need to give the more earnest heed to the gospel of Jesus Christ, which is the power of God unto salvation.

The salvation of Christ delivers all true believers from sin in this present world and from eternal death in the world to come. "Thou shall call his name Jesus for he shall save his people from their sins." (Matt. 1:21) He came unto His own (the Jews). His own received him not. But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name. (John 1:11, 12) How shall we escape, if we neglect so great salvation; which at the first began to be spoken by the Lord, and was confirmed unto us by them that heard Him."

LETTERS TO THE EDITOR

Editor
South Side Leader
1542 Parsons-av

Dear Editor:

I wish to thank all the many friends for the cards, gifts, and flowers which they sent me on the occasion of my recent observance of my 83rd birthday.

Sincerely,
Dr. John R. Hutchfield
106 E. Innis-av

Dear Sir:

I am in agreement with your editorial stand that the grounds at the State Hospital and the State School are too valuable to be used as farmlands when the state is planning to buy additional land for an office center.

I live at 1494 W. Broad-st, directly across the street from the State School "gardens." I pay better than $60 each year tax on one improved lot and, on this basis, I know that this "expensive farmland" would be valued at more than $400 per acre if improved.

I'm certain that no matter how hard they work, they can't raise that much cabbage!

In addition, the gardens constitute a nuisance in that odors from the cabbage patch and fertilizers, as well as dust from plowing are noticeable and offensive throughout a huge area. The stench from the cabbage is especially offensive to those residents who otherwise would enjoy sitting on their front porches.

Even if the state can't see the economy in using this land for some other purpose, I believe that something should be done to do away with use of the land for farming.

George Reynolds
1494 W. Broad St.

Top of the Teens

Anytime you grow tired reading that young America is heading for the rocks, drop in here sometimes.

This particular meeting may go by any number of names. But in a general way, we'll call it a "town meeting for teen-agers"—and it's being held in the basement or conference room of a neighborhood church.

Listen in a minute. There's a lot of *pros* and *cons* being tossed about in here. Don't worry about that. Instead, hark back to your own teens when you were trying to get the world straightened out for yourself.

Here you'll hear current events, world and community happenings discussed as frequently as a page from the Bible. Good! For the Bible, as these young Americans are realizing, is much more than a book of ancient history. It is a set of precepts and principles that must be applied to the modern world—and *are* being applied right here.

As a good citizen yourself, you have a right to be proud of these church discussion groups. In them, a part of America's future is being forged by young people who believe wholeheartedly that the future belongs to those who prepare for it . . . now!

That our sons may be as plants grown up in their youth; that our daughters may be as corner stones. —Ps. 144:12

Construction Starts On '54 Parade Of Homes At Site On Sullivant Avenue

33 Homes In Medium Price Range Featured

The first foundations for the 1954 Parade of Homes were dug last week at the site just west of the Sullivant Avenue Airport and south of Sullivant-av.

Work on the foundations of all 33 of the houses in the Parade, sponsored by the Columbus Home Builders Association, will be underway in the near future, according to Ken Corrigan, project chairman and vice-president of the home builders group.

Buttler Stewart, builder, had the honor of starting the basement of the first of the houses, all of which will be in the medium price range.

The 1954 Parade of Homes, which will be held Sept. 19-26, will mark the first time such a display of the building talents of the individual builders has been held on the Hilltop. The Parade was held last year on Astor-av east of Bexley. Included will be a number of styles from cottage to ranch-style.

One complete block will be laid out and blacktopped to provide a "neighborhood" atmosphere for the show, Corrigan said. Houses will be located on each side of the street. The site will not be open to the general public until the Parade begins.

Approval for tapping city water and sewer lines was granted last fall.

How much time is saved by driving too fast for conditions? It takes longer to report an accident than it does to prevent one. Take it easy and save time!

Riders Subject to Traffic Laws

Do you boys and girls who ride bicycles know that you must obey all traffic rules, just as automobile drivers do? The Safety Council of the Columbus Chamber of Commerce says: When riding at night, always keep your light on. And its a good idea to wear something white, too. You're safe at night—if you're always bright.

RABBIT CLUB MEET

The Columbus Rabbit Club will hold its regular monthly meeting at the home of Mr. and Mrs. George Traxler, 931 Beechwood-av, on June 9 at 8 p.m.

The club has scheduled a rabbit show to be held on June 13 at the Southway Shelter House. Judging will begin at 12 noon and the show is open to the public.

MARION SIDELIGHTS—

(Continued from Page 1)

Right now it's going to the right!"

"Correct. Now just watch it for a minute." We all sat with our eyes fixed upon the top of the tower.

"There. It just changed." She spoke matter-of-factly, as if her word was law. It usually is. But my wife takes great pride in all of her opinions.

There were a few more moments of silence and then, "There! It just changed again. Don't tell me you didn't see THAT!" J.J., who was manning the observation post in the back seat, confirmed her declaration.

"I saw it mommy. I'm on your side."

Having respect for my son's opinion I withheld vehement comment. Occasionally, however, I semi-agreed that it seemed to change and was going in the opposite direction, but I never saw it change at the same time they did.

Ordinarily I do not show violent temper. Live and let live is my philosophy concerning things of no consequence. I started the car again and whirled on Fifth-av, making an unlawful "U" turn, wasting more rubber on the highway. I headed back toward the Port Columbus terminal buildings.

"Where are you going?" my wife asked, puzzled by my aggressive personality.

"I'm going to find somebody that knows, and find out about that thing, that's where. I wasn't hiding my enthusiasm at the time. I pulled off the road into another No Parking zone, across the street from the administration buildings. I got out of the car without a word and slammed the door.

I heard the boys yelling they wanted to go with me, but I was too busy dodging cars in the middle of the street to answer them. A final sprint and I made it across unscathed. I took the shortest path onto the restricted landing field through a gate beside a club-house. The club-house is inhabited by the aviators owning the small private planes in operation around Port Columbus. "I saw a pilot leaning against the doorway of the club-house, watching a small plane take off.

"He's got a 210 lb. man in the front seat," he said as I got close enough to hear. He seemed to marvel at the thought. He was still gazing into the sky when I popped the question.

Actually, he said, he'd never noticed the thing of which I spoke. That is, he'd never noticed the direction in which it traveled. At first he showed little interest. After a slight discussion with me concerning the illusion, as I had begun to call it, he leaned his head inside the door of the club-house and disturbed another fellow who had the obvious characteristics of a pilot and who was relaxing in an easy chair reading the paper.

"Hey, Charlie, which way does that radar screen look like it's going to you?" I think Charlie had been listening to our previous discussion out of one ear. He trained both eyes on the screen from where he sat. He could see out the window behind him. Reluctantly he cast the paper down and came to the doorway. The three of us entered into a very intelligent debate on the subject.

I was the first to change the subject. I was getting tired of hashing the same things over and over again. "I can't settle the bet with my family talking to you two guys. Who around here would know the answer?"

At the same time, both gentlemen replied that the man in the tower on top of the administration building, the man who supervises take-offs and landings, would be the authority.

Just then the first man stepped out in front of the club-house to hail an approaching convertible which was arriving from some point out on the landing field. He mocked with arm movements the signals given by a ground crew member to an approaching airplane landing on an aircraft carrier in the middle of the ocean. The red convertible maneuvered without error into the parking place. The driver was a good-looking brunette who had all the well known attributes of an Italian movie actress.

"What's the matter with the instrument lights? They're blinking like they haven't got good sense," she blurted. I was left standing by myself while the two pilots became engrossed with the brunette, and who also discussed the instrument lights which evidently had gotten tired of all the Sunday airplane traffic and gone haywire.

Timidly, I walked over and interrupted. Especially with her sunglasses she looked glamorous. "If I went up to the tower, would the man have time to talk to me?" I hadn't given up the subject, although the two men apparently had. The men let the brunette in on our earlier debate.

She (I never did catch her name) said she'd never seen it go any other way except clockwise. The two men encouraged her to study it for a few minutes, and then decide. She replied she had heard it discussed many times, and she had studied it on other occasions, and it always looked as it went in a clockwise direction only.

To help find out definitely, she offered to settle our argument and save me a trip to the tower in the other building. She had to call the tower and report the instrument lights that were on the bum and she said while she was at it, she'd inquire about the radar screen.

We all hovered around the phone while she placed the call to the tower. She got the instrument lights question settled first. I never did find out what was the matter with them. We were all ears when she explained that some otherwise normal men were all excited about the confusing movement of the radar screen, and wanted an authoritative decision as to the real truth of the matter.

I'll have to admit I was as surprised as anybody to find out that I had been right. The screen went in only one direction, it never reversed, the man in the tower said. As a point of information, it always goes clockwise. I could hardly wait to tell my wife and make her eat her words.

Just as I suspected, though, she still didn't believe me. I had said as much as I left my three new friends in the club-house. I told her the whole story from beginning to end, leaving out absolutely none of the incidents which transpired inside the fence.

"Naturally, you'd believe the girl," she said with her nose in the air. She could see the girl I had referred to as she was again at the wheel of her convertible, ready to buzz off.

Thoroughly disgusted, I uttered a few words which I will delete in this translation, for purposes of publication.

I made another unlawful "U" turn and pulled up next to the fence and hopped out. Ungentlemanly-like I called to the girl, addressing her as "Miss." I don't know if she was married or not.

She could see my wife and little boys in the car behind me. "Tell my wife what the man in the tower said," I implored. She laughed and repeated the tower-man's words. My wife feigned a good-natured smile and waved her hand to acknowledge she had heard. I again started the car and drove off down the highway.

"What's the name of the man who runs the airport," she inquired. "Jack Bolton," I said, without any more words.

"I'm going to write him a letter, and find out for myself," she decided. And she meant it.

J.J., who had taken it all quite seriously, spoke for the first time since I had returned to the car.

"We saw it change, didn't we, mommy?"

Mommy agreed.

He: will you have dinner with me tonight?

She: Why certainly.

He: Okay, tell your mother I'll be over early.

Vol. III, No. 12 — Columbus, Ohio, Thursday, June 10, 1954 — Total No. 116

...Weathering The Weather On The South Side...

FOUR DAZE on the South Side might be the combined title of the two pictures above. In the photo at left, a huge cardboard placard on the window frame of Swingle's Hardware, 197 Thurman-av, jokingly advertises snow shovels for sale at a special "high-cost summer rate" after snowflakes swirled down on the area on Friday, June 4. Just three days later, on Monday, June 7, the kids at the right were doing a rushing hot-weather business with Koolade at three cents for half a glass and a nickel for a full glass. Left to right, they are Joseph Tigyer, Sue Ann Tigyer, Joseph Krinesky, and John Tigyer. We understand that their stand is still operating at 19th-st and Frobis-av. (South Side Leader photo)

Want-Ads Can Help Your Sales

Want-ads in this newspaper will sell anything from straight pins to elephants. We can't prove the extreme limits of our claim with examples from the file, but we can point with pride to the results obtained from the first insertion of a classified ad in this paper last week by Fozzy's Nursery out on Georgesville-rd. "Fozzy" Fosnaugh, proprietor, had several power lawn-mowers he wanted to sell. His wife, Dorothy, finally convinced him to try the "want-ad way." "Results in the past seven days have been phenomenal," declares Fozzy, "and I'm going to make a habit of using want-ads."

Sorta bears out our point: If your product is big or little or in-between—want-ad results are really keen!

Why dont you try this proven method of boosting sales? Telephone GA. 9262 or RA. 1125 for skilled assistance in getting your sales message to 32,000 families each week

SHADES OF ROBERT E. LEE

Many South Side Merchants To Redeem 'Confederate' Currency

A FACSIMILE of "Confederate" money, which many South Side merchants in the future will redeem at face value.

Redeem "Confederate" money? That's right, although anyone from below the Mason-Dixon line who is thinking of making a mad dash to the attic for an inspection of that old trunk which belonged to an ancestor who wore the Blue and Gray might just as well save his or her breath.

The "Confederate" money this article refers to, while exact reproductions of the originals, will lack the diginity which age alone can bring to the paper currency which carried the name of Jefferson Davis.

However, as previously mentioned, the new issue, unlike that of its predecessor, will actually be worth 100 cents on the dollar in trade, at the stores of many South Side merchants

How does one acquire the new "Confederate" money? Well, it's comparatively simple. Being a good observer is important and having a horseshoe nailed over the threshold of your home could be helpful, too.

Each edition will carry five awards of $1 each, as well as a jackpot prize of at least $5. If any of the awards remain undetected, their value will be added to the jackpot the following week.

For instance, should none of them be cashed in, a total of $10 would be added the next week, making the jackpot worth $15—$5 for the undiscovered jackpot insignia, plus the five $1 insignia and the regular $5 jackpot contribution. Regardless of the value of the jackpot, five awards will be there for the taking each week.

Now, all you have to do is to locate the insignia and take it to the office of the South Side Leader. You'll be paid off in "Confederate" money which you can spend with any South Side merchant advertising in the South Side Leader, who will have a placard prominently displayed at his place of business, indicating his participation in the "Confederate" money redemption contest.

So, watch the columns of this newspaper for the announcement of the date when "Confederate" money will again become valuable. Only those who have a connection with this newspaper, employes of the Hartley Printing & Publishing Company or those of the Reliable Advertising and Distributing Company, are barred from cashing in on the insignia.

Bond Issue Includes $10,850 For S. Side Park Renovations

Mayor Sensenbrenner's $10 million "package bond issue", which will be presented to the voters this fall, includes $6,800 for improvements to Lincoln Park and $4050 for Schiller Park in the $1,280,500 set aside for park improvements.

According to plans announced by Ray S. Dietz, superintendent of the division of parks and forestry, improvements at Schiller would include $1,500 for revision of the existing platform as part of the majoor requirements for the construction of an outdoor amphitheater at some future date; $600 for removal of walks and fountain; $1,000 for purchase of movable seating; and $950 for revision of existing buildings.

Lincoln Park plans include $2,000 for rebuilding walks and service drive; $800 for removing useless sidewalk; $400 for removing stumps and dead trees; $1,500 for top soil, seed, fertilizer, fireplaces, park benches and flagpole; $300 for repairing open shelter buildings; and $2,000 for planting trees and shrubs according to landscape plans.

Dietz suggests a landscape architect prepare a carefully studied general development plan to be used as a guide to further development of Lincoln Park.

Six Townships To Get Ballot On Annexation

A move by Columbus officials to put all the city's "annexation eggs in one basket" was pending today.

City Council at its Monday evening meeting voted to direct City Attorney Chalmers P. Wylie to prepare legislation placing on the November ballot in six townships the question of annexing to Columbus. Affected townships are Franklin, Marion, Truro, Mifflin, Clinton and Sharon.

Successful annexation votes in all the townships would quadruple the size of Columbus and add another 50,000 persons to the city census.

The danger in the proposal to put the issue to a vote is that, according to law, an unfavorable vote next fall would prevent the city from initiating any annexation action for the next five years.

Annexation by petition of freeholders would still be permissible.

Council also repealed by a 3-4 vote its resolution of Mar. 8 which endorsed Service Director Floyd C. Redick's freeze on water permits to areas beyond the city limits. This action did not rescind the freeze, but only served to shift the "blame" for it to the mayor and his administration.

The annexation proposal was made by Councilman Albert B. Gregg and seconded by Councilman Walter Snider.

Zoning Board Gives 'Use Permits' For 17 Trailer Homes

More than a dozen Marion Twp. resident living in trailers on building lots not zoned for trailers until such time as owners are able to construct homes received sympathetic consideration Tuesday from the Franklin County board of zoning appeals.

The board granted "use permits" to 17 such residents who had been ordered to remove trailers in Greenhill Acres, Marion Twp. These permits were generally for a six-month period until homes can be completed.

The rulings were not a blanket approval of the practice. Trailer owners cited for alleged violations in the future by the county's zoning department will have to take the same steps in appealing to the board.

The action particularly applied to 17 residents who had been ordered to remove trailers in Greenhill Acres, Marion Twp.

One person failed to appear before the board, and his appeal was rejected. Another asked 30 days, one 90 days, and received permits for those periods.

Million Dollar Warehouse Plan Of C&O Listed

Construction of a new $1,000,000 food distributing warehouse by the Chesapeake & Ohio Railroad was made possible Tuesday by the rezoning of part of the Lockbourne-rd land on which it will be located.

Final approval of the zoning change from a residential and agricultural to a light manufacturing classification was given by county commissioners to the 46.17 acre plot in Marion Twp., south of Williams-rd.

The site, 125 feet on the east side of Lockborne-rd, and extending to the railroad tracks, is surrounded by land which had been classified for light and heavy manufacturing purposes.

In presenting the request to the Franklin County rural zoning board, which had approved it, attorneys for the railroad said the land and adjacent territory will be used for several buildings.

The grocery warehouse operation will be similar too, but larger, than the Bay Terminal Warehouse also located on Lockbourne-rd.

Buildings will be one-story of brick and concrete construction

The rural zoning commission and the county commissioners required a 100-foot setback from Lockbourne-rd.

MARION TOWNSHIP SIDELIGHTS

Annexation Issue On November Ballots Can Clear Air In Township

By Joel Snyder

The resolution introduced at Monday's City Council meeting calling for annexation elections in six townships this November will bring to a head the current discussions on both sides of the corporation limits pertaining to this issue. Should the effort on the part of the city fail at the polls this fall, Columbus will be barred for five years from initiating similar action in the same townships.

This decision by the city is a good one for several reasons. First, and foremost, it will compel the citizens in the townships involved to study the proposal. They can expect that the city will begin a public relations campaign, which has been lacking until now. Both sides are bound to make promises in an effort to sell their point of view, and it will ultimately be up to the residents to weigh the facts and reach a conclusion based upon the virtue of past performances.

A second benefit can be derived from the election by indicating to the public officials the general feeling of the population in the townships. The results of the fall election will show whether the residents prefer a suburban existence or life in a large municipality. There are distinct advantages to both and it is only a matter of personal preference.

Township trustees will get much helpful information from the results in each individual precinct. Bill Fornof, Marion Township trustee, has expressed his opinion on this by stating that if one precinct votes overwhelmingly to annex the entire township to Columbus, it can be assumed that the residents in that particular area favor municipal residence. The voters should be aware, however, that they are not voting on their own small area in the township. The election will determine whether the entire township becomes part of the city or not. By the knowledge gained from a study of the results in the individual precincts, the trustees of the various townships will be aided in their work.

The recent announcement that the water rates both inside and outside the city are scheduled for an increase, has raised additional furor over an otherwise common issue. It seems that whenever it appears that a public commodity is going to cost more to buy, the utility owner frequently suffers unwarranted criticism. In this case, it is reasonable to expect that moves to promote metropolitan authority to handle the water and sewage in and/or around Columbus will take on added prestige. These moves until now, at least, have been rejected by the city.

During the coming months it will be interesting to note the ensuing sales campaigns from both camps. Regarding the promises made concerning schools, transportation, and fire and police protection, it is not so much a question of "what" but rather a question of "when."

Booster Club President William Lawrence Long wants to thank all the visitors who braved the wet weather to attend the carnival staged to provide uniforms for the Marion-Franklin band. The carnival was extended an extra day, Sunday, to help make up for the loss of revenue due to the extremely poor weather conditions.

Monday night when I contacted Long, he had just returned from putting the carnival to bed for this year and was completely exhausted. He said they had not determined how they had come out as yet, but that it won't be too good is an obvious conclusion. Long especially wants to thank all the individuals who had any part in the homecoming event. The comparatively poor outcome was in no way connected with the efforts of the good people who gave of their time to insure a successful carnival. Once again Nature showed she is still to be reckoned with, and no one will deny she dealt a telling blow upon this occasion.

Last week, a couple items included in the copy submitted, failed to appear in the column. These items were apparently cut out in the composing room, for some reason, the most likely one being lack of space. This is not uncommon in any newspaper, and this condition is aggravated in this instance of this column as a result of a gracious concession made to the author by the editor of this paper.

As a personal favor he allows me to turn in my copy at a time ordinarily considered far beyond the deadline. Since my copy reaches his desk at the last minute, it is no fault of his paper if they run out of space, as they have no way of knowing the length of this column. Since so many wise people are advertising in this esteemed publication, no doubt space, particularly at the last moment, is at a premium. I might say here and now however, that these occasions when the paper has ommitted part of my column are few and far between.

One of the things that was slighted was the final notice of the Citizens Association meeting last Tuesday night, at which meeting the newly elected officers were installed by Common Pleas Judge Joseph M. Harter. Further developments of the meeting will be in the column next week, as the meeting was held after my copy was submitted. Nevertheless, as publicity chairman of the Association, I felt badly that the notice appeared in most of the the other newspapers, but not in this one. As I have said before, however, this was not the fault of the newspaper itself.

Another item which was called to me and which was a part of the column last week concerned the Junior Police baseball team in Marion Township. Managed by Boyer Buccilla, the team has shown in pre-league games that good things can be expected once the season gets underway.

Entered in the Intermediate Knot-Hole League, the team goes into competition play with a 4-1 record, behind the fine pitching of Rodney Buccilla who in the last game (as of last week) struck out 10 and only walked one. League play starts about June 14, and we will be watching closely, hoping they continue in fine style. Again we apologize for the omission last week.

One of the sidelights of the carnival behind the township hall was the fact that Bill Fornof won a parakeet. Seems he was just about sold on buying one anyway, by Carl Kennedy (Alum Creek Drive) when he purchased the lucky ticket as a last item on the agenda before leaving the carnival Sunday. He no sooner got home than he received the call that he had won one, thus "gypping" Carl out of the full price. But it was for a worthy cause, and we know Carl was glad he lost the sale.

The following was handily dropped off at my house before I had tackled the column for this week and was greatly appreciated. Wish more people did the same thing as it really rounds up the scoop. This came from Mrs. Richard Smith (Williams-rd) who from time to time contributes news from the southern portion of the township. She does such an excellent job of writing that I always type it as it is, without editing her material.

Summer Band Concert Premiere Set For Sunday At Schiller

The summer band concert series will have its premiere on Sunday evening, June 13, at Schiller Park when the Columbus Federation of Musicians concert band presents as its guest conductor Prof. Wilbur Crist of Capital University. The concert will start promptly at 8 p. m. and is open to the public without charge.

For his soloist, Crist will present Alice Adelle Cave, a member of the faculty of the voice school at Ohio State University, who in the past has been associated with the Chicago Opera and various other opera companies. Last year Miss Cave was heard with the Federation Band and so well received that many requests for her appearance this year have been received.

The series this year will consist of 10 concerts, including a performance by a well-rounded dance band and all these will be given at Schiller Park with the exception of one which has been scheduled for the Park of Roses on July 18. Funds which have been appropriated by the City of Columbus and augmented by those from the Columbus Federation of Musicians, Local 103, have made this concert series possible.

The Gadabout

By Priscilla LaRue Dieke

One of June's perfect days inspires us mightily as we pencil our weekly words. If not closely watched we may be spouting poetry!

'Tis the birthday today of a big handsome brute, so happy birthday, George McGrew. (Ye Gadabout won't dare visit at 219 E. Whittier-st for a while, for George will have his shillelagh too handy).

Larry and Frances Rumsey are to be congratulated on a recent wedding anniversary. They are residents of 222 Frebis-av.

Seems like birthdays predominate in today's news, so we'll take cognizance of that fact by listing one family that has quite a few this month. The Leonard clan has five, so the usual greetings go to the father-son duo of Buss and David Leonard, 515 Forest-st, whose birthdays will be the 12th and 11th, respectively. Grandma Alice Leonard, 478 Forest-st, has a birthday on the 17th, and Harold Leonard, 1822 Bucher-st, has one on the 21st of the month. His son, also Harold, will have his birthday on the 19th.

A well-known and popular South Sider is now recuperating at home after a session at Grant Hospital and I'm sure her many friends will be happy to know that she's getting along nicely. The South Sider is Ruth Welker, 976 Carpenter-st. Many Heyl PTA'ers will recognize her as one of their past presidents. Mrs. Welker is very appreciative of the beautiful flowers and many cards sent to her while she was in the hospital.

We've further news of the Welkers, and nice news it is. Willis and Ruth have bought a cottage at Buckeye Lake and Ruth will do her convalescing there, starting on the 20th of the month. The Welkers are extending a cordial invitation to all their friends to visit them this summer at 2078 Westbank, near Lakeside.

A June 4 birthday for Patty Rutherford, 507 Welch-av, was followed by a June 5 party, making her 13th birthday a memorable one.

The close of school brings hectic days into the life of Helen Haiterman and her kiddies. Helen will be escorting her children to Missouri, where they will spend the summer with relatives.

Past birthdays of early June should include those of Clem Fisher, Ruth Maness and Patty Trigg. Don't know the date for Clem's natal day, but the two girls were June 3. A June 1 birthday was celebrated by Gladys Nistlebeck.

June brides would be happy to receive a lovely handmade gift from Betty Yoakam's Gift Shop, we're sure. For prices, call GA. 8712, or better yet, drop around at 343 E. Sycamore-st and let your eyes feast on the lovelies that Betty has made to sell.

Members of the South Methodist Church are happy that Rev. Peters will continue to be the pastor of their church. He is now attending the conference held at Lakeside and will be there for a week. As he will not return to Columbus until next week, the Children's Day program will take the place of the regular Sunday service on June 13. Last Sunday 67 members of the OES attended the Morrill and Sixth St. place of worship.

All three boys of the Grissom family had special events recently, so we'll make due note of it right here. A 15th birthday is something special, so belated greetings to Gary Grissom. Steve Grissom had his tonsils out on June 3 and today marks the 13th birthday for Bobby Grissom.

Neighbors and friends of Mrs. Lynch, 171 E. Welch-av, are happy that she's now home from St. Frances Hospital and is convalescing nicely.

Little Barbara Cooper, 2730 S. High-st, had a birthday party to commemorate her June 8 birthday this year.

Ye Gadabout had a fine time at the dinner she attended last Thursday at Armando's. It was nice to meet the bosses of this h'yar paper, for they've been telephone personalities heretofore. The meal was sumptuous.

Two birthdays in mid-June highlight the month for High Donahue and Bryon LaRue. High gets a special greeting from his "riders" today, while Bryon has two days to wait before he becomes 14 years old.

Charles and Marge Boyd had Sunday guests from Toledo. Marge's brother and family were the visitors. Many South High grads know him as Warren England, circa 1935 or thereabouts.

At 1 p.m. tomorrow on Channel 10, members of Trudeau Guild No. 25 will appear on the Renie Piano program to plug their square dance scheduled for this Saturday, 8:30 to 12. They are working awfully hard on the dance and I hope that lots of you will plan to attend. It will be at the Onize Club House, 711 Southwood-av, and if you've never been there, may we tell you it's a very pretty place. There will be door prizes, refreshments and entertainment in addition to the square dancing. Try to make it, won't you?

Guess we're fresh out of news, and don't forget to keep GA. 1051 jingling. We're interested in your vacation plans, and know that others are, too. Till next week then, 'tis the Gadabout.

LEAVE FOR CALIFORNIA

Immediately following the Golden Age Club banquet Mr. and Mrs. Fred Birkhimer, 889 Linwood-av, departed for a vacation in California. The Golden Age banquet was held at Sunshine Recreation Center.

Nearly 9 Million Enjoy State Parks During 1953

In the park areas operated by the state department of natural resources, some 8,971,561 persons came through the gates to enjoy their favorite type of outdoor and vacation fun during the 1953 season alone. During 1952 some 7,500,000 visited the park areas. This represents an increase of over 1,000,000 in one year.

The department of natural resources mainly through its divisions of parks and wildlife has been working at top speed in an effort to provide facilities for this tremendous growing demand.

Many Ohioans visiting Ohios lakes and park areas early this hear have noted the recently constructed sanitary toilet facilities, spacious parking areas and additional wells for drinking water supplies.

Stewart-av School Holds Recognition Day For Grads

Wednesday, June 9, was a red letter day for 30 boys and girls who were members of the June 6A class at Stewart Avenue School.

Graduating guests at a unique recognition service were Patricia Archer, Kay Chambers, Geraldine Crowder, Shirley Higgins, Ann Kaufman, Lois Marcum, Betty Mullins, Erika Reinke, Barbara Schoenberger, Paullette Schoenholtz, and Phyllis Stevens.

Also receiving promotion certificates were Timothy Cook, William Crawford, Charles Gillilan, David Hicks, Joseph Hicks, William Huiss, Ronald Hurst, William Large, William McDonley, Earnest Norris, Perry Parker, Elwood Predmore, Raymond Rawlins, Daniel Rowles, George Sprouse, Randall Swisher, Fred Wilhelm, and Donald Wenn.

The program was arranged entirely by the pupils in Ray Kuehner's class. They were assisted by Ruth Chapman, principal of Stewart School.

Presiding honors at the recognition service were shared by Robert Derenberger, Patricia Poeschel, Diana Wright, and Linda Wood, all members of Kuehner's class.

Safety Patrol Certificates were presented by Kuehner, who is also director of the school's safety patrol squads.

The graduating class sang the "Battle Hymn of the Republic" accompanied by their teacher, Thelma Whitehurst.

The colorful part of the ceremony came when each one of the 6A's received a beautiful fresh carnation with their certificates of promotion. The flowers were the gift of the Stewart Avenue Parent-Teacher Association.

Invited guests included parents and friends of the class, in addition to the remaining "upper classmen" of the Stewart Avenue School.

THE picture is right, the saying is true... "We Go to Church... Do You?" God has set the *solitary* in *families*, so that each could help the other do better than he could do alone. We sleep as families, we eat as families, we play as families, we work as families. That means we live as families. *Children will find "church going" easy if they have the family as company.*

"WE go to church" for our own sakes. We want to live nearer to the ideal. *Just as the soil grows sour and barren without sunshine, so must the human heart have its heaven, if it is to keep sweet and rich and productive of good.* At church we bow together before the God of forgiving grace, and tell our sins to Him. The good family on the earth may be the unbroken family in Heaven. *"We Go to Church... Do You?"*

You In The Church... The Church In You
Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful
Be a Churchman!

Marion-Twp. Sidelights

(Continued from Page 1)

Some day, maybe she will take over this column. It is a certainty that if she or any other delightful female undertook this adventure, the column would be 200% more newsy.

Loretta Mauser has likewise been faithful to report news of Marion Twp. to me, her items sometimes having been my only incentive to start to work. I wouldn't want her to think that I don't appreciate her reporting, so while I'm thanking Mrs. Smith for the following bit,(I'll include a special bouquet for my most faithful informant. You'll notice that unlike our distinguished senator from Wisconsin (I've got my own opinion of him) I don't mind revealing the names of my informants.

And here's the word from Mrs. Smith I've been trying to get to:

Hearty congratulations to the graduates at South High School this week. We have several from the Scioto Trail group in this class, including Pat Blaheman, Margie Smith, Marianne Hammon, Charles Gray and Henry Scheiderer. We wish success and good luck to these young people in the future ahead for them.

We certainly hope and pray that all of them will get through all of the parties and activities without any of them getting injured in traffic accidents. Seems as though tragedy always strikes at some of the grads every year.

Margie Smith was one of the group of seniors who attended a slumber party at the home of Pat Denny on Sunday night. The girls came home on Monday morning just in time to dress for the Class Day exercises.

The girls from Scout Troop 113 are looking forward to attending the baseball game at the Red Bird Stadium this Friday evening. Five girls from this troop are making plans now for their two week camp period at Ken Jockety in July.

Harley Oakes is still in Doctors' Hospital and is some better at this writing. We are sure that some cards from his neighbors would make his stay more pleasant.

Mrs. Harry Doddroc is now confined to bed. We surely hope that she will begin to make some rapid improvements very soon. Leone Johnson, cook at Scioto Trail, is now able to be out, and was back in the kitchen on picnic day.

With these able comments from Mrs. Richard Smith, we close for this week. How about getting some more of these tid-bits from you readers. If we're going to "get the spirit" (Community Spirit) we've got to get to know each other better, and this is one way we can get acquainted. Let me hear from you! Until next week, so long.

James Wagner Known To Many For His Square Dance Calling

James L. Wagner

James L. Wagner of the Southeast Lions Club is perhaps best known in Columbus and the entire central Ohio area for his expert square dance calling.

Born in Marietta, Wagner was graduated from Marietta High School. He was first employed in the finishing department of Brickwede Brothers in Marietta, later rising to stock clerk, in which capacity he served until called to the Army in June 1942.

After serving 30 months in the European Theater and earning battle stars for participation in campaigns in Africa, Italy, France, and Germany, he was honorably discharged in November 1945.

Married in October 1951, while in the service, his wife died in February, 1943.

Upon his return from the service Wagner returned to Marietta, but six months later decided to enroll in Ohio State University. He was graduated from there with a bachelor of science degree in social administration.

Wagner joined the staff of the South Side Branch YMCA in June 1946, serving as a part-time associate throughout his four-years at OSU. After his graduation, he became a full-time member of the professional staff at the South Side Y. Completing his Y requirements, he served two years in a junior secretaryship capacity and was certified by the Young Men's Christian Association of North America in 1951.

He has been serving as acting executive secretary of the South Side Y in the absence of M. V. "Cap" Hoover, who has been on a year's sabbatical leave.

In addition to his active role in the Southeast Lions, Wagner is a member of St. Paul Evangelical and Reformed Church, Modern Woodmen of America, Grange, Veterans of Foreign Wars, board of directors of the National School for Group Organization and Recreation and of the Lincoln Park Day Nursery, Ohio State Alumni Association and Association of the Young Men's Christian Association of Ohio-West Virginia Area Chapter and of the North America Chapter.

The sessions will be held every other Friday from 7:30 to 10:30 p. m. because of the new curfew law. Jim Wagner of the South Side Branch YMCA will do the calling and the Y-Park Combo will provide the music for dancing.

Dances are open to all young people. Adults are invited to participate as well. Each participant must register with the club and abide by the Y-Park rulings.

81 Entrants In Newsies' Annual 'Cycle' Classic

Eighty-one motorcycle riders, both experts and amateurs, will vie for $3500 in prize money this Sunday at the State Fairgrounds when the Charity Newsies sponsors its 11th annual Motorcycle Races.

These articles, plus medical supplies, fuel, food and shelter, are given unfortunate youngsters, it was pointed out by Robert L. Durham, president, and Robert Benjamin of 1467 Parsons-av, a veteran member of the group.

The gates to the Fairgrounds will be opened at 10 a. m., starting hour for the time trials. The race card proper is to get under way at 2 p. m., with the martial flag-raising ceremonies participated in by an honor guard from all the Armed Forces installations in central Ohio.

Barrett Junior Hi Y Club Elects Its 1954-55 Officers

The Hi-Y of Barrett Junior High School elected new officers at its final meeting on Thursday, June 3.

The new officers are Gordon Schultz, president; Bill Reich, vice-president; Tom Green sec.-treasurer; Don Medlar, sergeant-at-arms; and Bob Clayton, chaplain.

These officers will function throughout the school year of 1954-55.

The Barrett Junior Hi-Y softball team met and defeated Linden-McKinley Junior Hi-Y Club, 23-6, for the City Junior Hi-Y championship at the Southwood School diamond. The battery for Barrett was Tom Green and Jim Wycoff. Home runs were scored for Clarence Coleman, Bob Ruh and Paul Hochuli.

Jack Drenning, sponsor of Barrett's Hi-Y, entertained the team and club at his home on June 8 with a sports party by way of celebration of the championship.

"The members of Barrett's Hi-Y take this occasion publicly to thank Jim Wagner, Jerry Honaker and Ed Cherryholmes of the South Side YMCA for the help and services they have given the Barrett Club for a fine and successful year," a resolution of club members reads.

IT'S 'CONFEDERATE' DAY FOR READERS OF THE LEADER; SIX PRIZES

"Confederate" Day has arrived for readers of the South Side Leader—the day when it may pay cash dividends in "Confederate" money for some of them to scrutinize the advertisements in their newspapers with the greatest of care. At left is shown one of the insignia to look for. If you find one of these in an advertisement in this copy of the South Side Leader, take the entire issue to our office at 1542 Parsons-av. where a cool, crisp newly-printed "Confederate" $1 bill will be given in exchange.

The "Confederate" $1 bill, actually a facsimile of genuine Rebel currency and printed by the South Side Leader, will be good for the full amount when applied on purchases made at South Side business concerns advertising in this issue.

But that's not all! In addition to five $1 insignia, there will be one — just one — like that shown at the right.

This insignia, when found in one of the advertisements in this issue, will be worth $5.

Follow the same procedure as outlined for the $1 insignia and the South Side Leader will give you five $1 "Confederate" bills. These, too, can be applied on purchases at any business concern advertising in this issue.

Be sure to take the ENTIRE paper containing an insignia to the South Side Leader office. Do NOT clip out the advertisement in which the insignia appears. That will make it valueless.

Thus, in the first week of the "Confederate" currency award contest, the total amount which can be cashed in is $10. However, should any of the insignia escape the scrutiny of South Side Leader readers, the amount missed will be added to the next week's jackpot award — or the $5 insignia.

Final time for cashing in on the insignia is Friday at 5 p.m. following the day of publication. Those not found and exchanged for "Confederate" money by that time will become worthless.

Look through the advertisements in this copy of your South Side Leader. It may pay you to do so!

Marion-Twp. Sidelights

by Joel Snyder JO. 4881

Newly-elected officers of the Marion Township Citizens Association were installed Tuesday, June 8, at the Marion-Franklin High School by Robert Leach. Judge Joseph Harter, who was to have installed the new officers was ill and was replaced by Leach who is chief counsel for the attorney general's office.

William Fornof, Marion Twp. trustee and speaker for the evening, discussed the recently organized Franklin County Metropolitan Study Council, of which he is an elected member.

In the light of the annexation proceedings initiated by the city, Fornof emphasized the value of the study council, declaring that although the group may not be without its faults, it appears to be the best approach to the problems confronting the city and surrounding areas, alike.

Fornof warned that the people will read and hear much misinformation during the next few months and advised his listeners to remember that the persons knowing ALL the angles concerning the annexation issue are few and far between.

He stated he was content to have the question placed on the ballot this November, although he said the issue deserves much study by everyone. Fornof added that in his opinion, the move would fail if the people were to vote immediately. He predicted that township citizens would be deluged with propaganda from both sides during the coming months and it would be up to them to separate the fact from the fiction and hopeful promises.

According to Fornof, there have been plenty of difficulties in setting up the study council and he said he hopes that the various civic-minded groups will encourage its continuance. Subsequently, the Citizens Association adopted a resolution asking the Metropolitan Study Council to continue in its efforts to organize a functional study body.

One of the points upon which the entire study council agrees, said Fornof, is the fact that the people in Franklin County need more water and sewage facilities. They want to make this one of the main targets of investigation by an internal study group, comprised largely of technicians well acquainted with those problems.

Fornof expressed his opinion that if such a study is made, the results will be so obvious to city officials that they will agree to a metropolitan water and sewage authority to handle those commodities in Franklin County.

It was voted at the meeting to change the meeting nights from the second Tuesday to the second Thursday of the month to accommodate the many members who had other meetings to attend on the second Tuesday.

In another vote taken, the group favored having the various committee chairmen being members of the board of directors so that they can attend meetings of the board which are held on the third Thursday of each month.

Committees named and their chairmen are as follows: attendance, Ross Orr; membership, Leroy Hettler; publicity and public relations, Joel Snyder; program, A.

Three doubles and two triples by Joyce Miller and the fielding of Donna Kuchner and Rita Duckworth sparked St. Leo in their 17-7 victory over St. Paul E&R. Carol Tope and Miss Jury who belted a single, double, and triple led St. Paul's attack.

Six-hit hurling by Miss Eseman and the slugging of Betty Baughman and Betty Bonnette sparked Southwood C of C to a 35-1 victory over Washington-av EUB. Miss Kovaleski and Miss Fizer each banged out 2 hits for Washington-av.

In the Junior League games last Wednesday, Washington-av EUB downed Oakwood Methodist 8-4. Five-hit pitching by Cook and a home run belt by Conley paced Washington-av. Two triples by Ruby were the big blows for Oakwood Methodist.

Squeezing in a run in the last of the seventh inning St. Paul E & R handed St. John's E & R its fourth one-run defeat of the season, 14-13. Three hits by Kleinline and Dave Spanner sparked St. Paul's victory. Ballinger and Lupfer were the big guns for St. John's E & R.

Dick Schumacker's second home run of the game in the last inning, with two team mates on base gave Central Community a 19-17 win over South Methodist with four hits.

Triples by Sekinger, Murnane, and a homer by Moskus, plus sparkling fielding by Schneider sparked St Leo's 17-9 victory over Southwood C of C. Third Baseman Bayes was the big noise for Southwood, driving in five runs with a triple and home run while handling eight chances faultlessly.

In intermediate games Thursday, St. Leo defeated Thurman Methodist 8-4. Three-hit pitching by Turner and Hansberger and two hits by Jerry Golden and Hansberger paced St. Leo. A home run belt was the big blow for Thurman.

St. John's E & R downed South Methodist 17-3. Ruby, hurling for St. John, was the big noise, scattering five hits while fanning 13. Schatz helped the winning cause by cracking out three hits. Moore and Dick Hickman each collected two hits for South Methodist.

Jack McNash's three singles and Jimmy Schwab's double and triple paced Gates-Fourth Methodist's 14-6 victory over Southwood C of C. Hoptry, with two doubles, sparked Southwood C of C.

To Dad

The following poem dedicated to pop on his 24 hours of glory, Father's Day, Sunday, June 20, was written by South Side Poet Charles W. Widmaier.

Mere words never fully express,
Our love for our dear dad.
But in our hearts we really know,
His presence always makes us glad.

Unselfish in his every way,
With a heart so true and good.
Whenever we had problems deep,
We took to him, he understood.

Now that we have grown up.
And work problems on our own;
We still often go to him,
Otherwise, he'd feel left alone.

God has really blessed us.
When He sent dad to our end.
The happiness that he has brought,
Can never be repaid.

We will always honor him.
And respect him in our heart.
And pray it will be a long, long time,
Before from him, we will have to part.

Here's A Good Habit To Form

Why not get the habit of reading each week the column, Marion Sildelights, in this newspaper? It's full of civic matters of interest to each and every citizen of the South Side.

Take today for instance. Columnist Joel Snyder reviews the role of the Metropolitan Study Council in the light of annexation proceedings which are to be initiated by the city of Columbus. He also delves into the pros and cons of the petition for a special election in the township for incorporation.

Snyder points out that, in the event the issue comes up in a special election, voters will have not two, but three choices.

Sousa Memorial Concert Sunday In Schiller Park

The Columbus Federation of Musicians will present Dr. Frank Simon as guest conductor of a Sousa Memorial Concert at Schiller Park, this Sunday at 8 p. m. This is the second in a series of 10 concerts made possible by funds contributed by the Music Performance Trust Fund and the City of Columbus.

Simon has led a varied and fascinating life in band music. He started out as a cornet player in a small town band in Middletown, O., and rose to be the premier cornet soloist and assistant conductor of the greatest concert band America has known, the John Philip Sousa Band. This year marks the 100th anniversary of Sousa's birth.

Simon is considered in the musical world as the most authentic interpreter of Sousa. As a founding member of the "Sousa Society" and the American Bandmasters Association, he is known generally as the truest exponent of Sousa music. At present, he is Director of the band and brass department of the Cincinnati College of Music, a musical school with 75 years of achievement in the world of musical arts.

Simon is also a composer and one of his marches, "The Statesman", was recently transcribed by the United States Marine Band and another, "March of the Majorettes," has been a top favorite with college and high school bands. Most people, when they think of band music will think of Sousa and this concert will afford an excellent opportunity to hear the great works accurately played.

Southeast Lions Give $1,000 For S. Side Y Park

The Southeast Lions Club, "The Club that Gets Things Done", is a loyal supporter and contributor to worthwhile projects for the schools and youth-serving agencies of South Columbus.

South Y-Park has been built through community efforts and generous support such as the Southeast Lions' recent gift of $1,000 which is designated for capital improvements at Y-park located on Rohr-rd in Hamilton Twp.

The South Side YMCA is one of the overnight camping and picnic beauty spots of Central Ohio. During the 1953 season the park served 409 groups with 19,336 people in attendance. Of this total, 300 groups were young people's groups, representing churches, Boy Scouts, schools, YMCA's, Girl Scouts, Cub Scouts, Campfire Girls, Jewish Center, Job's Daughters, De Molay, and others.

Some of the capital fund improvements needed for Y-Park are social hall for college-age and adult groups, residence headquarters for year-round custodian, and a swimming pool.

Funds for the Southeast Lions projects are raised through their annual South Side "Lions Roar" paper sale held the first Friday in December.

GIVE "GRAND"-LY—Pictured is F. A. Sheridan, chairman of the South Side Branch YMCA board of management, receiving a $1,000 check from South east Lions' Project Chairman Max Berst. Jim Wagner (left), acting executive of the South Side Y, and Wilbur Morrison (right), Southeast Lions president, also take part in the ceremony.

Medical Disaster Agency Requires Local Volunteers

Former First-Aid Workers Sought In Coming Week

South Siders with previous first aid training are urgently requested to volunteer during First Aid Roll Call Week, June 20-26, for positions on the staffs of 19 disaster aid stations established by the Columbus Academy of Medicine Disaster Committee in Zone 5.

Zone 5 comprises all the area east of the Scioto River and south of Livingston-av in Franklin County. Dr. Oscar L. Coddington, 978 Jaeger-st, is zone medical leader. His deputies are Dr. Clarence Gallagher, 1442 E. Livingston-av, and Dr. Joseph Forrester, 1696 E. Main-st. Ralph Sears, 811 Euclaire-av, is zone pharmacy chief; his assistant is W. Owen Hays, 596 Park-dr.

South Side Columbus disaster aid stations and the names and addresses of doctors assigned in charge are as follows:

Fornof School, Dr. Anton Oelgoetz, 1025 E. Whittier-st; Scioto Trail School, Dr. Carl Iuler, 1274 S. High-st; Smith Road School, Dr. R. J. Henry, 10 Mithoff-st; Jewish Center at 1125 College-av, Dr. Jerry Fisher, 1223 E. Livingston-av; Mayflower Church at 850 Studer-av, Dr. Louis Adelman, 175 Wilson-av; Roosevelt Junior High School, Dr. H. L. Spiro, 1387 E. Whittier-st; Heyl Avenue Elementary School, Dr. B. J. Brief, 1211 E. Whittier-st; Beck Street Elementary School, Dr. R. O. Adams, 639 Mohawk-st; South High School, Dr. Edward G. Klopfer, 206 E. State-st.

Barrett Junior High School, 345 Deshler-av; St. Leo Church and School at 221 E. Hanford-st, Dr. J. E. Van DeWater, 249 E. Whittier-st; Southwood Elementary School, Dr. H. W. Federer, 1085 S. Fourth-st; and St. Ladislaus School at 277 Reeb-av, Dr. Fred Finke, 1847 Parsons-av.

The Franklin County Disaster Plan has been formulated by the Academy of Medicine to provide adequate medical attention for any disaster.

Throughout the county, 103 aid stations, staffed by assigned medical personnel, have been set up to handle any type of disaster. Medical supplies, vehicles, and methods of communication have been established. In the case of a disaster, the plan can be put into operation quickly in the entire county or in any portion of county affected.

It has been emphasized by Dr. David K. Heydinger, chairman of the county disaster committee, that volunteers during "First Aid Roll Call Week," June 20-26, must be citizens who have had previous first aid training, from the Red Cross, as medical corps personnel in the armed services, or as policemen, firemen, or other groups which deal with first-aid on a semi-professional basis. Others will be called for special training later in the fall. The plan calls eventually for a trained first aid worker in every home.

Those semi-trained workers who volunteer next week will be contacted within the following two weeks and assigned to aid stations for concentrated refresher training that will involve two meetings each month, probably less than five hours per month.

Your help is needed! You will benefit! Clip the coupon on page one of this issue and mail in your application. You will be assigned to an aid station within walking distance of your home.

Local Church Breaks Ground For Its New Building Annex

LONG-AWAITED MOMENT—Pictured above are members and friends of the Benfield Avenue Church of Christ in ground-breaking ceremonies for the proposed new church annex. Central in the picture are members of the annex building committee, left to right, Charles R. Hayes, Donald V. Antle, committee chairman, Charles E. Leighly, and Rev. Dane S. McDonald.

Ground-breaking ceremonies at the Benfield Avenue Church of Christ last Sunday, June 13, at 11:30 a. m. were simple, brief, but meaningful to those of the church and Sunday School that assembled on the church grounds inside the lines and stakes set for the site of the new church annex.

The program included the singing of "Marching To Zion", and the reading of sacred scripture, with dedicatory prayer setting apart the section of ground for special church use that had been selected for the site of the annex. Rev. A. A. Sebastian of South Church of Christ gave an address encouraging the people in the new venture of faith.

During the actual ground-breaking, members of the committee led and were followed by many others, men and women and boys and girls, turning a shovelful. It is expected that actual excavation will begin at an early date. There were several present who had a part 20 years ago in the building of the church to which the annex will be joined.

Members of the building committee not present when the above picture was taken are Robert Casto and Donald Wolfe.

South Side Bell Ringer

"For Whom The Bell Tolls"

Something new has been added to the items of interest to all South Siders. Confederate money is being circulated throughout the community. This is legal tender in only the stores advertising in the South Side Leader. You can reap quite a reward if you find a little emblem in any ad in your paper. There will be only a few papers a week that have these emblems, so you must watch closely every week.

Heil and Scheiderer Hardware on Parsons-av came up this week with a good special on a beverage set, which is something that we all need.

By the way, Meisse Shoe Service, located at 432 Hanford-st, is installing an air conditioner to accomodate its customers while they are waiting for shoe repairs. Have you noticed the new remodeling being done at Eichhorn's Market on Thurman and Jaeger? I hear that he plans to have quite a celebration when the renovating is completed. Stop over at Eichhorn's and view the good work that Herb and his staff has been doing to facilitate the needs of the customers.

Father's Day is close at hand and many of the merchants are offering many specials just for father . . . items that would delight the heart of any father.

Elsewhere in this issue of the Leader is a complete page of suggestions of what to buy and how to spend your leisure time offered by many South Side merchants.

The South Side Bell Ringer will come your way each and every week with items concerning the businesses of the South Side that are of intereat to all. Watch "for whom the bell tolls" each week.

Pizza is now being served at the MBC Restaurant located on S. High-st. Two South Side policemen own the MBC Restaurant and they make pizza that will tantalize the daylights out of any one until he's eaten his fill of them. Stop in and try them.

Want-Ad Plans Get Priority

One of the first things Eloise Porter does every Thursday in between phone calls) is to decide what properties she will advertise for the following week in this newspaper's classified columns. Mrs. Porter, who is associated with the Larry Wade Realtors at 1089 E. Broad-st, advertises every week in this paper.

Getting her sales message to more than 32,000 families each week via the classified columns has paid her great dividends, she declares. "That extra boost want-ads give my business means the margin between success and failure," Mrs. Porter said.

Why don't YOU observe for yourself how much additional business those powerful little salesmen can bring you — no matter what your product or service? Call GA. 9262 or RA. 1125 for swift, courteous assistance in your selling problem the "want-ad way."

Lincoln Park Day Nursery Names Its New Officers

Names of newly-elected officers of Lincoln Park Day Nursery were announced today by Mrs. Emerson Wollam, retiring president of the board of trustees.

Lincoln Park Day Nursery, located at 1700 E. 20th-st, is a Community Fund agency, serving the pre-school age children on the South Side. The nursery is under the directorship of Mary Jacobs, one of Ohio's outstanding child care directors.

Elected to the board of trustees at the June meeting was William Weste, 1755 E. 20th-st.

Gates Fourth Methodist Honors Two Of Its Charter Members

The official board of Gates-Fourth Methodist Church met at the South Y Park at 6:30 p.m. Monday, June 14. A covered dish supper was served, after which there was a short business meeting. A scroll was presented to Charles H. Frank, which read as follows:

"IN APPRECIATION

"For 56 years of Christian service to the Gates-Fourth Methodist Church as a trustee, the members of the Official Board of the Church wish to present Mr. Charles H. Frank this expression of their love and appreciation for a task well done."

By a unanimous vote of the last quarterly conference Mr. Frank was made an honorary life member of the board of trustees.

About 58 years ago the old German Methodist Conference decided to establish another German Methodist Church on the South Side. In order to cooperate with the conference, the Livingston Methodist Church released 43 members from its membership to become the nucleus of a new church now at Gates and Fourth-sts. Frank and Mrs. Mayme Reinkins were two of the charter members.

Both Frank and Mrs. Reinkins have been active in some capacity ever since. Mrs. Reinkins played the piano and Frank was church chorister. Frank has sung in church choirs for 75 years, first at Livingston and then at Gates-Fourth. In his service to Gates-Fourth, Frank was church treasurer for 20 years and trustee for 58. He also sings in the Republican Glee Club and "The Chanters," a Masonic choir. Frank is 92 years old and loves to tell how his mother carried him by the casket of Abraham Lincoln when he lay in state at the Capitol.

The scroll presentation was made by Orville Rader. Some appropriate remarks were also made by the pastor, Rev. S. R. Martin. Mrs. Reinkins was presented a corsage.

Emmanuel Lutheran Continues Unbroken String Of Victories

In the feature game of the evening St. Leo handed St. Paul E&R its first loss of the season, 7-6. Ted Sekinger, with three hits and Fracisco, with two, led St. Leo's attack. Two hits by Waters and Fould and a home run by Kenny Marshall sparked St. Paul E&R.

St. John's E&R broke into the win column for the first time by downing Oakwood Methodist 7-4. Bobby Karrer and Lupfer were guns for St. John's, each collecting two hits, while Lupfer, hurling for St. John's, scattered six hits. Bill Secrest, with two hits, led the attack for Oakwood.

Merchants Have Supplies To Make Season Pleasant

Many merchants of the South Side have made your leisure time more pleasurable by providing specials and items of interest to help you in enjoying that leisure time.

For instance, the Cream Cup, located next to the Ideal Theatre, offers ice cream in either cones or bulk to take home and serve anytime. Or if you are traveling you can go by Plymouth at a new low price provided by Les Redifer, Inc., at 1200 Parsons-av. Galan Seat Covers has a holiday special on seat covers installed to beautify your car. And to have your car serviced there is no better place to go than Dave Woods Marathon Station at Parsons and Whittier.

In the food line, Ray's IGA Market provides items that would delight the heart of any picnic gourmet, with Laff's Bakery providing a special on hot dog rolls, hamburger buns, and bakery goods to save mom time in the kitchen.

City Ice provides all kinds of ice in convenient self-service machines in several locations throughout the South Side to solve the cooling situation.

Heil and Scheiderer Hardware has a special on a beverage set alone with several other specials that are of interest to all mothers.

To cook all of the delightful items of interest this summer and any time Schall's Hardware provides information on a outdoor fireplace that you can either build or have built for you.

If you're tired of eating at home an ideal place to go is to Johnson's Restaurant, located at 2551 Parsons-av, where you will eat in quiet, cool, and stylish atmosphere.

Earl's Carryout, as shown on this page, carries all types of picnic supplies and beverages to carry on a picnic.

To save mom a little more time, Snedeker's Wee Wash-It washes everything but the baby including all the family washing from one item to a complete family wash.

In the children's field of leisure-time, Livingston Enterprises offers a new high in children's play gyms at a new low in price.

Arrigo Hardware provides all types of play time and picnic items to please both young and old and caters to the "must have everything" fisherman or to the "just plain relaxer."

Why Not Have A Shore Dinner In Your Own Yard

Maybe you can't follow the red sails over the horizon but you can have a shore dinner on your own barbecue grill.

Here is a menu for the saltiest sailor at heart: barbecued fish steaks, potato salad, carrot sticks, rolls, and cherry tarts. Broiled fish is improved if it is marinated for several hours with salad oil, lemon juice, and salt. Grill the fish directly over coals and cook until golden brown. Serve with a piquant sauce.

TRY SKILLET HASHBURGERS

Try skillet hashburgers on that next picnic. This favorite fare of Jiggs will spark the Irish wit around the campfire. Slice canned corned beef and brown well in fat in a skillet. Serve on grilled hamburger buns. Team-up the hashburgers with cole slaw, sliced tomatoes or tartar sauce.

How To Make Your Picnic A Success

BEST NEWS FOR LOVERS OF THE GREAT OUTDOORS is that the picnic, most honored of American summer institutions, has finally turned into an art. The fun has been left in, but the "bugs" have been ironed out!

Gone are the haphazard one-day expeditions when folks grabbed a sandwich, jumped into a car and headed for a nearby clump of trees without a second thought. This simple approach to nature's call turned out to be not so simple after all.

That was the old-fashioned picnic of yesterday. But today it's a thoroughly different story.

The picnic has developed into a relaxed, pleasure-filled affair, thanks to the combined efforts of State Conservation specialists plus the ingenuity of American industry.

The conservationists have established a set of easy to follow rules while industrialists have come up with a host of new products to take the pain out of the picnic.

Authorities on outdoor living tell us it's the planning that counts. As one conservation expert stated recently: "Most picnics are spoiled by what folks forget to take along. How many people think to pack something as simple as a first-aid kit?"

Here are some other all-important "DO"s and "DON'T"s:

DO make a check-list of the simple items you're most apt to forget: salt, pepper, mustard, sugar, cream, paper plates and cups, cutlery and something to spread on the ground or picnic table.

DON'T forget matches, a flashlight and a can opener. If the menu calls for charcoal broiled hamburgers, frankfurters or steak, make sure you have a sturdy and efficient grill. One of the best is the new grill illustrated above. The cleanest and safest fire-pot you can buy. It's scientifically controlled draft completely eliminates any danger of a spreading fire, and it's nice looking, too.

DON'T place an unopened can over the fire. Puncture a few holes in it, or you'll find beans plastered all over the picnic grounds when the can explodes.

DO have the car checked and while you're at it, drop a few games in the back seat for the youngsters.

DON'T try to live seven days in one. Country life is exhilerating, but sudden, strenuous exercise can be a severe strain on the heart.

DO bring along your own beverages. Coffee, beer or soda can be kept cold in an insulated container such as the cooler pictured above. The handsome, plaid-colored bucket will also keep your food fresh.

DO wrap white bread and sandwich ingredients individually in wax paper or aluminum foil and pack them in the cooler. Incidentally, if there's fishing on the agenda and you have any luck, pack your catch in the cooler for the homeward trip.

That's the advice from the experts, the tips that can insure a pleasant day in the country for every member of your family. Good picnicking is a newly-found art to which all the answers have been provided and none of the fun taken out. Now the pleasure is up to you.

Camera Can Add To Fun Of Your Summer Outings

Everyone has fun on a family picnic, whether it is off to the woods and far away or no more distant than the backyard. In either case it takes a camera to record permanently the fun and excitement of the picnic day.

One doesn't have to be an expert photographer to get the kind of snapshots which will make the event live in memory in the years ahead. Nor does one have to own an expensive camera bristling with gadgets of every description. These days even the most simple cameras take good pictures. It does help, though, to use a little forethought about the pictures to be taken, rather than going "shutter happy" on the scene and shooting roll after roll of film on everybody and everything.

A major rule to follow is never pose the folks at the picnic. Is there anything sillier than a picture of a group of people posed stiffly and staring blankly at the camera? Have them doing something! Dad, garbed in his chef's hat and apron, can be busily engaged in spearing the frankfurters when you snap his picture. Sister and brother can be lugging the heavy lunchbasket from the car or from indoors to the picnic site. Snap a picture of Uncle Ed down on his hands and knees starting a fire in the grill. In other words—let informality reign.

Another suggestion: If your picnic is being held away from home and you are driving to the happy site, don't leave your camera and film in the glove or trunk compartment of the car. The heat in such close quarters will practically parboil your film.

If the picnic is out in the country or at the beach, remember to bring along a few extra rolls of your favorite film. You might get caught short otherwise.

One thing more: Be sure and have extra prints made of the best snapshots you take for those folks at the picnic who were not members of the family. Your friends will like to have souvenirs of the happy day too!

SOMETHING NEW

Gourmet hamburgers are a delicious new treat to serve at backyard picnics during July—National Picnic Month. Spread grilled hamburgers with a mixture of Bleu cheese, soft butter, mustard, and Worcestershire sauce. Place the hamburgers in buns that have been split and toasted in the succulent meat juices.

Appetizers For Picnics

Why not appetizers at the picnic party? Pass them around to stave off the growing hunger as everyone waits for the food to cook. Bring along thinly-sliced party rye bread sandwiches spread with a Roquefort cheese mixture. For a dozen slices, cream a tablespoon of grated Roquefort cheese with three tablespoons of cream cheese. Add enough milk to soften and dash of Worcestershire sauce for flavor.

STOP!
That means you. But to STOP is almost a lost art among us. He said, "Be still and know that I am God." We must stop, and realize we are eternal children, on the way to destiny beyond the stars. Just as there must be "rests" in music, to give it phrasing and color, so must man "pause" with God, to receive refreshment of soul . . . we must go to church. It is important then to STOP for His counsel; LOOK for His direction, and LISTEN to His pleading. There are warnings aplenty on the road of life. The tallest church steeple is a compelling force in your community . . . IT INVITES YOU.

Bonnie Mayle, John Crishbaum Are Wed In St. Mary's Church

Mrs. John David Crishbaum

St. Mary's Church was the setting for the recent marriage of Miss Bonnie Mae Mayle and Mr. John Crishbaum. The couple repeated their vows before an altar banked with white gladioli, asters and lemon foliage. Rev. Schweitzer solemnized the nuptials.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Harry H. Mayle, 726 E. Whittier-st. The bridegroom's parents are Mr. and Mrs. Walter E. Crishbaum, 717 S. Sixth-st.

Chantilly lace over nylon and satin fashioned the wedding gown, styled with a fitted bodice, scoop neckline trimmed with iridescent beads and seed pearls and long sleeves tapering to points over her hands. The buoffant skirt featured side panniers of lace cascading from the waistline to the floor and extending into a cathedral train.

Her fingertip veil of illusion fell from a Juliet cap of lace, satin and seed pearls and she carried a prayer book topped with an orchid, lily of the valley shower and a crystal rosary, gift of the bridegroom.

Mrs. Leo Sullivan served as matron of honor. Bridesmaids were Miss Barbara Welker, Miss Jeannette Jeffers and Miss Naomi Ball, and the bridesmatron was Mrs. Peter Boyd.

The honor attendant wore an orchid nylon net over taffeta gown with a tufted bodice, matching jacket and a full hoop skirt featuring handkerchief-pointed net. The other attendants wore identically styled gowns in powder blue. They each wore a matching hair-braid hat and carried a basquet of pink and orchid carnations and pink rosette roses.

The little flower girl, Miss Judy Brooks wore an orchid nylon dress over taffeta and her flowers were a miniature o fthe honor attendants basquet. Robert Lee Watts served as ringbearer.

Mr. Leo Sullivan served as bestman and seating the guests were Mr. Edward Remlinger, Mr. Bruce Beck, Mr. Robert Sullivan and Mr. Thomas Bates.

A wedding breakfast was held at Balcony Hill. Hostesses for the reception at Corpus Christi Hall were Miss Donna Schaffner, Miss Joann Keller, Miss Joanne Olpp, Miss Helen Davis, Miss Virginia Jewson and Miss Jackie Smith.

The bride's mother chose an imported champagne chantilly lace gown with bronze accessories and a corsage of beige cymbidium orchids. The mother of the bridegroom wore powder blue Chantilly lace over taffeta with pink accessories and a corsage of pink cymbidium orchids.

The new Mrs. Crishbaum is a graduate of South High School and is associated with the E. I. Evans Co. Mr. Crishbaum is a graduate of St. Mary's High School and is employed at the General Maintenance Co.

Following a wedding trip to Florida and Cuba, the couple is residing at 886 Lilley-av.

They are shown conferring as to the condition of the springs in the Ford. Service and more service is the word at Acme Auto Spring Co., 385 Livingston-av. They put more life and spring in all makes of cars and trucks just by installing springs or their specialty "Air Lift" pneumatic suspension absorber.

Acme Auto Spring Co. Has Been At Same Location For 12 Years

For the past 12 years the Acme Auto Spring Co. has been installing springs in trucks and passenger cars at 385 Livingston-av.

R. S. Arthur and G. H. Williamson, owners, have stated that they are also the distributors for "Air Lift" pneumanic cylinder within a coil spring that adjusts with air pressure to prevent dangerous leaning on curves and equips a car to carry overloads much easier. The air lift inflates with air just like a tire.

With seven employes working full time the Acme Auto Spring Co. is kept busy installing equipment in autos and trucks. Arthur and Williamson also own two other places similar to this—one in Portsmouth, O., and one in Charleston, W. Va.

At present they are engaged in expanding operations at the Livingston-av office by enlarging the pit area and workshop space.

Hello:

Greetings to Dad! All Dads—and here's hoping you have a grand time on your special day, Sunday, June 20th.

Our best to Dave Rosenfeld, congenial proprietor of Rosey's Department Store, who has been in the hospital. Best wishes also to Mrs. Mary McKendrick, John Price, Mrs. Cleo Ferguson, and Mrs. Nancy Safreed, all of whom have been hospitalized. Mrs. O. C. Hursey, daughter-in-law of Mrs. Bertha Hursey of Moler-st, has been ill at her home in Bluffton, O.

Gates Fourth Methodist Church honored two charter members, Mrs. Mayme Reinkens and Charles Frank, with a party on Monday, evening, June 14.

We all know our Dad's "a dandy", so why not help him dress like one by having a boutonnaire beside his coffee cup Sunday morning for him to wear to Church? Dad likes flowers, too; so if you are searching for the right gift for him, don't overlook the possibilities of an attractive "masculine" pottery planter for his desk in his office or den, or an attractive arrangement of cut flowers. We have lions, black leopards, pheasants, bird dogs or old-fashioned car planters Dad might like.

The Gadabout

By Priscilla LaRue Dicks

It's a great pleasure to extend greetings to Ben and Kate Williams, of the Southwood Market, on their recent 17th wedding anniversary last Sunday, the 13th. Their young son has a birthday very shortly, too, so to little Benny, lots of fun when the 17th rolls around.

Three ailing members of the community who would appreciate cards very much are Mrs. Frank Leonard, 1589 S. Third-st, who entered Mercy Hospital for observation on June 7; William Wallace of Markison-av, who is hospitalized in the C. & O. Hospital in Huntington, W. Va., and Emil Boxwell, who underwent surgery at the Dayton Veterans' Hospital on June 8.

Hope all the other vacationing South Siders are as considerate as the Pappas family in letting us know of their vacation plans. It's always a pleasure to hear from readers and it certainly simplifies our writing task. Remember us, won't you? The address is 1411 S. Sixth-st, or call GA. 1051.

The Pappas family took a 16 day auto trip, covering 3850 miles. The family includes Nikki and Charley Pappas and son, Philip. Points of interest in their journey included New York City; Long Island; ferry ride across Chesapeake Bay; Myrtle Beach, S.C.; Charleston, S.C.; [illegible] Island, Ga.; St. Augustine, Fla.; Palm Beach, Miami Beach, Tampa, St. Petersburg beach Atlanta, Ga.; Lexington, Ky., and then home.

Mr. and Mrs. Charles Gleason, 1585 City Park-av, have a busy time when June shows on the calendar for it is a birthday month for them. Mr. Gleason will have a June 21 birthday and his daughter, Gladys Vogel, one on the 22nd. Mrs. Gleason's is June 24 and two grandchildren, Dale Gleason, the 6th, and Gary, the 29th. The boys are the sons of Horton Gleason.

A June anniversary adds another year to the married status of Mr. and Mrs. Overly Siebert, 1588 Parsons-av.

Barbara Cooper, a birthdayite mentioned in last week's column, had the thrill of her young life when she got to appear on Aunt Fran's program last week.

Call GA. 1051 and give us your news. We'll be grateful, indeed! Till next week then, 'tis

McFADYEN'S ACRES
RESTRICTED

Ranch sites, conventional sites, 100 ft. frontage and over. Some wooded. $75 down. $15 mo. Before buying any lot always ask these questions—
1. Have you provided a park for my children to play in so they may be safe from the streets?
2. Are the parks and roads dedicated for the public use? You may save a little now but OH! those assessments that come later.
3. Are there any foul smelling factories within 2 miles of the location?

If you get a yes answer to all the above questions then ask to see the plat. If it is signed by the planning commission, county engineer and county commissioners then it is true. If the plat is not signed then go to 4415 Alum Creek Dr. and see the sign there. It is always wise to call O. W. Dunn if you want to buy or sell. DI. 2498 or FA. 9063.

Eleanor Mezzaros, daughter of Mr. and Mrs. Joseph Mezzaros, 249 E. Hinman-av, will be the featured guest this Saturday on "Strictly For Girls," a current radio show on WRFD.

The broadcast, which includes a program of personal interviews and jazz records, follows the 2 p. m. news summary every Saturday over WRFD.

Each week an Ohio girl, who works in Columbus, tells what job she has there, why she likes it, and what she thinks of the place where she works.

Jazz classics on this week's program will include "I've Got the World On a String" and "Oh Baby," by Bobby Hackett; "Limehouse Blues" and "A Nightingale Sang in Berkley Square," by Marian McPartland; and "Somebody Stole My Gal" and "Easy Melody," by Pee Wee Hunt.

Instrumental Music Program Set At South High School

The summer program of instrumental music will get under way at South High School on Monday, June 21. Besides special classes for beginners, there will be bands and orchestras for the more advanced students. A special feature will be the opportunity to play some of the new current popular hits.

The eight-week period of musical activity will be directed by Robert Hicks of Roosevelt and H. L. Germain of Barrett Junior High School.

Although advanced piano players are welcome to accompany the classes, there will be no instruction offered for the piano, guitar, or accordion.

The music classes are sponsored by the Columbus public schools and are offered free of charge to students from the fifth to 12th grades. Regular classes will be scheduled mornings from Monday through Friday. Afternoon classes will be held for those unable to attend the regular morning sessions.

A call to GA. 7634 will provide any additional information regarding this worthwhile summer activity.

C. Meyers; health, Dr. Andrew Imhoff; ways and means, Jack Schoonover, safety, Richard Smith; planning and zoning, Joe Ziegler; public affairs, Sherman Smith, Sr.; constitution and by-laws, Robert Green; building regulations, Lawrence Long; and representative to the Council of Southside Organizations, Elmer Eichner.

President Nippert adjourned the meeting with a few remarks expressing the hope that the approximate 500 membership of last year might be doubled during the membership campaign due to start soon.

County Commissioner Harry Vigor was a visitor at the meeting.

Later in the week, on Thursday, something else occurred to help confuse the entire issue. The trustees were presented a petition to incorporate the township and if found acceptable, incorporation must be voted upon within only a few days.

The petition to incorporate has been forthcoming for a considerable time, and its inevitable arrival was not a surprise. But now that it's here, the voters are given very little time to study the proposal. The trustees have filed the petition for study, and will refer the petition to the county prosecutor's office for a thorough checking for the legal requirements. If the requirements have been met, the trustees are obligated by law to call for a special election, by arrangement with the board of elections.

The considerable cost of the election must be met with funds from the general township fund.

With all due respect to the propondents of incorporation, the writer feels the move will be met with much opposition. The writer's insight to public opinion in Marion Twp. has been gained through association with a great many community-minded citizens and leaders, who, fearing the consequences of incorporation, have rejected the proposal. They have said that our township lacks many of the facilities for the operation of a well-organized incorporation.

The fear has been expressed that the cost of operation would go up because of the county support lost in becoming a village. The road maintenance provided by the county each year runs into a fabulous sum, when converted into cost per mile, and this must not be overlooked when considering adopting an independent status. In the immediate future, the township school system will demand expansion because of the influx of residents into our suburban area.

With the corresponding school bonds resulting from whatever expansion is necessary, it is feared the citizens would not be willing to go along with the additional cost of operation involved in village government.

Another doubt concerns the water and sewage proposition. With the advent of incorporation, the area would lose considerable bargaining power from the county. In an area already in the throes of misfortune pertaining to the water and sewage situation, it has been feared incorporation would only aggravate existing conditions.

One point must be made absolutely clear to the voters in Marion Twp in the coming days and months. Two distinctly different issues will apparently be placed on a ballot for their decision, providing the incorporation petition is found in order. First will be the incorporation vote. Following that would come the vote during the general election in November on the annexation proceedings asked by the City of Columbus.

We find ourselves in the questionable position of being desirable and sought-after in much the same way as a beauty-endowed young lady, who has just sprung into womanhood. Such a young lady would be well to survey her suitors carefully and make sure that she has not overlooked any promising prospects.

And in this case we would like to call attention to the township government which prevails at this moment. It's doing a good job, and there is no indication that there will be any let-up. The voters should certainly not forget that they have the right to retain the present system. This has been advocated from many corners, at least for the next few years, while the township is still largely rural.

We will repeat, the voters have three choices, not merely two.

Marion-Twp. Sidelights

by Joel Snyder GA. [illegible]

The Columbus Metropolitan Area Study Council apparently threw away all its brick-bats and settled down to business at its last meeting at the regional planning commission offices last week. The business, in case you've forgotten, during the long hassle over membership was the constructive study of mutual problems confronting the various political subdivisions throughout the Columbus metropolitan area.

With the group voting to give the County Mayors Association [illegible] seats on the Council, they hurdled the final obstacle which had prevented them from functioning. The Mayors Association had held out for equal representation to that of township trustees and city of Columbus representatives, but until the meeting held last week, the city's spokesman were determined to limit the mayors to only one or possibly two members.

Originally set up weeks ago, under a full head of steam, the progress diminished steadily to a virtual standstill, and to a point where most of the members were beginning to wonder if the council would ever get beyond the organizational stage. Just when the council seemed doomed, Columbus representatives had a change of heart and agreed to allow the Mayors Association three seats on the study group.

With this settled, the group was at last on its way and before the meeting was adjourned, they made at least two decisions that indicated the council may render, in some measure, some of the aid for which it was established.

It was unanimously agreed to have the fact-finding body which is available to the Study Council, study individual annexation and incorporation problems in the order of their hearing dates before the County Commissioners. The Commissioners are expected to delay their decisions until after they have heard the reports submitted by the fact-finding group. The internal study group is comprised of well-qualified technicians, familiar to the problems, and reputed to contain about a million dollars worth of talent.

It was further agreed to also have the same fact-finding group study the troublesome water and sewage service problems and endeavor to determine who should provide the services, how extensive the services should be, and how the services should be financed, throughout the metropolitan area.

The writer would like to assure the Marion-Twp. readers that William Fornof, township trustee and an elected member of the CMASC, is doing a whale of job in upholding the suburban residents wishes. By his own words, Bill told the group that he wanted to remain open-minded, but he wanted all the available facts upon which to base his final opinions. He expressed the hope that all of the council members would be free of preconceived ideas, and open to any suggestions that would be of help in solving the difficulties that lay ahead.

As this writer sat making a few meager notes, during the meeting, he jotted the following down, toward the end:

"Fornof — heck of a good booster."

The city may have been fooled when what they thought were country hicks turned out to be such men as Fornof and Loomis (Sharon-Twp.). There is every indication that these men will be fair in discussing their points of view, and in listening to the points made by others. Without the full cooperation of all of the members, little can be accomplished, so we hope they will all toss out any prejudices they might have and enter into the spirit of mutual good for the entire metropolitan area.

In answer to Fornof's contention that Marion Twp.'s per capita wealth is about double that

South Side Y's Bible School To Close Tomorrow

Vacation Bible School opened on June 14 with an enrollment of 66 pupils, ranging in age from four to 16 years, at the South YMCA Community Center. It will close tomorrow.

Beginners are under the leadership of June Early, a South High School graduate, of the class of '54, and a church school teacher. The first day there were only 13 in this group, but by Thursday, 27 had enrolled with a daily attendance average of 22.

The primary group is led by Mrs. Mary Franklin, who, for some time, has been a volunteer but is now a Y employee. Mrs. Franklin opened with 14 pupils, but now her enrollment is 35, with a daily attendance of 32.

The junior group is under the leadership of Norma Moore, who is also a South High School graduate of this year and a church school teacher. Miss Moore enrolled 23 the first day and by Thursday of the same week she had 41 pupils. This group was too large for one teacher in the relatively crowded quarters, therefore Grace Steward, a Y employee, took the 14 boys in this group.

The intermediate group is led by Anne Streaty, the daughter of a Methodist minister, who has recently been transferred to Columbus. Miss Streaty is a sophomore at Mt. Union College of Alliance. This group has 18 enrolled, with a daily attendance of 12.

Roberta Streaty, a sister of Anne Streaty, is also a volunteer assistant. She is also a sophomore at Mt. Union College. Both young women are active in church work also.

Anne Streaty has charge of the music of the school, as well as being a group leader.

Highest attendance to date for the school has been 121 boys and girls.

Fading Opposition To Mayor's Bond Issue Is Reported

Opposition to the mayor's proposed $15 million "package" bond issue's being placed on the November ballot appeared to be collapsing, according to informed City Hall sources yesterday.

Several members of the powerful 10-man Metropolitan Committee have shown special interest in the issue in past days, with one member indicating his firm support. Members of the entire committee are slated to meet with the mayor in the near future to discuss the entire plan.

One of the selling points of the bond issue on the general election ballot is that only 55 per cent of the electorate could okay the issue while 65 per cent would be required to pass the measure in a special election. Among the projects covered by the "package issue," which has interested members of the Metropolitan Committee especially is the one covering additional slum clearance on a section of Goodale-st. Supporters point out that unless additional funds are found to remove junk from the area, all previous slum clearance efforts in the area have been wasted.

City Hall sources also disclosed that the mayor plans a special conference with members of his personal advisory committee later to discuss the proposed Columbus bus franchise.

HURT IN 2-CAR CRASH

Fred E. Reimenschneider, 70, of 271 Siebert-st, suffered head injuries and lacerations in a two-car accident at Woodland-av and Broad-st, Sunday, June 20, police reported. He was listed in fair condition at St. Francis Hospital.

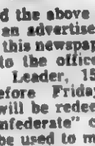
BIBLE SCHOOLERS—Anne Streaty is shown teaching her class of intermediate boys and girls in the South Side YMCA Community Center Bible School. One hundred twenty-one boys and girls are attending this annual Bible School.

'Rebel Money' Jackpot Worth $15 To Leader Readers

Maybe it was the hot weather — or, as the weather man puts it — the humidity. In any event, the eyesight of a number of South Siders must have been slightly blurred last week.

This conclusion was reached when none of the readers of the South Side Leader presented marked copies of the newspaper—the marks being insignia such as that shown in the adjoining column, which are valuable.

Each week six copies of the South Side Leader are marked with insignia — one insignia in each. Five of these are worth $1 each and one—the jackpot insignia—has a value of at least $5. However, should any of the insignia remain undiscovered, the amount overlooked will be added to the following week's jackpot. Thus, as none was cashed in last week, the value this week of the jackpot is $15—the regular $5, plus the $10 from the previous edition. And there's also the new $1 insignia.



The insignias are always stamped in advertisements and, if one is found, take the **ENTIRE COPY** of this newspaper to the offices of the South Side Leader, 1542 Parsons-av, before 5 p.m. on the Friday afternoon following publication. If the proper identification has been made, finders will receive facsimile bills of Confederate currency. This can be spent at 100 cents on the dollar at any store advertising in the same issue of the South Side Leader.

So wipe the perspiration out of your eyes and take a good look at this copy of the South Side Leader.

Here's What To Look For

South Side Y Park Scene Of Father-Son Overnight

The Marion Township and South Side Gra-Y Clubs of the South Side Branch YMCA will converge on Y-Park this week-end to hold their first father-son overnight. Fathers and sons will try their hand at outdoor cooking, making a bed-roll, fishing, and other out-door skills.

Saturday night there will be singing and story-telling around the council fire, followed by a wiener roast. Sunday School will be held in the outdoor chapel Sunday morning. Gra-Y Clubs are composed of fifth and sixth grade students whose purpose is "to be strong in body, mind, and spirit and to live in a Christian way in our homes, schools, churches, and neighborhoods."

The YMCA sponsors this activity to encourage fathers to spend more leisure time with their sons. There are a few vacancies remaining and reservations can be made by phoning the South Side YMCA before 5 p.m. Friday.

The things taught in schools and colleges are not an education but the means of education—R. W. Emerson.

Schiller Pond Fine For Fishing But Not So Hot For Swimming

The pond located in the southwest section of Schiller Park attracts a lot of children this time of year. Fishing enthusiasts, especially the younger ones, enjoy fishing there.

But, during the warmer months quite a few younger children are attracted to the pond for the purpose of swimming—which is not the intended use of the pond.

This area of the park is not supervised. The bottom of the pond is littered with rocks and glass and has proven dangerous to some of the children who play in the water.

Children will have more fun and safer fun, too, if they avoid Schiller Pond and use the wading pool to cool off during the summer.

South Side Organizations Council Asks City To Get Rid Of Its Dump For Cars

Wading Pool Open

Center of attention for younger boys and girls at Schiller park is the wading pool which is now open daily. Monday through Friday, the pool will be readied at 10 a. m. and will remain open until evening. There will be supervisors on duty to watch the youngsters in the pool during this period. All boys and girls in the area are invited to use the wading pool but they should be properly dressed for the activity.

The Council of the South Side Organization voted unanimously to oppose strongly the car impounding lot now located on the Whittier-st Dump at the body's recent monthly meeting.

South Siders had been previously promised by city officials that as soon as the Whittier Street Dump was filled in it would be developed into a park area with fishing and boating facilities. The general feeling of the council was that the impounded cars should be removed from the South Side and be placed as far north as possible. A letter will be sent to the mayor, informing him of this request.

Regarding other business, final plans were made for the annual Fourth of July celebration to be held on Monday, July 5, at Southview Park. There will be two exhibition softball games, plus a gigantic fireworks display.

The council invited the South Side Auxiliary Police to the meeting and expressed appreciation for the fine work they have rendered to the community.

Members of the Auxiliary Police present were Sgt. Lewis Nixon, 558 City Park-av; Forest Knapp, 1056 Seymour-av; Joel Eisel, 492 Kossuth-st; Jack Martin, 1739 S. High-st; Carl Beyer, 658 Southwood-av; Morris Finch, 1101 Robinwood-rd; Bill Rau, 1583 S. Fourth-st; Carl Brenning, 756 City Park-av; Sgt. Edward Gassman, 143 E. Gates-st; and Dick Jacobs, 448 E. A pinch single by J. Welch and the hurling of Carole Spiers, who fanned 11 opponents, sparked Corpus Christi's 7-6 victory over St. Leo's. Joyce Miller was the big gun in St. Leo's attack, belting a homer and two singles.

Washington Avenue EUB broke into the win column by outlasting Oakwood Methodist, 21-20. Pritt, Clark and Trieb led Washington's attack with three hits apiece. Jean Robins and Diana Long were the big noises for Oakwood.

Two triples and a single by Dave Stephens and a triple by Dick Schumaker were the big blows for Central Community. Two home runs by Bayes sparked Southwood Church of Christ.

A home run blast by Lyle and the three-hit pitching of Craig Olney sparked St. Paul E and R's win over Oakwood Methodist. Bob Secreat, Fritz and Johnny Justus collected the only hits for Oakwood.

Robert Motzer Will Direct Free Band Concert Sunday At Schiller

Commissioners Nix Plan For Sewer In Marion Township

County commissioners received no response when they called upon the more than 100 irate Marion Twp. residents, who came before them Friday, for a vote in favor of a proposal for the construction of a two-mile storm sewer in that area. As a result, the project was turned down.

The sewer, which would have cost some $187,000, was to start on Corr-rd, running in a southwesterly direction to Lewis-rd and down Lewis-rd to Parsons-av. Henry Jones, surveyor for County Engineer Guy Elbin, said the 14 residents who petitioned the sewer in 1952 claimed their properties were being flooded.

However, more than 250 other residents in the vicinity protested the project on the grounds that it served no beneficial purpose and that the assessments were "excessive and confiscatory."

The bell tolls this week for several new merchants that are advertising in the Leader and several regulars. First three bells for Seneca Appliances, which is having another of its grand June parties. Gifts for all and demonstrations on several of their products will be featured. The date is Friday and Saturday, June 25 and 26.

A slight error was made last week in a story concerning the South-Hi Wee Washit. Their telephone number and address were omitted. The correct listing is South-Hi Wee Washit, 1661 S. High-st, phone GA. 8646.

Another new carryout is being opened on S. High and the newcomer is planning a galaxy of gifts and savings for all who stop in Saturday. The place is at 1411 S. High-st, next to Richard's Restaurant.

Bill and Ed Findley are starting a new business with the Twins Wee Wash-It, located at 1961 S. Parsons-av. Look elsewhere in this issue for further details concerning the grand opening and the values offered.

Gail's Restaurant and Bar has reopened this week under new management. But Mrs. Joseph Gail is supervising the kitchen and has invited all of her old friends to stop in and enjoy a good meal. They are specializing in Hungarian foods, but will also serve many other fine combinations of foods to tempt the greatest gourmet.

Johnson's Restaurant is now advertising with the Leader and is open to anyone desiring to eat at low cost, highly-satisfying meals in an atmosphere that is cool, quiet and extremely well-decorated in colors that are pleasing to the eye.

The bell has tolled for this week but one last reminder. Keep watching your paper for the "confederate money" seals. They can total up to quite a gift for you. If you find the valuable seals in your paper, take them to the Leader office and redeem them for confederate money this can be spent in any store advertising in the Leader.

The Gadabout

By Priscilla LaRue Dicks
GA. 1051

Notice the phone number under our signature? 'Tis where you'll find it from now on, so when you desire to call us, look up yonder.

Larry and Frances Rumsey are anxiously awaiting this week end, for they have a pleasant little trip to Lake Hope on the agenda.

The Gadabout wishes to extend to Mrs. F. A. Sheridan the deepest sympathy at the untimely loss of her husband. He was a true friend and were he a relative we couldn't feel the loss more keenly. We know there are many, many more who sincerely echo our sentiments.

Visiting relatives and renewing old acquaintances this week are the Vaupel family, of 248 E. Thurman-av. Mr. and Mrs. Vaupel, with daughter, Jane, are relaxing in the old home-town of Stonecreek, O.

Pappy Abert Peirano is a happy man these days as he goes about Uncle Sam's business at Ft. Lewis, Wash., for he was home when David Michael Peirano put in his appearance at St. Ann's Hospital on June 9. The seven pound, 11 ounce boy is now at his grandparents' home, 737 Jaeger-st, getting acquainted with all the folks. His mom is the former Helen Gusa.

"Our" boys are getting to be big town stuff. Who's "our" boys? Jack and Gene Speakman, no less. They played at a function in America's second largest city on June 10. We predict they'll be playing the big-time constantly one of these days. It couldn't happen to a nicer set of twins!

Two other families receive condolences at this time on the loss of loved ones. They are Roscoe Weisman, an active Cub Scout leader, and Sam Brown. Our sympathy also to Clarence Zielke, 1399 S. Sixth-st, who recently lost a brother.

Lots of birthdays to note today, so to these youngsters the happiest birthday ever: Nancy Paulus, a June 30 birthday to Joyce Ferrell, also a June 30 celebrant; Don Ball, who celebrates a birthday tomorrow, and to David Carter who adds a year on the 28th of the month.

Saturday, June 26, will be a big day for Norman Wolfe and Billie Jean Coulter, when they exchange marriage vows. Norman, a recent OSU graduate, makes his home at 38 E. Reeb-av. The service will be read in the Linden Heights Methodist Church at 7:30 p.m.

A surprise birthday party on his June 20 natal day was the pleasant way Stephen Toth celebrated this occasion. As an extra bit of joy to add to the event, his eight-month-old daughter said her first "daddy." What nicer gift to give for Father's Day, eh? Guests present were Mr. and Mrs. Henry Margo, Mr. and Mrs. Ray Hysell and daughter, Julianne, Andy Toth, Mr. and Mrs. Pete Crouse and Mr. and Mrs. Dave Hamilton.

Congratulatins to Mr. and Mrs. Wallace of Markison-av on their recent June 18 wedding anniversary.

Birthdays galore in the Baughman family, so greetings and salutations to Pat Baughman, who had an addition to her age on June 18, and to Dick as well, who married the gal on her birthday several years ago! Paul Baughman has a birthday today and Gerri, his ever-lovin' spouse, will have one this Sunday.

One of the June '54 graduates from Capital University this year was Gretchen Farnsworth. Our congratulations to her.

Past birthdays of June should include Vicki Sue Speakmon, who was three years old on the 20th, Patty Moore, who had her special day on the fifth of the month, and Margaret Fielder, whose birthday was a week ago today.

At this time of the year it's proper to congratulate Nita and Ray Bethel on their first year of married life.

We were very happy to hear that Dave Hamilton, 1522 Wager-st, is now home recovering nicely from a visit to Doctor's Hospital. Here's hoping this trip makes him a very healthy man. Emily Hamilton, his daughter, has been enjoying her vacation at Sandusky and Crystal Pool. She is back at her job at the Ohio Bell Telephone Co.

Two brothers have birthdays within a week of each other at this time of the year. The boys are Ronnie and Jerry Robison. Jerry's big day was Monday, while Ronnie must wait until next Monday to celebrate his new age.

Honeymooning in Florida are the new Mr. and Mrs. Jerry Longston. Mrs. Longston is the former Christine Pedon of 237 E. Hinman-av.

It was a pleasure to read that Patti Denney was one of three high school graduates in Franklin County to win a scholarship to the college of her choice. Good luck in the new phase of your education, Patti.

Helen Carter feels mighty lucky these days, after the family automobile wrapped itself around a tree. We're happy to report she's home from the hospital and feeling better.

If you have your get-well cards handy, won't you send one to Emma Hanson, who is in room 328, Mt. Carmel Hospital. Her home address is 623 Lehman-st.

The last birthday we have listed in our notes is that of Mary Miller, who has a June 27 date with Father Time.

The entertainers of Harold and Otto Gall have two dates in their diaries to fulfill very shortly. Tonight finds them at the Benjamin Franklin Hospital and on July 4 they will put on an outdoor show at the Chillicothe Veterans' Hospital. We've two more items about the Gall family: Jimmie Lee will be seven years old on July 3. He is the young son of Mr. and Mrs. Harold Gall. Otto Gall was graduated from a public speaking course at Central Evening High and with flying colors; the young man made all A's.

That does it for this week and don't forget to call us. We'll be listening! Till next week—

Hello:

Death has come close to us this week and our hearts are heavy. But as we arrange flowers for dear ones, we realize anew the comfort and gentle solace they bring. A remembrance of flowers will always say what the heart is too full to express.

Flowers also bring cheer and hope to the convalescent patient. Our best wishes for a speedy recovery to Andrew Rezes, Mrs. L. D. Lamberson, Mrs. Marguerette Richardson, Mrs. Grace Fosnaugh, Mrs. Margaret Janvary, Mrs. Zelma Dailey, Morton Davis and Mr. C. M. Dodson.

Mr. and Mrs. Ed Brand recently celebrated their 23rd anniversary. The Brands are getting ready for a long-awaited trip to the state of Washington in July to visit their married daughter. Karns Park Lists Future Activities

Karns Park opened officially on Wednesday, June 16, although the swings had been up and in use several days before. The first three days were taken up mainly with preparations for the coming year's activities.

A poster contest was held to advertise the pet show which was held last Tuesday afternoon at Karns and the city-wide pet show at Schiller on Wednesday.

A Junior Olympics dual meet will be held between Schiller and Karns on Thursday, June 24, at 1:30 p.m. This is a preparatory meet to warm up for the first regional meet at West High School on July 15.

Little League team had their first meeting Monday, June 21, at Karns. There was a very good turnout. It is hoped that four or five teams will take part. Half the boys will meet Wednesday at 1 p.m. to play their first practice game and the other half will get together Friday, June 25, at 1 p.m.

Karns expects to enter a team of 14 and 15-year-old boys in the softball league as well as a 16 to 18-year-old group.

Basketball remains one of the most popular sports on the playground and the Karns boys have been contemplating entering the summer basketball league at Poindexter.

Marion Twp.

(Continued from Page 1)

of Columbus, Columbus Councilman Joseph Jones replied it was not a matter of what advantages Marion Twp. could derive from becoming a part of Columbus, but rather what mutual benefits could be gained by the annexation of the surrounding areas.

City Attorney Chalmers Wylie, in trying to reply to the same question, admitted he could give no assurance that the same amount of tax monies now spent in Marion Twp. would continue to be spent in the township in the event of of annexation. He went on to say, however, that he felt certain he could assure the residents that the same protection and services given Columbus residents would be extended to any territory which decided to annex to the city.

Jones repeated the same phrase heard frequently from quarters within the city, that unless Columbus continues to grow, it will wither away and die. This may be true, but among the suburban residents there is some doubt in connection with this belief. All the facts should be presented with the understanding that the public will properly determine whether Columbus would suffer greatly if the township decided to retain its sovereignty.

The trend in recent years, according to Regional Planning Director Grover Clements, is for the population to spill out over the city limits, where they can breathe more fresh air. Will the people content themselves with the return of city conditions once more?

The proposed vote to annex in November will show the desires of the people. If the vote favors annexation, no immediate harm has been done to those preferring suburban life. Whenever the area becomes developed beyond a suburban existence, those wishing more fresh air can again spill over the edges, if they want to.

Columbus Service Director Floyd Redick, an Arlington resident, explained that the city could not expect such communities as Arlington and Bexley to desire annexation. Likewise, he said, Columbus does not want them. They are developed to the saturation point, according to Redick, and building has practically ceased within their boundaries. Redick has taken a definite stand against a metropolitan form of government.

The next meeting will be called after the fact-finding committee has gathered enough material to make a report on the first area of study, Franklin Twp.

Citizens Association Opposes Incorporation

Last Thursday, the regular meeting of the board of directors of the Marion Township Citizens Association was held at the high school. The first item on the agenda was the discussion of the recent incorporation petition submitted to the trustees. Without any opening comments, President John Nippert asked each of the 12 members present to express freely his opinions as to the advisability of incorporation. The result was, that after each individual was heard, the group unanimously opposed incorporation at this time. The 12 members from all corners of the township were apparently representative of the entire area included in the township.

The reasons given for opposing incorporation at this time were expressed by the various members who had evidently given the proposal a certain amount of previous consideration. For one thing, they agreed, the services such as water and sewage would be in a precarious position. Should the area become an independent village, the city which has already stated doubts as to the extension of water and sewage facilities, may very well tell the new corporation to solve these problems itself.

The group also felt that the public was totally uninformed as to the budget and management of any proposed new village. It is general knowledge that such new villages as Whitehall are in dire straits because they recklessly voted their present status. Before anyone could consider such a move, it would only be common sense to have the complete plan of economies and services presented, but strangely these plans are apparently not available.

Finally, the group declared that should the proposition be put to a vote before the next regular meeting of the Citizens Association, they would call a special meeting at the high school to discuss the pros and cons of incorporation. Leaders of other civic groups and organizations will receive ample notice of such a meeting and will be urged to press their members for attendance.

Obetz Residents Discuss Sewage and Water Problems

Friday evening, the Obetz sewage and water committee met with various community interested residents from Marion Township to discuss the prevailing threat of sewage and water bans, and ways of solving the problem, independent of the city of Columbus. Regardless of the program investigated it was unanimously agreed that the plans must concur with existing plans by the regional planning commission for further expansion of water and sewage facilities.

Larry Hatlestad, chairman of the Hamilton Twp. planning group, explained that they were drafting methods to assure an orderly growth of Hamilton Twp. and were starting with ways to get water and sewage distributed throughout the populated areas. In the light of Marion Twp.'s current predicament, he proposed that the two townships cooperate and work out their own salvation.

At Hatlestad's suggestion, Marion Twp. trustees present at the meeting together with the Hamilton Twp. group, adopted a resolution requesting county commissioners through its sanitary engineer to effect an investigation of the possibility of establishing a sewage and water system for Obetz and the surrounding areas. In answer to the request for the support of the Marion Twp. Citizens Association, John Nippert, president of the association, stated that although he was generally agreeable to the plans, he wanted to reserve his opinion until all members of the association could study and discuss the proposal. He declared that the association should remain consistent in the support of any new plans pertaining to the sewage and water problem, and since the organization had just recently resolved to support the Columbus Metropolitan Area study council, he felt than any additional plans should coincide with plans proposed by that group. Hatlestad assured Nippert that their plans would not interfere with any projects proposed by any other group. It was added that Citizens Research, Inc., has been consulted in regards to the study made by the Hamilton Twp. group

Nippert promised that the proposal would be discussed at the next regular meeting of the Association, July 8, and a decision would be forwarded to Hamilton Township.

McFADYEN'S ACRES
RESTRICTED
Ranch sites, conventional sites, 100 ft. frontage and over. Some wooded. $75 down. $15 mo. Before buying any lot always ask these questions.
1. Have you provided a park for my children to play in so they may be safe from the streets?
2. Are the parks and roads dedicated for the public use? You may save a little now but OH! those assessments that come later.
3. Are there any foul smelling factories within 2 miles of the location?
If you get a yes answer to all the above questions then ask to see the plat. If it is signed by the planning commission, county engineer and county commissioners then it is true. If the plat is not signed then go to 4418 Alum Creek Dr. and see the sign there. It is always wise to call O. W. Dunn if you want to buy or sell. DI. 2498 or FA. 9083.

Second Of Y Park Square Dances Planned For Tomorrow Night

Friday, June 25, from 7:30 to 10:30 p. m. has been set aside for the second of the summer series of the Y-Park square dances, sponsored at the Y-Park by the South Side Branch YMCA Young People's Inter-Church Council.

The dances are held in the large open shelter at Y-Park and have become quite popular with South Side teen-agers and adults alike.

The Y-Park Combo, with Henry Willeke at the fiddle, Bob Clarke at the piano, and Walter Evans at the banjo will provide the music. Russell Boring, noted throughout Columbus for his genial teaching and calling, will pinch-hit for Jim Wagner, who is out of the city.

Anyone interested in folk dancing and square dancing can participate in the summer square dance club by making proper application at the Y-Park on the night of the dances.

Other dances for the summer are scheduled July 9 and 23, Aug. 6 and 20, and Labor Day night, Sept. 6.

Funeral Held Yesterday For Former Hilltop, West Side Police Precinct Sgt.

Funeral services for Police Sgt. Carl F. Clifton, 48, of 682 Thurman-av, former Hilltop and West Side precinct sergeant, who died Sunday night in Mt. Carmel Hospital were held yesterday afternoon in the O. R. Woodyard Funeral Home. Burial was in Union Cemetery.

Sgt. Clifton was taken to the hospital by a police ambulance cruiser early Sunday after he had become suddenly ill with internal hemorrhages. He died at 10:50 p. m.

A member of the department since Jan. 17, 1935, he had also worked in the detective bureau, and at one time was a police radio dispatcher.

Appointed sergeant in 1944, he was assigned to the detective bureau, where he served until 1949 on the homicide squad. Sgt. Clifton received a commendation in March, 1950, from former Chief Frank L. Harrison for his work with other officers in solving 88 burglaries through the arrest of three suspects.

A native of Columbus, and a graduate of South High School, for about 10 years before joining the police force he was employed at the Timken Roller Bearing Co.

He was a member of South Gate Lodge of Masons, Scottish Rite, and the Fraternal Order of Police.

Surviving are his wife, Bessie; a son, Donald, 16, at home; five sisters, Mrs. Kenneth Peck, Mrs. Roscoe Haggerty, and Mrs. Edward Griffin, all of Columbus, and Mrs. Frank Green, Westerville, and Mrs. Edna Finey, Cleveland; and five brothers, Clarence, George, Darrell, Ray and Chester, all of Columbus.

WILSON D. JORDAN

Funeral services for Wilson D. Jordan, 64, 129 Hinman-av, who died Tuesday at Dayton Veterans Hospital, will be held at 2 p.m. Friday in the Palmer Funeral Home, where friends may call.

Cremation will follow.

A former carpenter, he was a member of Southway Post No. 144 of the American Legion, and the Rainbow Division Veterans.

Surviving are his wife, Ina; and two nieces, Mrs. Mildred Imrch and Mrs. Marie Herron.

Southway Post services will be held at 8 p.m. Thursday.

LOUIS W. HEINMILLER

A retired commerce agent for the Pennsylvania Railroad, Louis W. Heinmiller, 644 Lilley-av, died Tuesday at his residence. He had been retired since 1937. He was a member of the Holy Name Society of Holy Rosary Church.

He is survived by a sister, Clara, of the residence; and two brothers, Henry and John, both of Columbus.

Requiem High Mass will be sung at 9 a.m. Friday in Holy Rosary Church.

Bob Hart Wins Honors In National Bowling Tourney

Early in April the Ninth Annual National Telegraphic Bowling Tournament sponsored by the American Junior Bowling Congress was rolled. The Columbus section was bowled at Parsons Bowling Center, where two teams represented the Schiller Recreation Center Saturday A. M. Bowling League. All in all, 1800 teams bowled over the entire nation.

Bob Hart, Jr., bowling with the Phoneys from the Schiller League rolled a fine series of 668 scratch with games of 201, 257, and 200. This was the best series of all the 9000 participants in the tournament. Bob recently received his trophy for being the National Individual Champion of the Nation. For a 16-year old boy, this was quite an accomplishment and it will never be forgotten by him.

Marion-Twp. Sidelights

By Joel Snyder
GA. 6886

Some brief notes and news of this past week:

The firemen purchased a boat and made a trailer to match, to be used in water rescue work. The outfit is at the firehouse and ready to go . . . With the coming elections coming up, and the important issues to be decided on the ballot, such as annexation, just a reminder to those who need to register or transfer. Your personal opinion doesn't count if you aren't registered you know.

Terry Henslee of Champion av has planned for the last year on the Soap Box Derby race this year. His enthusiasm did not go undiscouraged, either. In winning one of the races, he earned the right to go to Akron, expenses paid to witness the finals. Congratulations, Terry!

In passing out bouquets, we want to toss one to the Booster Club, which, in three years, has gathered approximately $6,000 for the Marion-Franklin High School. Their latest endeavor was the Carnival which netted about $1400. Considering the bad weather, and we DO mean bad for carnival business, we think they did very well. The workers, and the patrons deserve a pat on the back for the support of the worthy cause.

Mr. and Mrs. Don Judy and family of Linwood av are moving, lock, stock, and barrel to St. Petersburg, Fla., around the first of Aug. We're losing some good neighbors, in the Judys. They'll be sorely missed in Cub Scout work this fall, we're told.

New Booster Club officers, who take over in September, are going to have to go some to continue the fine work of the past. New officers are as follows: president, Joe Davis; vice-president, Mrs. Roger Baron; secretary, Mrs. William Foreman; recording secretary, Mrs. Keckley; and treasurer, Robert Kelley. On the board of directors are Jack Schoonover, Roger Boren, and Mrs. Russell Chapman.

We want to extend our sympathy to Mr. and Mrs. Ray Christ on the death of Ray's father . . . Carl Mueser of Lockburne-rd is in Mt. Carmel Hospital for a leg operation . . . Mr. and Mrs. Hilgar Karshner of Linwood av have a new daughter (and sister for Maxie). It was a St. Ann's event . . . Allen Bieger of Wilson av has just undergone two eye operations and is convalescing at home.

Mrs. Kathryn Price had a birthday June 25, but we're not supposed to know which one it was. Birthday wishes go to Mrs. Dorothy Hamilton, who celebrated June 28.

Mgood friends Mr. and Mrs. Fred Meuser celebrated their 18th wedding anniversary on the 28th . . . Fred's part of the school board, and she's a part of everything.

That's all for this week.

AUSTRIA-BASED Lt. Col. Chalmers R. Wilson was recently assigned as area command quartermaster with U.S. Forces in Austria. Col. Wilson, son of Mrs. Chalmers Wilson, Sr., 1081 Champion av, arrived in Austria last April. A veteran of World War II, he was recalled to active duty in 1951. His wife, Margaret, is with him in Austria.

MONDAY'LL BE HOLIDAY FOR U.S. TOO!

This newspaper will join in the general cessation of business activities on Monday, July 5, in celebration of the 178th anniversary of the Declaration of Independence.

That means advanced deadlines for news, society, church and advertising copy. For the issue of Thursday, July 7, churches are asked to submit their news and schedules by noon Saturday, July 3; all women's news, pictures, picture requests and organizational news by Saturday noon; correspondent news by Saturday noon and the remainder of news and pictures by not later than Tuesday, July 6.

Our offices will be open until slightly after noon on Saturday, July 3.

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

Mr. Hoermle and Mr. Baker of Hoermle's and Seneca Appliance Stores have announced that color television programs will be shown in their stores today, Thursday, July 1. RCA, developer and makers of the color television sets, are showing a program twice, from 10 to 11 this morning and from 9 to 9:30 this evening.

This is the first time that color television has been shown on the South Side and once again two of the South Side's most prominent, enterprising merchants have come up with another first.

Red Weber of Weber's Cleaners on Whittier-av has announced that his organization will be closed for a week starting July 3, to allow employes to enjoy a vacation. Elsewhere in this issue is the monthly special offered by Weber's though, and you can take advantage of this offer after July 11.

While traveling on Fourth-st, I stopped in at the Fayette Beauty Shop located at 1328 S. Fourth-st and was surprised by the coolness and the comfort provided for the customers while they are being "made over" to look their best. All this service in a congenial atmosphere with competent beauticians and air conditioning, too!

Up goes the jackpot in the South Side Leader's Confederate Money contest again.

It seems a shame that no one can seem to locate the correct emblem. The office force had numerous calls on items in the paper where people thought we were hiding the emblems. The emblems will be displayed **prominently** at all times, but you must look at every ad to find the correct one.

Look, look, and look again if you don't find them! At least notice the many items of interest to the shoppers' pocketbooks that the Leader carries from the dealers on the South Side.

You don't have to go up town to save, shop the South Side Leader way and shop at your neighborhood stores.

Pay strict attention to all ads. They can help you two ways — first in savings, and, second, they just might have the "jackpot" emblem in them. It's worth $25 to YOU this week!

Color TV Showing At Hoermle's And Seneca Appliances

Color television is here, on the South Side, that is. Two prominent South Side appliance dealers have announced that they have RCA television sets that receive the color pictures. Hoermle's and Seneca Appliances Stores will hold showings of color programs on Thursday morning and afternoon.

Thursday (today) color telecasts will be aired from 10 a. m. to 11 a. m. and Thursday evening from 9 p. m. to 9:30 p. m. Both organizations have invited their many friends to come and see these programs. Elsewhere in this issue there are advertisements telling you a little more about RCA compatable television.

This game will be followed by the defending state champion girls on the Julian Appliances team playing Pope's Inn girls at 7:30 p. m. The largest fireworks display in the city will take place after the ball games have been played.

'Confederate' Jackpot Goes Begging; Insignia Value Presently Worth $25

Some South Siders apparently have money to burn or perhaps are actually wrapping up their garbage with paper that has a lot more value than newsprint.

In any event, readers have completely overlooked the insignia which have appeared in 12 copies of the South Side Leader this week and the six the week before.

Just what to look for is described in the adjoining column and, thanks to those who overlooked them in the past, the jackpot award is worth $25 this week — and there are also the customary five awards of $1 each.

Why is the jackpot $25? Here's the way it works. Each week the South Side Leader contributes $10 to the "Confederate" currency fund. $5 for the jackpot and five $1 insignia. However, the value of those which are not found is added to the jackpot of the following week.

Why "Confederate" currency? Because the payoff to those who find the insignia and present the entire copy of the paper at the South Side Leader office before 5 p. m. on Friday following publication will be paid in currency printed by this newspaper, which is a facsimile of the money used by the Confederacy during the War Between the States.

This "Confederate" currency may be used at 100 cents on the dollar at any business concern advertising in the South Side Leader in the same edition in which the insignia was found.

So be on your toes, wipe off your glasses and read the South Side Leader ads in your copy — it may be very valuable to you.

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $25 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

The 12th District of the American Legion held its convention on June 20 in the home of Southway Post 144. Twenty-one of the 26 district posts in Franklin County were represented.

Walton R. Barnhart, a past commander of Southway Post, was elected sergeant-at-arms of the district and also named an alternate to the coming national convention of the Legion in Washington, D. C. Leo H. O'Connor and LeRoy Gill, also of Southway Post, were named as delegates to the national convention and current Southway Commander Frank F. Distelzweig was appointed an alternate.

Jack Dempsey will be unopposed in the annual election of officers of Southway Post in the meeting of July 7. New officers will be installed during the regular meeting on Aug. 4.

Summer Series Square Dancing Starts July 2

The first in a series of four square dances for the summer season will be held Friday, July 2 at Schiller Recreation Center. The dance will be held in the auditorium from 7:30 until 10:30 p. m.

Square dances, polkas and mixers are included in the program for the evening. Russell Boring, the caller, will present instructions preceding each dance for the benefit of beginners. Boring has been in charge of the square dances this past year at Schiller and is very popular with all who attend the dances.

Everyone is invited to join in the fun. Come stag, bring a date, or organize a set of your own. Of course, there is no admission charge. The dance is sponsored by the Columbus recreation department.

Church School Kids Enjoy Imaginary Tour Through China

Children of the South Side Community Church School were recently taken on an imaginary trip to China by Rev. Charles S. Nichols. They learned how to talk, dress and eat with chop sticks. They saw many beautiful Chinese things: chinaware, ivory carvings, amber beads, fans, embroidery, puzzles, brass, and pewter articles, and pictures of Chinese people.

They learned that we are all God's children, even though some people may have different color hair, eyes, skin, wear different types of clothing and have different customs of living.

Rev. Nichols, now pastor of the South Congregational Church, lived in Canton, China from 1924 to 1927. Canton is located 90 miles up the Pearl River from Hong Kong. He was a teacher in the Middle School of Lingnan University, a cooperative missionary school with teachers supplied by many religious groups in America and England and by the Young Men's Christian Association and Young Women's Christian Associations in many American Colleges and Universities. Rev. Nichols returned to the United States after the school was placed under full Chinese control and leadership in the year 1926.

Clements To Address Citizens' Assn. On Annexation On July 8

Grover Clements, director of the regional planning commission will discuss with his audience the pros and cons of annexation and incorporation Thursday, July 8, at 8 p. m. at the regular monthly meeting of the Marion Township Citizens' Association at the Marion-Franklin High School. Residents of Marion Twp. are scheduled to vote on both of these issues in the near future.

Clements will primarily direct his remarks to incorporation however as a vote on this issue is imminent should a recent petition requesting a vote be found legally in order by the county prosecutor's office. By law, township trustees are to effect a special election through arrangements with the board of elections within 15 days after the petition is approved.

Clements, a former service director for the city of Columbus, is also an authority on the current sewage and water problems confronting both Columbus and the adjacent areas outside the city limits.

A recent proposal that Hamilton and Marion Twps. cooperate in requesting the county commissioners to make a study of the possibilities of establishing a sewage and water system from Obetz and the surrounding areas will also be discussed at the meeting. Hamilton Twp. planners have sought the support of the Marion Township Citizens' Association in this venture as a solution to the problems presented by the lack of these facilities in certain areas.

The membership will be asked to vote their support to assure an orderly growth in the southern portion of Marion Twp. and all Hamilton Twp.

Last year, the Marion Township Citizens Association was originated with approximately 500 members. This year, the second in the association's history, the group is striving for double the original membership.

All members are requested to attend and bring their neighbors.

South Musicmakers Sound Off With Happy Melodies

Strains of "The Happy Wanderer" and "Three Coins in the Fountain" are being heard in many South Side homes as eager young musicians return from sessions at South High School.

The occasion is the free summer music program sponsored by the Columbus Public Schools and directed by Robert Hicks of Roosevelt and Herbert Germain of Barrett.

During the summer any music student in the community may come to South High twice weekly for instruction on his or her instrument. Each week a new popular hit will be given each student as well as the opportunity to play some interesting band and orchestra music.

Hicks and Germain stress the fact that it is not too late to take advantage of the Summer Music Program. The student is welcome to attend any or all of the sessions at South.

A call to RA. 3521 or a visit to the school will give you the information necessary to join this popular pastime.

PARSONS AVENUE BRANCH LIBRARY

Invites Kids To Story Hour; Lists New Books On Shelves

Parsons Avenue Branch Library wishes to invite all its young readers to come to the Story Hour which will be held every Wednesday morning at 10 o'clock.

The branch also wishes to remind boys and girls to join its summer reading club. The reading club theme this year is space travel, with the slogan, "Be a Rocket Reader in the Summer Space Club." Each member is asked to read 12 books. The club will disband Aug. 14 when members will be entertained at a party and puppet show. Qualified members will receive certificates showing that they have completed their reading.

Following are some of the new books at the branch which will be of interest to adult readers.

Fiction

"Many Heavens," by Virginia Sorenson, is a new Mormon novel. It is the story of Zina, a student nurse, and her love for Dr. Niels Nielsen, who was married to a cripple. Their work took them side by side in all weather and at all hours and their closeness deepened with the years and won in time its own strange validation. A story of great warmth in which old Mormon customs clash with new.

"The Night of the Hunter," by Davis Grubb, is an extraordinary story, fast paced and with as much sheer narrative quality as any novel in recent years. Set in that part of West Virginia which lies in the valley of the Ohio River, in the desolate days of the early 1930's, two small children find themselves saddled with a dark and dreadful heritage—the shadow of a hanged father and the fateful pledge they made him one afternoon in a windswept meadow by the river.

"Mary Anne", by Daphne Du Maurier, is the story of Mary Anne, who sparked the liveliest scandal ever to rock the House of Commons. Forced to leave a worthless husband and find a way to support her four children, she took what seemed the easiest way. Since she had beauty, charm and temperament, her rise to the pinnacle of trollopdom was swift, unerring and ruthless. A candid portrait of a fabulous woman and the equally fabulous period in which she lived and loved.

"Adrift", by Sara Ware Bassett, is the true-to-life tale of Anne Jamison, who had scrimped and done without to buy a home and then bought one on Cape Cod, sight unseen. It turned out to be a rickety fishing shack. But there was a magnificent view and wonderful neighbors. Anne forgot the past and Leon and all the hurt and found friendship and romance under Cape Cod's sparkling skies.

"Rendezvous", by Ross Franken. Setting—the little village of Eze, which has perched high on the hills above the Mediterranean for more than 2000 years. Conflict is implicit when Pierre marries and brings to Eze his German wife, for his parents are as solid in their traditions as the rocky soil they live on. A drama which is gentle and humorous on the surface but profoundly turbulent in its inner aspects.

"The Kingpin", by Tom Wicker. Bill Tucker was a flexible opportunist, who knew what he wanted and how to get it. He wanted to be the kingpin—a man to ride above the crowd. He determined to make Col. Harvey Pollock a U.S. senator. This is a contemporary vivid story of a free-swinging political campaign. A book that will be heatedly discussed!

Double Ring Ceremony Unites Miss Brockerman, Mr. Seymour

MR. AND MRS. PAUL F. SEYMOUR

Miss Dorothy Jean Brockerman, daughter of Mr. and Mrs. Guy L. Brockerman, 287 Southwood-av, exchanged vows with Mr. Paul F. Seymour, son of Mrs. Ethel Seymour and the late Mr. Seymour, of Circleville, on Saturday, May 8 at 7:30 p. m.

The double-ring ceremony was performed by Rev. Walter Peters at the South Methodist Church. The altar was decorated with baskets of white gladioli and pink snapdragons and flanked by seven-branch candelabra against a background of ferns.

The bride, given in marriage by her father, wore a gown of ivory satin featuring a chantilly lace bodice and long, fitted sleeves. The cathedral train fell over a hoop skirt and a satin headband held in place a finger-tip veil of illusion. She carried a white prayer book topped with stephanotis and centered with a white orchid.

Mrs. Emma Liston served as matron of honor in a gown of aqua taffeta with matching headdress. Her bouquet was of yellow roses. Miss Susan Brockerman, niece of the bride, was the little flower girl wearing a pink nylon dress, and carrying a basket of pink and white flowers.

Mr. Leon Sims of Circleville served as best man, and ushers were Paul Moorehead, Floyd Happenny, Tom Eveland, all of Circleville and Robert Smith of Columbus.

Mrs. Brockerman chose a navy dress with pink accessories for her daughter's wedding and wore a corsage of pink carnations. Mrs. Jacob Justice, sister of the bridegroom, wore a navy suit, with white accessories, and a corsage of white and red carnations.

Seventy-five relatives were present and many friends called during the day. Guests came from six states for the occasion.

Mr. and Mrs. Bircher are the parents of two daughters and one son.

A reception was held immediately following the ceremony at the church, after which the newlyweds left for a wedding trip West. The bride traveled in a grey suit with navy accessories.

The new Mrs. Seymour is a graduate of South High School, and is employed as receptionist at Williams and Co., Inc. Mr. Seymour, a graduate of Circleville High School, served in the armed forces during World War II and is now employed at Wolfe Wear-U-Well Corp. in Columbus.

Sunday Sermonette

BY REV. H. E. HARWOOD
Pastor of Edgewood Chapel
Eccl. 1:17: "All the rivers run into the sea."

LIFE IS LIKE A RIVER

Little river, little river,
Now so shallow and so narrow:
Just starting on your way,
Brightly beams your golden stream,
Like our childhood dreams.
Little river, little river,
Over sand and pebbles dancing,
Like our childhood play.

Foaming, frothing, whirling, leaping,
Around the rocks and bends sweeping,
Flowing river, flowing river,
Larger, broader, deeper is your cry,
Over the rough and over the smooth
Clearing the way making room,
Like the visions in our youth.
Flowing river, flowing river,
Like ambitious youth.

Swelling river, swelling river,
Your banks are full to overflowing:
Spreading life and wealth abroad.
Never resting, onward moving all the time.
Like our manhood's prime.
Swelling river, swelling river,
Broad and deep, ever in motion,
Moving onward toward the ocean,
Like manhood in its prime.

Silent river, silent river,
Not a wave, not a quiver, still as time.
Swiftly on now you pass along,
Down the valley on your way,
Like maturity's closing day.
Silent river, silent river,
Swift and silent as a ray of light,
Last at last in the shadow of the night.
Like the ending of this mortal life.

Rushing river, rushing river,
Deep and dark and cold,
Now as you near your journey's end,
Rushing on into the broad expanse:
Like the end of humanity at last.
Rushing river, rushing river,
Dashing out into the sea,
Forever losing your identity,
Like mortality in eternity.

The House of GOD

Here is the Sanctuary where men meet God. It is where His message is spoken to the careless, sinful and needy... WHERE MEN ARE MOLDED FOR HIM. This is the church — where men bow to the God of forgiving grace. Partner, if you haven't been a regular attendant, you are missing much. It is a place where we can kneel in prayer, enjoy religious fellowship and receive help for the difficult task ahead. If you will join me here at church, in the spirit of humility, and recognize God as father, friend and Saviour, right then YOU'LL BECOME ONE WITH THE COSMIC LIFE.

The Gadabout

By Priscilla LaRue Dicks
GA. 1051

To those of us still sweltering here in Ohio, six Central Ohio folks seem lucky indeed. As a matter of fact they're probably piling the blankets on, at "sleepy-bye" time! The lucky six are Mr. and Mrs. Frank Spencer, Mr. and Mrs. John Mohr, all Markinson-av residents, and Mr. and Mrs. Harry Messer of Courtright-rd. The couples are enjoying a three-week vacation in Kenora, Canada.

The first week of July finds several of the younger South Side residents moving up a notch on Father Time's yardstick of ages. The "sprouts" are Johnny Whitacre, whose birthday is the sixth of the month, as is that of Raymie Speakman. The young lady of the trio is Sue Ellen Jayne Ross, who waits until July 8 to do her celebrating.

The arrival of young Master Davis on June 23 makes his mommy and pappy "happy folks" these days. His parents are more correctly addressed as Mr. and Mrs. Ruben Davis.

The Meiers family of Jenkins-av are brown as berries after soaking up the Florida sunshine for three weeks.

Belated wedding anniversary greetings are apropos for Chester and Dolores Cunningham of 836 E. Livingston-av. The date was June 24 and the celebrated year was the 10th.

Bobby McCaffrey has graduated from having his age counted in months to the "year" bracket today. They roll around plenty fast, Master Bobby!

Mr. and Mrs. Glen Cooper and daughters, Nancy and Barbara, have been enjoying the quiet restfulness of Lake Hope this past week. They are residents of 2730 S. High-st.

Mrs. Lorraine Itskin, 1713 S. Third-st, entertained 14 members of her family last Sunday, from Celina, Lima and Akron.

A week from today, July 8, will find Shirley McCaffrey becoming a teen-ager. The soon-to-be 13-year-old miss resides at 214 Frebis-av.

Mrs. Edward Klein and daughter Carol, 371 Sycamore-st, are now enjoying a vacation in California. They planned to travel by bus, so should see quite a bit of scenery with coming and going.

They planned to visit friends. Carol, a South High student, finds Camp Pendleton especially interesting, for 'tis there that the "special" boy is stationed.

Angelo Felice, an excellent neighbor at 212 E. Jenkins-av will soon be celebrating a July 10th birthday.

Mr. and Mrs. Frank Wirth found the waning days of June quite interesting. For one thing, they've been hosts to a grandson from Florida and for the second thing, they celebrated a 42nd anniversary on June 27. The grandson was "Bob" Wilfred and he returned home earlier this week after visiting his grandparents for two weeks.

Oscar and Ginny Wiechers, of 236 E. Moler-st, with sons Fritzie and Dave, should be authorities on Cape Cod, Mass. by now. They've been in the New England state for nearly a week at this writing. We are anxious to hear the two boys account of the trip. They're sure cute fellers!

We heard of an affair that made us feel so good, we'd like to pass it on to you. One of our community residents, Sue Turner, faces a long, drawn-out stay in White Cross Hospital to correct a quirk of mother nature. Lt. and Mrs. George Miller, 1510 Parsons-av, conceived the idea of having a surprise party for her, inviting all hear eighth grade girl classmates of St. Leo's school. They also presented her with luggage to use for her hospital trip. Sue was the happiest, proudest girl in the city, last Saturday.

You'll be hearing about Sue from time to time, as we hope lots of you remember her with cards, to help make her hospital stay an enjoyable one.

Our third July 6 birthday for today is that of Nancy Burns, granddaughter of Mr. and Mrs. William Burns of Morrill-av.

Rev. and Mrs. Willie Davis, of Southwood Church of Christ, are now visiting friends and relatives in Saint Bridges, Va. It will be a postman's holiday for the Reverend however, as he plans to preach for 12 nights in Norfolk, Va.

Anxiously awaiting Sept. 25 are two young South Siders, for on that date they will exchange the vows that will unite them in marriage. The young couple are Barbara Welker, 976 Carpenter-st, and Fritz Heilman, 421 Siebert-st.

Fritz has a 24th birthday this Saturday, July 3, but it's already been celebrated in fine style as of last Sunday, June 27. The setting for the party was the Welker summer home at Buckeye Lake. Good wishes in all departments, Fritz and Barbara.

Fresh out of news and let us in on your vacation plans, won't you? Phone number's up at the head of this column and our signature's down here. Guess we'll us it now!

McFADYEN'S ACRES
RESTRICTED
Ranch sites, conventional sites, 100 ft. frontage and over. Some wooded. $75 down. $15 mo. Before buying any lot always ask these questions—
1. Have you provided a park for my children to play in so they may be safe from the streets?
2. Are the parks and roads dedicated for the public use? You may save a little now but OH! those assessments that come later.
3. Are there any foul smelling factories within 2 miles of the location?
If you get a yes answer to all the above questions then ask to see the plat. If it is signed by the planning commission, county engineer and county commissioners then it is true. If the plat is not signed then go to 4415 Alum Creek Dr. and see the sign there. It is always wise to call O. W. Dunn if you want to buy or sell. DI. 2498 or FA. 9083.

Craft Program For Summer Listed At Schiller Center

There will be arts and crafts classes every day at Schiller Center this summer. Monday, Wednesday, and Friday morning classes will be held from 10:45 a.m. until 12 noon. These classes are especially for the younger boys and girls. Children may draw or paint and there will be special activities to suit their ages and abilities.

Every day, Monday through Friday, there will be classes from 2:30 p.m. until 4 p.m. for older boys and girls who are interested in learning a variety of crafts as well as for those interested in sketching and painting.

During the first week of classes a variety of projects was begun. Twenty boys and girls began making puppets, which, when completed, will afford the children a chance to present puppet shows on a stage constructed especially for that purpose. Quite a few of those who attend classes have completed baskets. Others have spent their time painting or doing paper crafts.

Supervisor in charge of the classes is Rita McNally.

The South Side Leader:
Editor:

Just wondering if it would be possible that you could help the boys and girls of this greater South Side and maybe the other ends of town to recover stolen bicycles. The city police don't seem to have much luck! A bicycle means just as much to a boy or girl as a stolen car does to a man or woman.

I think if the bicycle numbers were printed in big headlines in all the papers here in Columbus, that means every day. No let up, maybe some honest citizen would tell the police the whereabouts of some of these. Don't you think it is about time some of these bicycles were recovered?

A South Sider

To The Editor —

May I offer some constructive criticism about one of the columns in the South Side Leader? I have always turned to and read "The Gadabout" first of all. Even if the people mentioned were unknown to me, the chatty, personal and very informal continuity of the writer was very enjoyable. I truly felt as though she was a friend, telling me some rich and amusing gossip over a mid-morning cup of coffee.

However, lately that special touch has been missing.

Thinking it was perhaps a more dour outlook on my part, I inquired of several friends and neighbors and found that they, too, believe the column is less interesting. Has the Gadabout lost her wonderful ability to draw in words a cartoon or cariacature of family life and her friends' whimseys? Or is someone editing too freely? Please let's have the old type column back again and leave the dull, dry, vital statistics to their own column.

Thank You,
Mrs. George McGrew

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

Telephone numbers change this Saturday and many of the stores on the South Side are affected. Elsewhere in this issue is a list of some of the changes and advertisers that are interested in having their new phone numbers publicized.

Have you ever read the interesting column written by the owner of Whitacre Flowers? It is both interesting and informative and each and everyone of us should make a habit out of reading it.

Gatterdam of Gatterdam & Son called to my attention that there was a mistake last week. Mistakes will happen and we hope that every one will bear with us when they do. But mistake or no mistake it is no mistake when you buy your poultry at Gatterdam & Son, located at the rear of 2114 Lockbourne-rd. Poultry feed and chickens and eggs are their specialties.

Did you know that High-Mithoff Pharmacy has a device that records all late calls and then as soon as the pharmacist comes in the prescriptions are filled and ready for the customer? So, now no matter what time of the day you need a prescription, all you have to do is call High Mithoff Pharmacy, GA. 9142 (or HI. 4-9142 when the numbers are changed).

Have you noticed the air conditioning at Rosey's? What a wonderful treat it is to walk into a store that is air conditioned and also has such a congenial atmosphere!

Berger's Meats is now open at 431 Thurman-av. All the preparations for the grand opening have not been arranged but you can buy your meats there. Other lines of merchandise will be added in a short time, but circumstances have come up to delay these additions. But do stop in and tell Joe you saw his ad in the Leader.

Are you puzzled by a big sign across the building at 228 Thurman-av decorated with a large tooth and reading, Welcome Back, Dr. George?" It was placed there by Frank Neubeck and Dr. Robert Fillinger on the occasion of his brother, Dr. George Fillinger's return from service. He served 22 months with the Naval Dental Corp, attached to the US Marines at Camp Pendleton, Calif., and is associated with his brother and father, Dr. C. O. Fillinger, who is president of City Council.

Up goes the "Confederate" money" value again. Merchants, you should mention the exciting contest to your customers! The jackpot value now is up to a nice figure and, like always, it can help if these "Confederate" dollars are spent in your store. Readers, watch the ads. Each "Confederate" dollar is good for a full United States dollar's worth of merchandise in any store advertising in The South Side Leader. That's 30 for the Bell Ringer this week, but more notes about South Side business men next week.

Y-Park Square Dance Friday

The third of the summer series of Y-Park square dances will be held Friday at Y-Park from 7:30 to 10:30 p. m.

The Y-Park square dances are open to teen-agers and their parents and the music for dancing is provided by the Y-Park Combo, consisting of piano, fiddle and banjo.

The Summer Square Dance Club, sponsored by the South Side YMCA Young People's Inter-Church Council, has proved to be a popular activity for beginners, as well as those who enjoy good, wholesome dancing.

Schottisches, Polkas, waltzes, and other folk dances are intertwined with the square dancing, with instruction periods being held before the dance and during intermission.

Spreading Fire Damages 4 South Side Garages

A fire of undetermined origin in the garage of Julia Cline, 1429 S. Champion-av, last Friday evening, spread to three other garages, firemen reported, with total damage estimated unofficially at $750.

Firemen said the blaze caused $750 loss to the Cline garage and $150 to its contents. Loss was set at $25 each at garages at the rear of 1425 and 1433 S. Champion-av, and 1420 S. Ohio-av.

Seven South Side Parks Will Share Mayor's Proposed Bond Issue To Tune Of $130,600

SOUTHEAST MERCHANTS—The Southeast Merchants above, are active in two leagues this season, the Tuesday Nite League at Southview, and the Jones Friday Night Softball League. Sitting, left to right, are Bob Wegenbrenner, Tim Murnane, mascot; Earl Lisk; kneeling, Joe Hartnett, Jim Williams, Jim Moore, John Renelli, Jack Wegenbrenner, Ted Spiers, and standing, Paul Heinmiller, Bob Overfield, Jerry Grady, Kirk Kelley, Fred Schaffer, Tom Hinton, manager, and Larry Fallon. Largest Single Project Is Remodelling Of Schiller

Seven parks and playgrounds on the South Side would receive a healthy $130,600 "shot in the arm" in the mayor's proposed November bond issue of $12,800,000, the recreation commission disclosed yesterday.

Largest single project would be the remodeling and building additions for greater service to Schiller Recreation Center at a cost of $32,000.

Included are plans to acquire land for playgrounds and preliminary playground construction at Hanford and Bruckats and Kosauth and Washington-avs, at a cost of $5,000 each.

Construction of multiple use hard-surface playing areas at Deshler, Lincoln, and Schiller, would cost $3,700 for each of the three parks. Wading pools at Deshler and Southview would account for another $6,000 each. Tennis courts, each costing some $7,500 are planned for Deshler and Southview.

Special night lights and seating facilities suitable for football, softball, and baseball play, would cost $9,000 for Deshler and a like amount for Lincoln Park.

Special day camp facilities at Southview would cost $11,000 and picnic areas at Deshler and Lincoln Parks would involve the expenditure of about $5,000 each, according to the commission.

A playground fieldhouse, complete with toilet facilities at Deshler would cost approximately $12,-[illegible].

All the recreational improvements are based on the recommendations made in the Batchelor Public Survey and Long-Range Plan of 1948, as well as on the advice of the recreational commission to bring that plan up to date.

The first part of the long-range plan recommended by Dr. W. C. Batchelor covered the period through 1949 and included the bond issue of $775,000, voted in 1945. The second period in 1950-1954 and the third, 1955-1959. For each of these periods a bond of $800,000 was recommended.

Because of the high cost of materials and labor, several capital improvements for the first period were not completed and, therefore, are now grouped with second and third recommendations which have come into existence since the completion of the survey.

Steelton Merchants Hold Monthly Meet At St. Ladislaus

The regular monthly meeting of the Steelton Merchants was held Tuesday evening at St. Ladislaus Church, with 12 members attending.

It was announced that the carnival, despite the bad weather, grossed a slight profit and that the funds would be used to further the club's help to underprivileged children attending camp. Storch, treasurer, gave a detailed treasurer's report and Lou Reeves, member of the stag party committee, disclosed that through the efforts of Herb Eichhorn, services of the Pitty Pat Farm Lodge would be available for the party. Eichhorn and Hicks are in charge of refreshments for the affair and the exact date will be announced later. It will be held on the first or second Tuesday in August, at 7:30 p. m. Due to members being absent, several important items were tabled for the next meeting.

Refreshments were served buffet style by Eichhorn.

Hit-Skip Motorist Hurts South Side Pedestrian

The car of a hit-skip motorist inflicted a possible fracture of the leg and a deep head cut upon pedestrian George Bolin, 40, of 485 E. Welch-av, as he was walking at Parsons and Woodrow-av Saturday night.

Police were led to the arrest of William Shephard, 31, of 789 Gilbert-st, when an attendant of a service station, located near the scene of the crime, reported that Shephard drove in with a damaged headlight.

Police charged Shephard with drunken driving and hit-skip. He is scheduled to appear Tuesday in Municipal Court.

Leader Reader Finds 'Confederate Dollar'; Proudly Shows It Around

The South Side Leader is proud to announce that, at last, a winner has found and redeemed the "Confederate" insignia from his copy of the Leader.

Our first winner is John Koch, 676 Lathrop-st. Koch found a $1 insignia when he opened his copy of the Leader. His wife described the discovery this way: "It was sort of an accident. He was just looking through the paper and there it was in one of the ads, plain as day. He still hasn't spent it (the "Confederate money) yet, just showing it around, I guess."

Even though The Leader was able to pay out on this $1 insignia this week, four other $1 insignia went unnoticed, in addition to the $25 jackpot. The jackpot, this week, will be worth $34 in "Confederate" money, to anyone discovering the $5 insignia.

A lot can be bought with those 34 "Confederate" dollars. Perhaps that lucky insignia is in this issue. Why not look and see?

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $34 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

Bandits Hit Store For Fourth Time In Four Months

Bandits struck the store of Mrs. Clara Wippel, 71, on Friday, July 2 making their fourth hold-up on the store in four months, the second in 48 hours. The occasion proved to Mrs. Whipple, at least, that as the latest young bandit put it, "These are tough times."

Mrs. Wipple told police that the youngster who took $23 from her grocery at 771 Mohawk-st on July 2, was accompanied by two older men.

Including this latest robbery, $63 has been stolen from the small store in four attempts during the last four months.

FISH LOVER

Linro Durst Earns National Fame As Friend To Finny Ones

South Sider Linro Durst, 3539 Lockbourne-rd, flashed to national fame this week when author James Holt McGavran, another Columbusite, presented him in the July 10 issue of The Saturday Evening Post as "The best friend fish ever had."

Durst, the former owner of a confectionary at Kelton and Livingston-av, became interested in fish as a child. However, unlike most childhood hobbies, his continued his interest after he grew up and married. The hobby, took on such gigantic proportions that his wife finally ruled that their home simply couldn't hold the numerous tanks of fish. Undaunted, Durst transferred the tanks to his confectionary where they attracted a great deal of interest.

Linro Durst

Not long afterwards, the management of the Jai Lai Cafe became interested in having Durst install a row of lighted tanks in their establishment to dispell annoying shadows. They were so pleased with the results that they have since added twin 800-gallon tanks to the original three 100-gallon tanks, now possessing, what Durst believes to be, one of the largest privately-owned aquariums in the country.

Since that first venture of eight years ago, Durst has developed a business with his fish which is netting him an income that runs into five figures.

He is quoted in the interesting Post article as saying, "I'm having fun now. I'm making money, and I'm the happiest guy in the world." All this, because he finds fish "beautiful — intelligent — interesting."

71 Year Old Store Owner Victim Of Third Robbery

Mrs. Clara Wippel, 71-year-old proprietress of a South Side grocery, was the victim of a robbery Wednesday night, June 30, marking the third time in four months that she has been help-up.

Mrs. Whippel was waiting on a "customer" in her store at 771 Mohawk-st, when he drew a pistol and told her to hand over her money. When she said she would call the police, he retorted, "I'll shoot you if you." After reaching over and scooping $25 from the cash register, he bolted from the store.

Two teen-agers had attempted to hold up Mrs. Wippel twice previous to the latest robbery. They obtained $18 from her on Feb. 26 when one of them kept his hand in his pocket as if clothing a gun, and demanded her money. She thwarted a second attempt on Mar. 15.

Widow Of G. Woodward Succumbs Saturday

A member of St. Paul's Evangelical Reformed Church, Mrs. Woodward belonged to Southern Way Chapter No. 467 OES and the Thea Court, Ladies Oriental Shrine.

She is survived by one daughter, Lucille E. Woodward.

Eastern Star members held services Tuesday at 8 p. m. at Woodward Co. Chapel.

Funeral services were held Wednesday at 10 a. m. at the Funeral Home with Rev. Paul Kaefer of St. Paul's Evangelical Reformed Church officiating.

Interment was made at Green Lawn Cemetery.

He is assigned to the quartermaster section's food service division at the headquarters where plans are formulated for UN forces in Korea, Japan and Okinawa.

Grover Clements To Address Marion Township Citizens Association Tonight On Incorporation

Marion-Twp. Sidelights

By Joel Snyder
GA. 6886

In a sincere effort to produce the facts pertinent to incorporation, the Marion Township Citizens Association has invited Grover Clements, director of the regional planning commission, to speak at the association meeting tonight at the Marion-Franklin High School at 8 o'clock.

Various opinions have been tossed to the winds ever since a petition was presented to the township trustees, requesting that a special election be held to determine whether or not the residents wished to incorporate. Clements, a former service director for the city of Columbus, is an authority on many of the problems relevant to the subject in question and is especially well versed on matters such as water and sewage and other services considered at this time vitally important by residents outside the city limits.

To assist Clements in preparing a talk that would very definitely enlighten his listeners, the Citizens Association outlined a few points they wanted discussed, questions that were in the minds of everyone studying the advisability of incorporation at this time.

In a letter, mailed June 30, the associations' board of directors suggested the following items to Clements for discussion:

1. What is the cost (average per year) to the county for supplying county services, J. P. Court, etc.) to Marion Township?

2. As a corporation, where would we get financing and on the basis of our present tax duplicate, how much?

3. What additional sources of revenue would we have as a corporation that we do not have now as a township?

4. Comparative data as to the amount collected per year in Marion Township by the county and the amount spent per year in Marion Township by the county versus the amount (approximate estimate) which could be collected as a corporation and the amount available for spending as a corporation.

5. What other specifics would Marion Township have to gain or lose as a corporation?

The board also suggested that it would welcome any facts, financial or otherwise concerning Whitehall, or any other similar area recently incorporated that would indicate the degree of wisdom involved in their decision.

Once more we'd like to congratulate the Citizens Association for endeavoring to uncover the facts for public absorption. The group has remained remarkably free of bias, and consequently is increasing in value and stature to the residents of Marion Township. For the sake of the township, we hope they get a zillion members during their membership drive.

My faith in human nature gained renewed vigor the other day when I observed holiday traffic halted in both directions on the 3-C highway not far from Columbus. In the middle of the road were a mother hen and three of her baby chicks who had wandered from their abode into the stream of bustling travelers. Noting the faces of those waiting patiently while the troubled mommy excitedly tried to herd her crew out of certain members and their families. Wednesday, at a picnic in her back yard . . . Near disaster reared its ugly head the other day when Kathy Stimpfle of Lockbourne-rd rode her bike in front of a car and was struck, hospitalizing her for two days. Luckily she was not seriously hurt, but a word to the wise is supposed to be sufficient.

The Smith Road Cub Scouts played in a comedy of errors on the baseball field behind the fire house the other day. Defeated 20-3 by the Groveport Hornets, the 8 to 11-year-olds swallowed their pride garnered by an earlier victory over the Groveport blasters. Learning the fundamentals this year, the Smith Road club wants to enter Little League play next season. They're advertising for more practice games, so if you know of a team that would make good hardball competition for these youngsters, call GA. 9707.

Mr. and Mrs. Herman Eichner celebrated their 24th anniversary June 24 . . . Mr. and Mrs. Ralph Donley got by the 27-year-mark June 30 . . . The Lawrence Long family attended the Pestel family reunion held at WRFD Park in Delaware, recently . . . Mr. and Mrs. Charles Rehl and family returned home Saturday after a weeks vacation in N. Y.

Mrs. Kathryn Edwards had a birthday, July 1 . . . Russell Wilson was the guest of honor at a birthday party for the neighborhood kids, July 4 . . . Sandy Lupfer of Lockbourne-rd was eight years old July 3rd and brother Billy was five on the 8th. They had a party on Saturday for 20 guests, and served homemade ice cream.

Incorporation Petition Nixed

A later development not covered by Joe Snyder in his column was the ruling on Tuesday by County Prosecutor Frank H. Kearns that a petition by Marion Twp. residents seeking to incorporate is invalid. He listed as his major reasons the facts that the petition did not state whether the majority of freeholders signed the petition as required by law and that the papers filed did not include a request that an election be held.

He also cited the reason that the map was merely a county engineer's road map, undated, and did not set forth, in his opinion the correct location of the township's boundary lines.

New Faces Appear In Pet Show Held At Glenwood

A number of new faces appeared on the playground last Monday night, June 2. The occasion was the annual pet show at Glenwood Recreation Center, and new faces belonged to a rabbit, kittens, dogs and guppies.

Judges Alice Thrailkill, Judy McAndrews, and Marilyn Gordon awarded ribbons for prettiest pets to a white rabbit entered by Anthony Zanetos, best performer—John Miller's dog for sitting, speaking and standing on her hind legs. Most unusual and also smallest—Jeff Koehler's bowl of guppies; cutest Susan Scholten's puppy; best costumed—a be-ribboned kitten carried by David Koehler; most affectionate, Ronnie Ogden's kitten; best groomed—Jean Westall's dog; largest and most obedient—Nelson Green's collie.

The coveted grand champion ribbon went to Glen Houdashelt's terrier, which was also the liveliest. Anthony Zanetos' rabbit was grand runner-up.

The collie of Nelson Green also won prettiest in the city wide pet show Wednesday, June 23, at Schiller Recreation Center.

TRAINS IN GERMANY

After a 10 day training maneuver near the Czechoslovakian border, Pfc. Low B. Coleman, son of Mrs. Edgie Waldow, 2309 S. Fifth-st, has returned to Munich, Germany, with his unit.

THERE'LL BE SOME CHANGES MADE IN PHONE DIRECTORY

Distribution of 275,000 copies of the 1954 telephone directories this week will mark the end of many old and familiar telephone numbers.

The new books will be distributed throughout Columbus and the county for eight days. Old phone numbers in little black books and elsewhere will be good only until midnight July 10, the Ohio Bell Telephone Co. reported.

Changes in telephone prefixes after July 10 are:

ADams to CApital 4, MAin to Capital 1, Fletcher to CApital 8, FAirfax to Hickory 4, Diomand to Hickory 3, Kingswood to HUdson 8, and LYceum to HUdson 6.

Eight other changes will take on new prefixes in 1955, a company spokesman said.

Your favorite businessmen have listed their new phone numbers in a special ad in today's paper.

RECEIVES 50 PHONE CALLS

When Mrs. Everett Wallace, 491 Hanford-st, placed a short want-ad in this newspaper last week as follows:

METAL STAIRS, 12 STEPS, REASONABLE. GA. 0021, . . . she had no idea that she'd receive more than 50 calls and sell the steps on the very first call!

We're amazed, too, at how many of the 32,000 families are looking for the item you have to sell.

Try the want-ad way and join the growing group of happy, satisfied, successful people who use the classified columns of this paper every week. Simply call GA. 9262 (HI. 4-9262 after Sunday) or RA. 1125. We'll bill you later for the work of these tiny wonder working salesmen.

New Heating Plants Effect Fuel Savings, Research Bureau Finds

Postwar developments in home heating systems should be investigated by every home owner, according to engineers for the Construction Research Bureau of New York, clearing house for building information.

Virtually all the new furnaces, whether they burn oil, coal or gas, have been designed to produce maximum heat with a minimum of fuel. Many home owners discovered last winter that by replacing old burners with modern equipment they effected substantial fuel savings. When accompanied by full-thick insulation of the house, such savings amounted to more than 50 per cent, bureau engineers said.

One of the outstanding postwar developments is radiant heat supplied by hot water pipes embedded in floors or ceilings. This gives a constant uniform heat and is widely used in homes without basements.

Another idea used extensively is to equip warm air furnaces with mechanical blowers to force cool air through the ducts during the summer. In winter, the same blower is used to heat the house with a minimum amount of fuel.

One of the most novel postwar ideas, brought on by recurring fuel shortages, is a furnace that will burn oil or coal interchangeably.

Plastic Towel Holder Is Handy Quick Drier

A plastic three-arm towel holder, attached to the kitchen or bathroom wall near the register or other heat outlet, is handy for quick drying of clothing during winter months when the heating plant is in operation. The holder is easily applied to the wall without nails or screws.

The secret is a patented, adhesive-coated wood insert which is molded into the back of the holder. When the adhesive is moistened, the towel holder may be pressed firmly into position and will hold securely for regular use. The new accessory's 10-½-inch arms can be folded against the wall, out of the way, when not in use.

Eichhorn's Mkt. Boasts Entirely Renovated Interior, New Stocks

Remodelled Store Interior

Herb Eichhorn of Eichhorn's Market, Thurman-av at Jaeger-st, has announced that his remodelling plans are completed for the present and he hopes that everyone will stop in and see the "new look" of his store.

After having been in business for nine years, Eichhorn's Market now has a completely new floor, new lights, many new display cases and quite a few new lines of merchandise.

A new self-service meat department has been added along with ice cream and frozen foods.

The owner, Herb Eichhorn, is married, has two children, and lives on Lilley-av. He is vice president of the Steelton Merchant Association and is very active in many community activities. Herb served in the Army for approximately three years, a part of which was spent overseas. On leaving the Army he joined in partnership with his father and opened up this store.

Currently there are five employees ready to serve the customers at all times. The store stays open from 8 a. m. to 6 p. m. Monday through Thursday and 8 a. m. to 8 p. m. Friday and Saturday.

This next week Eichhorn's are celebrating their remodelling with a dollar-day sale, which is advertised in this issue of the Leader. Many dollar-saving items are listed and Herb has stated, "I hope that every one can find it possible to stop in and save a few dollars and see just what we have tried to do to facilitate the shopping for our customers."

Your shopping problems are lessened when you shop at Eichhorn's because everything is prominently displayed and priced to fit any wallet.

Herb, who is a very active man, used to have a hobby. He liked to go fishing but with trying to think up ways to help the everyday shopper he has been just a tie too busy to take time for any bobbies.

Extend Run-Outs For Heating Added Rooms

When remodeling plans for older homes call for the addition of a room or two, efficient heating of the new areas can be provided at a minimum of expense if the house has a hot water system.

All that is required is to extend run-outs off the mains to convector heating units installed in the new rooms.

In such projects it is wisest to modernize the heat distribution system throughout the entire house, however. Old cast iron radiators can be replaced with convectors by changing only the run-outs to the mains and adding a pump to provide forced circulation of hot water.

Windows, Doors Are Important Features

Windows and doors are important features of a home esthetically as well as functionally. They should be simple in shape and of generous proportions, and a correct relationship between window and wall should exist. Well-designed bay windows add useful space within and attractive form without, but one dominating the main portion of the house is likely to be awkward.

Match Colors

Hang unpainted bookcases on a free wall in your kitchen. Paint them to match the color scheme to provide an ideal spot for cookbooks, plants and extra dishes that are continually in use.

COMB THE PAINT BRUSH

A little metal comb is a handy thing to have around when cleaning a paint brush. A good combing will remove the paint that collects at the base of the bristles.

Step Saver

Cut apart the sections of an ordinary shoebag and thumbtack each strip to the side of your bed, and you will have made yourself ideal bedside pockets for slippers, tissues, eyeglasses, and the like. They won't show when the bed is made, because the bedspread will drop over them, yet they will be convenient in the evening. For children, such shoebag compartments hold many small toys.

BOON TO HOUSEWIVES

Housewives' demands for kitchen work surfaces that can't be marred by acids or extreme heat have resulted in widespread use of clay tile surfacings for kitchen drainboards, counter tops and back splashes.

STALE COFFEE JOKE

Next thing we know they'll be advertising slightly used coffee grounds for sale. — The Chicago Daily Tribune.

ABC Bait Store Has Answers To All Your Fishing Problems

For the last 18 years the ABC bait store has been in operation in the same location doing business the year around. According to the owners, it is one of the largest bait stores in Columbus.

Located at 188 E. Livingston-av and specializing in congenial service and courtesy, with trip packing and meal worms a big feature, the ABC bait store is equipped to answer all of the bait problems that might come up.

In addition to a complete assortment of fishing and hunting needs ABC also issues fishing licenses.

S. G. Colvin, C. E. Spencer and E. A. Colvin are the owners. S. G. Colvin is married, has two children and lives at 193 Stauring-st. Mrs. E. A. Colvin is the mother of S.G. and lives at 186 Donaldson-st. Spencer is married, has six children, and lives at 93 Woodrow-av.

All three owners have expressed some of their wares. To catch fish a desire to have people stop in and look around and maybe sample you must have bait. And when it comes to bait, the ABC bait store can furnish you with whatever you ask for. Dealing both in retail and wholesale sales, ABC has had to answer quite a few fish problems in its time.

PLAYGROUNDS

KARNS PARK

During the week of June 28 to July 3 Karns Park was the scene of three softball games, a few skits in the drama festival, and four Little League ball games plus much activity on the basketball court, strenuous lifting of the weights, and a great deal of running and jumping by the Junior Olympic aspirants. Horseshoes and volleyball are two other popular activities carried on daily.

The drama group, under the direction of Ann Ries, put on several skits depicting various singing commercials seen on TV.

The Little League group, composed of four teams—Tigers, Lions, Wildcats, and Polar bears — have been playing practice games for two weeks in preparation for the official opening game on Tuesday, July 6 when the Tigers and Lions played each other. Games will be played every Monday, Tuesday, and Wednesday at 1 p. m.

Thursday at 1:30 the Karns Junior Olympic team will visit Schiller for another dual meet. Karns won the first meet, however, Schiller is expected to fight back strongly and take the second meet.

The intermediate softball team won its first practice game with Lincoln Park by 13-10. The senior team played two games with Sullivant Gardens, tying both of them. The first score was 7-7, the second was 9-9. Both games were called on account of darkness.

Both the senior and intermediate softball leagues of the recreation department will begin official games the week of July 5 to 9. They will proceed thereon with two games a week.

Planter

Here's an idea for the homemaker with a "green thumb." Tack a lattice work screen on the wall of the entrance hall. Wire small decorative bowls with clay pots inside to the cross-bars. Plant them with ivy, fern or flowers. Red geraniums in brass bowls against a white lattice work is a striking combination.

The 'No Swimming' Signs Are There To Protect Health

What a disappointment it is to arrive at a favorite bathing spot, only to find a sign that says "No Swimming!" On a hot day, that makes us cross, and our irritation is likely to be directed at the sign rather than at the condition that makes it necessary.

All too often, according to the Tuberculosis Society of Columbus and Franklin County, swimming is unsafe simply because the water is not clean.

Water cleans itself, up to a certain point. But today as our cities and towns and industries grow, vast amounts of waste are poured into rivers and lakes.

The Tuberculosis Society points out that if more waste is being dumped than the water can purify by natural processes, it becomes polluted and unsafe. In that case, the waste must be purified before it is drained into the water.

Otherwise, water, which we must have for life itself, becomes a danger to us. It becomes a disease carrier. And the "No Swimming" sign that goes up may be the least of our problems. It may be a lifesaver.
